Report of Principal:

- MAP data- very pleased with scores. All our grade levels had 99% growth for reading and math. The only area that did not was first grade reading with 85% growth. This is tremendous growth and truly something to celebrate.
- GMAS scores – our students did exceptionally well on this assessment as well.
- We had a very successful field day. It was nice to have parents back on campus for his special event.
- We are looking forward our Pre-K, Kindergarten and Fifth grade Celebrations.
- We have three members of School Council with expiring terms: Lunceford, Dukes and Miliner. Our elections will be Thursday and Friday this week to replace these members. Dr. Harrell thanked them for working with us during their terms.

Additional comments/concerns

- No one had questions or concerns
- Adjournment Motioned- Dr. Harrell and Dr. Miliner second
