

Inclement Weather Remote Learning Days

If Beecher Elementary School has a remote learning day, look for communication from your child's teacher the night before or that morning. The teacher will share the schedule for the day and other expectations the same way class-wide communication is currently sent to parents. This could be via Class Dojo, Remind, or Google Classroom.

If you are having difficulties, you can always email the teacher directly. firstname.lastname@beecher200u.org
