Dear Families,

The 2024-2025 school year is moving right along as our first quarter is almost complete and parent/teacher conferences will be held soon. As November is knocking on our door, PLEASE ensure that your child/children dress appropriately for the weather. Hats/gloves/mittens will be needed as the temperatures are getting colder. Please contact Dawn at the school office if you need any winter weather attire. Once we have snow on the ground snow boots, and snow pants will be needed as well. Our student athletes have competed in the different fall events. The CWL football team had a good season and is preparing for the second round of playoffs. Our cross-country team performed well at the state meet with the girl's placing 5th and Kamryn Nesheim placing 22nd. The volleyball team will be competing in its post-season soon. The Willow Lake FFA will once again compete at the national competition in Oklahoma this spring, congratulations!!

Our school district's enrollment continues to grow. We currently have 329 students in grades K-12 and 345 students in grades PK-12. The remodeling portion of the building project continues and are planning for substantial completion by August 2025.

Thank you for your support of the Willow Lake School District!!

Respectfully,
Chris Lee
