

Policy

SCHOOL MEAL PROGRAM ARREARS

The school meal program shall make a nutritionally adequate meal (breakfast and/or lunch) available to every student and shall operate on the most economically feasible basis. It shall be operated in strict compliance with all laws and regulations pertaining to health; sanitation and safety; internal accounting; employment practices; nutritional standards; costs of meals; and periodic reporting required by New Jersey law.

The board of education believes that regularly consumed nutrition helps maintain the students' energy and facilitates concentration, supporting student achievement (see board policy 3542.1 Wellness and Nutrition). Therefore, it is the expectation of the board that students with the assistance of their parents/guardians come prepared for school each day with lunch/breakfast or meal money. Administration will follow up with parents/guardians of students repeatedly forgetting their breakfast or lunch meal or their meal money.

Qualified students whose families have a financial hardship may apply for assistance according to policy 3542.31 Free or Reduced Price Lunches, Milk. The procedures for the administration of the free and reduced price meal program of this school district will be the same as those prescribed in current state and federal laws and regulations.

The board shall strive to make affordable meals available to all students. Students who do not qualify for free or reduced price meals or milk may receive school lunch through the school meal program for a fee that is approved by the board. Any student who has a hardship but does not qualify for free and reduced price lunches or milk, may be considered for other assistance on a case by case basis.

The purchase of meals through the school program shall be optional and shall not prevent any student from bringing their own lunch or breakfast to school.

The school business administrator shall be responsible for the accounting and tracking of revenues and expenses generated by the school meal program. The principal or his or her designee shall oversee the notification of parents/guardians for the payment of charges and arrears associated with the school meal program. Being in arrears shall be defined as being behind in meal payments due, resulting in debt or liability to the district.

Procedures for Charging Lunch

In the event a student's school lunch or breakfast bill is in arrears, the principal or his or her designee shall contact the student's parent/guardian to provide notice of the amount in arrears and shall provide the parent/guardian a period of ten school days to pay the full amount due. If the student's parent/guardian does not make full payment to the school by the end of the ten school days, the principal or his or her designee shall again contact the student's parent/guardian to provide a second notice that their child's lunch or breakfast bill is in arrears and to provide notice of any action to be taken by the school district in response to a student's school breakfast or school lunch bill being in arrears (N.J.S.A. 18A:33-21).

The building principal or his or her designee shall implement appropriate measures that ensure that students who cannot pay for a school breakfast or a school lunch or whose school breakfast or school lunch bill is in arrears shall not be publicly identified or stigmatized.

The district shall report at least biannually to the Department of Agriculture the number of students who are denied school breakfast or school lunch.

No district staff member shall:

SCHOOL MEAL PROGRAM ARREARS (continued)

- A. Publicly identify or stigmatize a student who cannot pay for a school breakfast or a school lunch or whose school breakfast or school lunch bill that is in arrears, for example, by requiring that the student sit at a separate table or wear a wristband, hand stamp, or identifying mark or by serving the student an alternative meal;
- B. Require a student who cannot pay for a school breakfast or a school lunch or whose school breakfast or school lunch bill that is in arrears to do chores or other work to pay for the school breakfast or school lunch; or
- C. Require a student to discard a school breakfast or school lunch after it has been served because of the student's inability to pay for a school breakfast or a school lunch or because money is owed for previously provided meals.
- D. Prohibit an unsubsidized student, or a sibling of such a student, from attending or participating in non-fee-based extracurricular activities, field trips, or school events, from receiving grades, official transcripts, or report cards, or from graduating or attending graduation events, solely because of the student's unresolved meal debt; or
- E. Require the parent or guardian of an unsubsidized student to pay fees or costs in excess of the actual amounts owed for meals previously served to the student.

If a student owes money for the equivalent of five or more school meals, the district shall:

- A. Determine whether the student is categorically eligible or income-eligible for free or reduced price meals, by conducting a review of all available records related to the student, and by making at least two attempts, not including the initial attempt at the beginning of the school year, to contact the student's parent or guardian and have the parent or guardian fill out a school meals application; and
- B. The principal, or a person designated by the principal shall contact the parent or guardian of the unsubsidized student to offer assistance with respect to the completion of the school meals application, to determine if there are other issues in the household that have caused the child to have insufficient funds to purchase a school breakfast or school lunch, and to offer any other appropriate assistance.

The district shall direct communications about a student's school breakfast or school lunch bill being in arrears to the parent or guardian and not the student. The district may send a student home with a letter addressed to a parent or guardian;

An unsubsidized student shall not be denied access to a school meal, regardless of the student's ability to pay or the status of the student's meal arrearages, during any period of time in which the school is making a determination as to whether the student is eligible for and can be certified to receive, free or reduced price meals.

Payment of Charges

The school business administrator shall be responsible for tracking and billing all lunch accounts in arrears. The following guidelines shall apply:

- A. Charges will show a negative account balance on the student's school meal program account, and billed, at a minimum, quarterly to the parent/guardian;
- B. Payments on charges shall be brought directly to the main office or mailed to the main office;
- C. The payment shall be recorded and a receipt generated and given or mailed in acknowledgement of payment received according to the established district business procedures.

SCHOOL MEAL PROGRAM ARREARS (continued)Implementation

At the beginning of the school year, and upon initial enrollment in the case of a student enrolling during the school year, the district shall provide to the parent or guardian of each student:

- A. Information on the National School Lunch Program and the federal School Breakfast Program including, but not limited to, information on the availability of free or reduced price meals for eligible students, information on the application and determination processes that are used to certify eligible students for subsidized school meals, and information on the rights that are available to students and their families ;
- B. An application to apply for the school lunch and school breakfast programs and instructions for completing the application;

The school meals information and application provided to parents and guardians shall:

- A. Be communicated in a language that the parent or guardian understands;
- B. Specify the limited purposes for which collected personal data may be used, as provided by subsection c. of this section; and
- C. Are submitted to the parent or guardian either in writing or electronically. In the latter case, the school district shall use the usual means by which it communicates with parents and guardians electronically.

A school meals application that is completed by a parent or guardian shall be confidential, and shall not be used or shared by the student's school or school district, except as may be necessary to:

- A. Determine whether a student identified in the application is eligible for free or reduced price school meals;
- B. Determine whether the school or school district is required to establish a breakfast after the bell program, or to participate as a sponsor or site in the federal Summer Meals Service Program;
- C. Ensure that the school receives appropriate reimbursement, from the state and federal governments, for meals provided to eligible students, free of charge, through a school lunch program, a school breakfast program, a breakfast after the bell program, a summer meals program, or an emergency meals distribution program; and
- D. Facilitate school aid determinations under the "School Funding Reform Act of 2008,"

The district liaison for the education of homeless children shall coordinate with school personnel to ensure that a homeless student receives free school meals and is monitored according to the board policies.

Nothing in this policy shall be construed to require a school district to deny or restrict the ability of an unsubsidized student to access school breakfast or school lunch when the student's school breakfast or school lunch bill is in arrears.

The policy shall be reviewed regularly and updated as necessary.
