

City Level Public Health Data for Schools

Mohave County Department of Public Health

September 11th, 2021

NOTE: Data shown in this report have been updated to reflect criteria used by the Arizona Department of Health Services to produce state and county school benchmark data. For this Mohave County Department of Public Health report, positive tests now include only RT-PCR, with terminology updated to NAAT (nucleic acid amplification test). Cases include confirmed only. Criteria were applied retroactively so all weeks shown in the charts are comparable. Please note that these figures may not match figures from other sources as different criteria may have been used (e.g., the Mohave County COVID-19 Response Hub shows confirmed cases only.)

Arizona Department of Health Services (ADHS) provided NEW guidelines to assist in decision making for schools. Mohave County Public Health Services did an analysis by city. Cities not shown did not have enough data to make reliable conclusions and to protect confidentiality.

New Indicators and Thresholds for Community Transmission of COVID-19* (reported over 7 days) (from CDC's New Operational Strategy for K-12 Schools through Phased Mitigation)

Indicator	Lowest Transmission	Low Transmission Blue	Moderate Transmission Yellow	Substantial Transmission Orange	High Transmission Red
Total new cases per 100,000 persons in the past 7 days**	Category no longer exists. It has been merged into one low transmission (blue) category.	0-9	10-49	50-99	≥100
Percentage of NAATs that are positive during the past 7 days***		<5.0%	5.0%-7.9%	8.0%-9.9%	≥10.0%

**If the two indicators suggest different levels, the actions corresponding to the higher threshold should be chosen. County-level data on total new cases in the past 7 days and test percent positivity are available on the County View tab in [CDC's COVID Data Tracker](#).*

***Total number of new cases per 100,000 persons within the last 7 days is calculated by adding the number of new cases in the county (or other community type) in the last 7 days divided by the population in the county (or other community type) and multiplying by 100,000.*

The Arizona Department of Health Services (ADHS) dashboard will be updated each Thursday with data from most recent complete calendar week.

<i>Dates Reviewed:</i>		
Report Date	ADHS Update	Dates Considered
August 2, 2021	July 29, 2021	7/18-7/24
August 9, 2021	August 5, 2021	7/25-7/31
August 16, 2021	August 12, 2021	8/1-8/7
August 23, 2021	August 19, 2021	8/8-8/14
August 30, 2021	August 26, 2021	8/15-8/21
September 6, 2021	September 2, 2021	8/22-8/28
September 13, 2021	September 9, 2021	8/29-9/4

