

Schools empower parents and other stakeholders by providing them ways to actively participate, promoting them as important voices in the school/district, and removing barriers to engagement. The Randolph County School District affirms and assures the rights of parents and all stakeholders to participate in the development of schools' goals and objectives. We encourage involvement in all areas of students' educational experiences.

To honor our commitment of encouraging engagement, we invite you to work with us on our improvement efforts. We welcome you to review and give us your input regarding the Randolph County School's current Consolidated LEA Improvement Plan (CLIP) at any time. You are welcome to view all parts of the CLIP, but if you are interested in the goals the district has set, please access ***the District Improvement Plan***.

Interested persons should contact Dr. Donna Drakeford, Federal Programs Director at 229-732-3610 or email donna.drakeford@sowegak12.org for additional information.

You are also welcome to mail any feedback, comments or concerns to:
