January 21, 2025

Dear Family,

We are writing to make you aware of a recent cybersecurity incident involving PowerSchool, a software vendor that provides our Student Information System (SIS).

On Tuesday, January 7, 2025, PowerSchool informed our leadership team that they experienced a cybersecurity incident involving unauthorized access to certain PowerSchool SIS customer data. Unfortunately, they have confirmed that the information belongs to some of the Wendell School District families and educators. It's important to note that this event has impacted all districts that use PowerSchool across the country, and many families in Idaho are receiving a similar message.

PowerSchool informed us that the taken data primarily includes parent and student contact information with data elements such as name and address information. Across their customer base, they have determined that for a portion of individuals, some personally identifiable information (PII), such as social security numbers (SSN) and medical information, was impacted. They are working with urgency to complete their investigation and determine whether PII belonging to our students was included.

Protecting our students is something we take seriously. With PowerSchool's help, more information and resources (including credit monitoring or identity protection services if applicable) will be provided to you as it becomes available.

Thank you for your patience and understanding.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tim Perrigot'.

Tim Perrigot, Ed.D
Superintendent of Wendell Schools