Primary Indicator 1: Total New Cases per 100K Persons in Past 7 Days

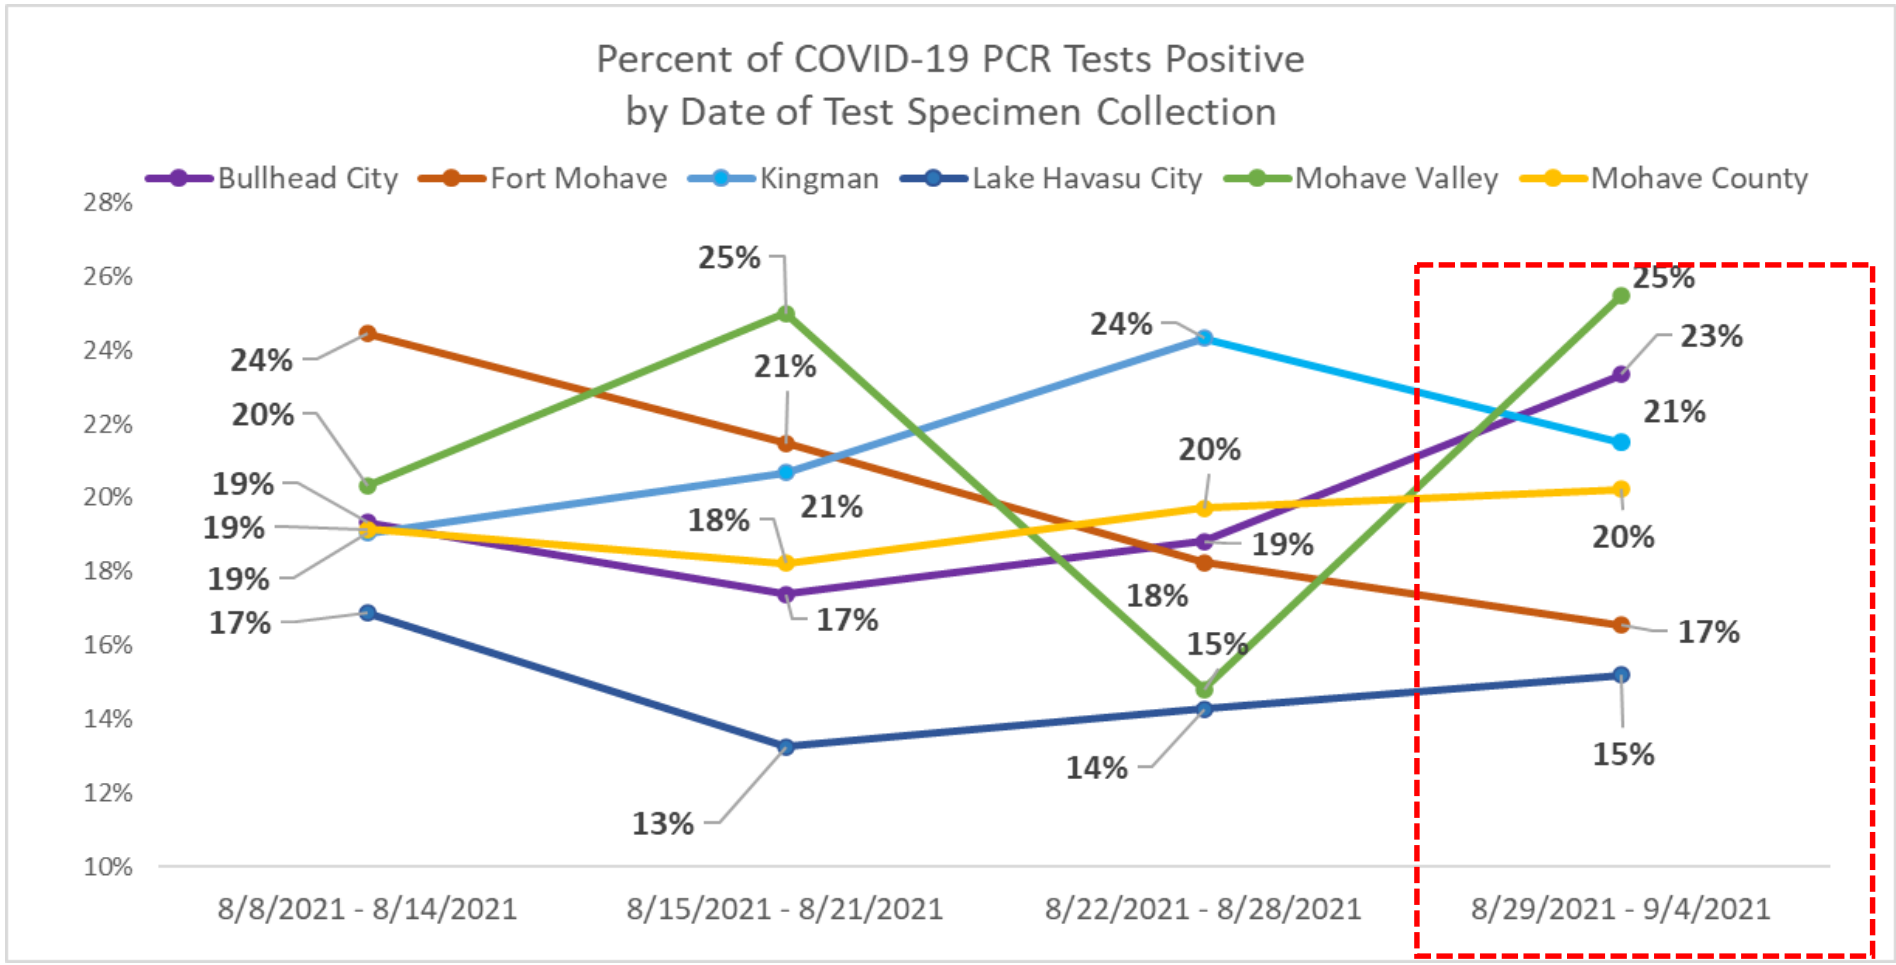

Confirmed COVID-19 Cases per 100K Persons by Week of Diagnosis

■ Bullhead City
 ■ Fort Mohave
 ■ Kingman
 ■ Lake Havasu City
 ■ Mohave Valley
 ■ Mohave County

Indicator	Cases/100K
Low	0-9
Moderate	10-49
Substantial	50-99
High	≥ 100

Primary Indicator 2: Percent Positivity of all NAAT (RT-PCR) Tests in Past 7 Days

Indicator	Percent Positive
Low	< 5.0%
Moderate	5.0-7.9%
Substantial	8.0-9.9%
High	≥ 10.0%

Bullhead City	360
Fort Mohave	139
Kingman	670
Lake Havasu City	342
Mohave Valley	51
Total, Mohave County	1562

Number of total tests done in the most recent 1-week period are shown to the right. Fewer tests make the results less statistically reliable. Use with caution and use in conjunction with overall Mohave County rates (shown on ADHS School Benchmarks Dashboard).

City	Primary Indicator 1: Total New Cases per 100K Persons in Past 7 Days	Primary Indicator 2: Percent Positivity of all NAAT (RT-PCR) Tests in Past 7 Days	Overall Transmission Risk
Bullhead City	200	23%	High
Fort Mohave	366	17%	High
Kingman	829	21%	High
Lake Havasu City	215	15%	High
Mohave Valley	860	25%	High
Total, Mohave Cty	275	20%	High

If the two indicators suggest different levels, **the actions corresponding to the higher threshold should be chosen. County-level data on total new cases in the past 7 days and test percent positivity are available on the County View tab in [CDC's COVID Data Tracker](#).*
