

Verndale Elementary School

2022-2023

Teacher Request Form

Meeting the educational and developmental needs of all students is our first priority at Verndale Elementary School. Students are assigned to next year's classroom by their current homeroom teacher after careful consideration of many factors including the academic and social needs of each student. The teachers are the experts on how the students interact in their classrooms and how to assign the students for next year to create an optimal learning environment for every student. If you feel it is necessary to request a specific teacher for your child for next year, please indicate your preference, child's academic abilities, and the reason for the request. We will honor requests if possible.

Verndale Elementary School priorities when placing a student in a classroom:

1. Academic abilities of the individual students
2. Student personalities
3. Male/female ratios
