

As part of our school's Device-Free Policy, we are committed to creating an environment that supports learning, focus, and positive relationships.

Students are expected to turn in their cell phones to their designated lockbox location at the beginning of the school day and pick them up at the end of the day. To further support this policy, families may also choose to have students leave their cell phones at home. At this time, your child has not turned in a phone into their assigned lockbox and has indicated that their cell phone is at home during the school day.

This form serves as a parent/guardian acknowledgement and verification to the school that the student listed below will not be bringing a cell phone to school and that their phone will remain at home. As a school we want to create the best possible learning environment for all students. Your support with this policy is appreciated.

Parent & Student Agreement

By signing this form, I verify and acknowledge that my child's cell phone is at home during the school day and will not be placed in their assigned lock box during the school day.

Student Name: _____ Grade: _____

Student Signature: _____ Date: _____

Parent/Guardian Name: _____

Parent/Guardian Signature: _____ Date: _____

Please return this form to Mrs. Weber in the main office.
