

Carroll County Schools
Photograph and Video Use Refusal Form

Throughout the school year there are numerous activities that provide opportunities for students to be photographed and/or videotaped. Student publications, school websites, school Facebook pages, Instagram and ***school yearbooks*** use photographs to document student life and various events. These events include, but are not limited to band performances, drama performances, extracurricular and athletic activities, class presentations, competitions, and club sponsored projects.

As the parent or guardian, I **deny** permission for Carroll County Schools and/or my child's specific school to use my child's photograph or video for any purpose including honors and awards during the school year.
