VALUE STATEMENTS:

- **Leadership** - North Panola School District believes strong leadership yields great success. Leadership is Extending from the district to the classroom. We believe in empowering leaders, teachers, and Students. With effective leadership, our district performance will entrance and so thrive as Institution of learning.
- **Collaboration** - North Panola School District believes through collaboration we multiply our contribution. Together, schools, parents and community members are stronger and can contribute more to the task of educating all students. Shared goals and mutual support lead to greater success than Isolated work and individual focus.
- **Innovation** – North Panola School District believes in order to compete with a global society; we must find new ways to educate our children by adapting to the changes of our global community. It is our desire to consistently find new ways to apply enhanced solutions that meet new requirements, unarticulated needs, or existing educational needs accomplished through unique processes, services, and technology.
