

## **2025-2026 4th Math Curriculum Map**

**What do our students need to know? (Objective/Standard) Use IFD to be sure we are teaching to the depth of standard.**

**How are we going to teach it? (What lessons in the curriculum support that?)**

**How do we know if they learned it? (Which assessment/student work analysis)**

**What can we do if they don't get it? (Intervention)**

**What do we do when they do get it? (Move on, accelerate)**

### **Overview of Course of Study**

Please provide the units covered in each quarter. When planning, consider the recommended pacing for the units, as well as the placement of critical units and standards preceding TCAP testing.
