## Webster County School District 2020-2021 Mastery of Content Learning Plan

WEBSTER COUNTY  
BOARD OF EDUCATION

Students who are part of the *Traditional Model* will abide by operating procedures and preventative measures outlined in the Webster County School District's Return-To-School Plan.

Students who are part of the *At Home Learning Model* will abide by descriptions, expectations, and considerations outlined in the Webster County School District's At Home Instructional Program.

Students who are part of a *Hybrid or Short-Term Closure Model* will abide by the following protocol.

### Hybrid Instructional Model Protocol:

The hybrid instructional model will be utilized if a student or groups of students in a traditional classroom setting are quarantined due to COVID-19. In such cases, students will be able to return to the traditional classroom setting once the allotted quarantine time expires.

The hybrid instructional model is a combination of distance learning and face-to-face instruction. Students will follow the same guidelines and protocol set within a traditional school setting.

Rigor, pace, and assessments will continue through the Webster County School District's Learning Management System (Google Classroom).

### Additionally, the following apply to *all students* enrolled in Webster County School District:

- The WCSD Board approved school calendar will be followed.
- An academic baseline will be determined:
  - ELS Diagnostic assessments will be administered at the start of the school year
  - School teams will identify students' academic progress and revise existing plans as needed (includes IEP, 504, MTSS, etc.)
- Additional instructional supports will be provided for:
  - Students identified by state and school assessments, screeners, and formative assessments as at-risk academically
  - Students who teachers determine based on student work and observation are in need
  - Students who are two or more years behind
  - Students at risk of not graduating
- Any learning lost during the spring semester will be addressed through a variety of methods including, but not limited to, front loading of prior year skills, incorporation of related pre-requisite standards with grade level standards, and/or individualized learning paths to assist small groups and individuals in standards/skill mastery.
- All meetings (parent-teacher conferences, special education, etc.) will be held remotely when possible.

## **Elementary Plan**

### **Traditional Model Kindergarten:**

- Kindergarten Readiness Assessments and required screeners will be administered in accordance with MDE guidelines.

**Process Standard 13.2**  
**(Rule)**

Districts must ensure that during the academic school year a minimum of 140 hours of instruction is provided for each Carnegie unit of credit offered and 70 hours for each one-half (1/2) unit offered.

**(Proposed Suspension and/or Revision of Rules)**

The MDE approved an additional one-year suspension of the minimum of 140 hours of instruction required for each Carnegie unit of credit and 70 hours for each (1/2) unit offered for the 2020-2021 school year. The suspension will allow districts flexibility within their reentry plans/scheduling options in an effort to comply with MSDH and CDC guidelines as a result of COVID-19 during the 2020-2021 school year.

**(Proposed One-year Suspension and/or Revision)**

WCSD Schools will ensure that during the academic year a minimum of 90 hours of instruction is provided for each Carnegie unit of credit offered and 45 hours for each one-half (1/2) unit offered. Grading for students in the traditional classroom setting and/or online environment will follow the same WCSD Schools grading policies. WCSD has prioritized content standards for all state tested courses. By prioritizing standards teachers will have more time to teach the most important standards to depth. Remediation of standards not mastered by students during the 2019-2020 school year, will be retaught in classroom instruction as well as supported through the Multi-Tier System of Supports (MTSS) process.

Assessments play an important role for all students of WCSD Schools. Whether learning online or in a traditional classroom setting students will be assessed through observation, academic tasks, and assessments. Students will be assessed both in formative and summative fashion. Formative assessment practices will drive the adaptation of instruction based on student academic needs.
