

2023-2025 ACIP Plan

Aliceville High School

Vision

To provide a positive, safe environment that produces respectful, resourceful, responsible, leaders with strong moral values.

Mission

Inspiring Ethical Leaders...One Child at a Time

Beliefs

- ❑ We believe all children are equally important.
- ❑ We believe the family is the child's first and most influential teacher.
- ❑ We believe effective, motivated, and professional teachers are the key to student success.
- ❑ We believe the quality of the school environment is critical.

Health and Safety	ELA Proficiency	Math Proficiency	Science Proficiency	Technology
Objectives <ul style="list-style-type: none">During the 2023-2025 school years, Aliceville High School will create strategies for addressing health and safety concerns.	Objectives <ul style="list-style-type: none">The 2023-2025 ELA proficiency rate will increase by 2% each year based on the previous school year's ACAP Summative Assessment results.	Objectives <ul style="list-style-type: none">The 2023-2025 Math proficiency rate will increase by 2% each year based on the previous school year's ACAP Summative Assessment results.	Objectives <ul style="list-style-type: none">The 2023-2025 Science proficiency rate will increase by 2% each year based on the previous school year's ACAP Summative Assessment results.	Objectives <ul style="list-style-type: none">All teachers and students will utilize digital tools/technology to increase student engagement and enhance learning during the 2023-2025 school years.
Critical Initiatives <ul style="list-style-type: none">Develop a strategies to prevent and respond to the challenges presented by COVID-19 and other illnesses.Employ School Resource Officer to address security & safety issues that may arise on campus. SRO will also act as a community relations liaison	Critical Initiatives <ul style="list-style-type: none">Students will utilize instructional software (STAR Reading) in an effort to increase proficiency. Additionally, teachers will use data gathered in these assessments to inform instruction.All employees will participate in ongoing evidence-based professional	Critical Initiatives <ul style="list-style-type: none">Students will utilize instructional software in an effort to increase proficiency. Additionally, teachers will use data gathered in these assessments to inform instruction.Science, Technology, Engineering, and Math instruction will be provided at the school and Career	Critical Initiatives <ul style="list-style-type: none">Science, Technology, Engineering, and Math instruction will be provided at the school and Career Center.All employees will participate in ongoing evidence-based professional development.	Critical Initiatives <ul style="list-style-type: none">Teachers will develop lesson plans that include the strategic implementation of various digital tools/resources by both teacher and students.Students will complete assignments/projects utilizing
