

PBIS School-Wide Celebrations

For the 23-24 school year, BES will have quarterly school-wide celebrations. We believe that all students show positive behavior throughout the quarter, so regardless of referrals and classroom consequences all students will always be able to attend some portion of the celebration.

How do students lose time at these celebrations?

- Classroom behavior tracking- breakdowns can be found on the following page
- Office Referrals- Parents will be required to sign these as an acknowledgment of the situation and an understanding that this will result in the student missing quarterly celebration time.

Quarter 1

- 1st office referral will not result in moving up a level
- Any additional office referrals will result in a student being moved up a level

Quarters 2- 4

- Any office referral will result in a student being moved up a level

Why are the celebration criteria different from quarter to quarter?

- At the beginning of the year, the celebration criteria are lower to allow students extra chances as they are becoming familiar (or refamiliarizing themselves) with acceptable school behavior.
- The number of school days in the quarter- fewer days mean fewer days to earn celebration time
- As students grow, mature, and more clearly understand behavior expectations, the criteria for celebrations become higher

Tell me more about the classroom behavior systems.

- They may differ slightly by grade level, but there are some uniformities among all the grade levels.
- Clipboards follow students around to all places during the school day (lunchroom, PE, music, recess, etc.) This allows for homeroom teachers to easily keep track of any behavior issues throughout the building.
- When a student's behavior reaches an unacceptable threshold for a day, parents will be made aware of it (K & 1 through behavior folders and 2-5 via strike sheets)
- Teachers will make parents aware when their child has reached a level that will result in the student missing time from the celebration.

Here is what we have planned so far for school-wide celebrations:

- Quarter 1- October~ Bounce Houses (about 45 minutes)
- Quarter 2- December 21st- Wheel of Wisdom- 1 show (approx. 1 hour)
- Quarter 3- March 17th- unknown- Student Council will help decide
- Quarter 4- Last day of school- unknown- Student Council will help decide
