Together

YOU

Work, laugh, and love,
Forming the families of L.W.H.S.
You are a whole country,
A world, a universe.
Great things are in you,
Much yet unexplored.

1. Karla Colson gives the car keys to her mom, Mrs. Kathelia Colson.

2. The Geils family and L.W.H.S. have a special family member — a visitor from Finland, Harriet Friman; Paul, Martha and Henry Geils.

3. The Burch family is deeply involved in school activities. Lindsley, Mrs. Burch, Kathy, and Chris Burch.

4. Miss Ann Wilford, English teacher, has her own version of family, a pet rock, Anthony.

5. The Bryans: that daddy loves his daughters. Michelle, Mr. Bryan, and Suzanne.

6. Mr. Bridges' family grew this year: a new baby joined the cute baby shown here. Mr. Bridges and Brandy pose in front of one of the signs they are making.

7. Families abound in our school family: Aunt Faye Anderson, niece Sherri Harriman, Uncle Tom Freeman; Mr. Brubaker and daughter Michal; Coach Bondurant and bride Diane; son Pat Borders, Mr. Borders, and daughter Jennifer; Coach Gary Goss and wife, Patsy, (baby Matthew couldn't make it for the picture); our school Dad, Mr. Mercer; Michelle, Mr. Bryan, and Suzanne.

In pride, in skill,
in humor, and sometimes in joy

YOU

excelled.

Your face is grim in
concentration.

You smile at your mistakes.

You are dedicated to your
friends

And to a goal.

To your friends, you are a

comic.

Towards your goal you are

striving.

1. Jeff Howell shows the concentration
involved in being a winning Highlander.

2. Nancy Bannum addresses an immense
bubble.

3. Donny Nelson, head dancer and major
star, symbolizes the drive for superior
quality in band.

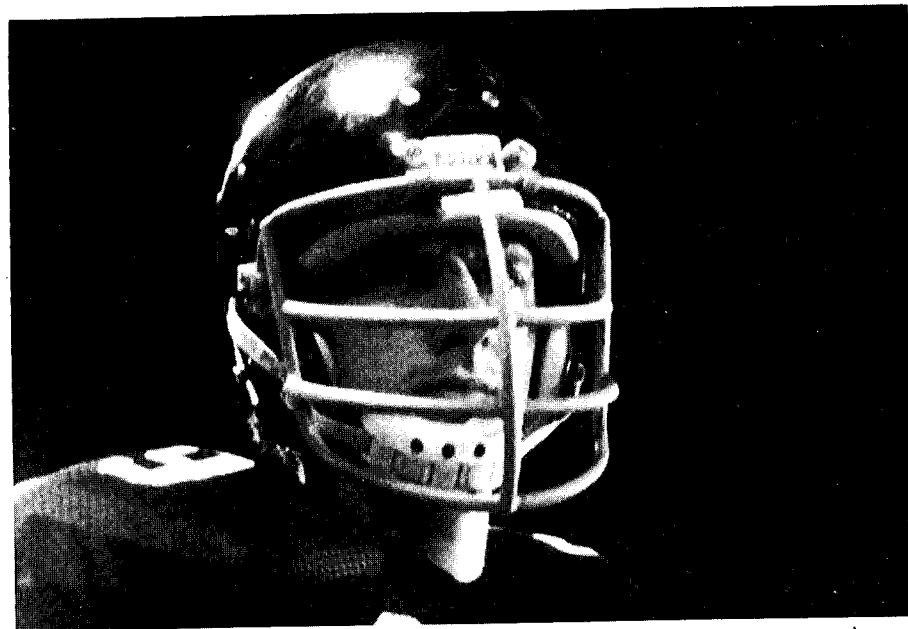

4. Donny Thiel performs with poise and
endurance during a half-time show.

5. Cindy Williams, an expert drill cap-
tain, enjoys a moment of relaxation after
the homecoming parade.

6. Heidi Campbell, factor for the Multi-
gal award, enchants the audience with
magic, humor, and music. What a show!

7. Billy Beach stuffs his face with his
birthday cake prepared for him by his
friends.

8. Head piper Ruth Blue shows the inten-
sity involved in preparing for a perform-
ance.

Flexible and young, that's

YOU

You can't accept the judgement
Of others without questioning.
You search, sometimes not
Knowing where to start,
Or which way to go.
You take pleasure in life.
Your spirit shines like
The sunshine in your smile.
Your talent glows,
And the world around you
Is richer because of you.

What you really are
 Only you know.
 You like being genuine and
 sure
 But often you are false and
 unsure.
 After your years here,
 In a great mood, or in
 despair,
 Feeling down in defeat,
 Or up in victory,
 You must face the world,
 Face a new decade alone,
 By yourself, the real you.
 You know that your
 future's door
 Is straight ahead.
 You've got a golden key
 Or an axe
 The way to open it is up to

YOU

Administrators Serve Students

As administrators you are in charge of discipline, curriculum, activities, and maintenance of the school. You are decision makers who decide what disciplinary measures to take when a student does something wrong. You have to listen to all the stories that are told to you by students who want to check out, who didn't come to school and who are disrupting class and try to determine which ones are telling the truth. Although many students see the administrators as "the enemy" you are in actuality very caring people who are responsible for the education of over one thousand students and the managing of almost one hundred staff members. Without the cooperation and aid of students and staff, you are unable to accomplish the goal of quality education for the students.

Secretaries Run an Efficient Office

As secretaries for the school your job is an important one. You have the sometimes trying task of keeping up with the evergrowing activities, keeping the numerous club balances in order, typing and announcing the bulletin, enrolling students, filling out work permits, answering the phone and checking students out of school. These are only a few of your many tasks. Many more go unnoticed. We thank you for each and every one.

Guidance Shows Students Doorway to Future

The guidance department of the school plays an important part in the future of the students. You help students decide what classes to take, help them with financial aid forms, college applications and college test forms. The counselors help students decide what college is best for them and try to help with any personal problems they might have. You answer questions and give objective views on what we as students often find very tough situations.

Nutrition Specialists Provide Proper Diet

As the lunchroom staff you spent many hours planning and preparing well balanced lunches for the students and staff. While many students complained about the quality of the food, they were found eating and enjoying the pizzas, freezes, and hamburgers. Often you were the backbone of each student's source of energy through the entire school day. Though inflation has sent food prices soaring, the only thing that rose in the cafeteria was the bread.

Janitorial Engineers Perform Well

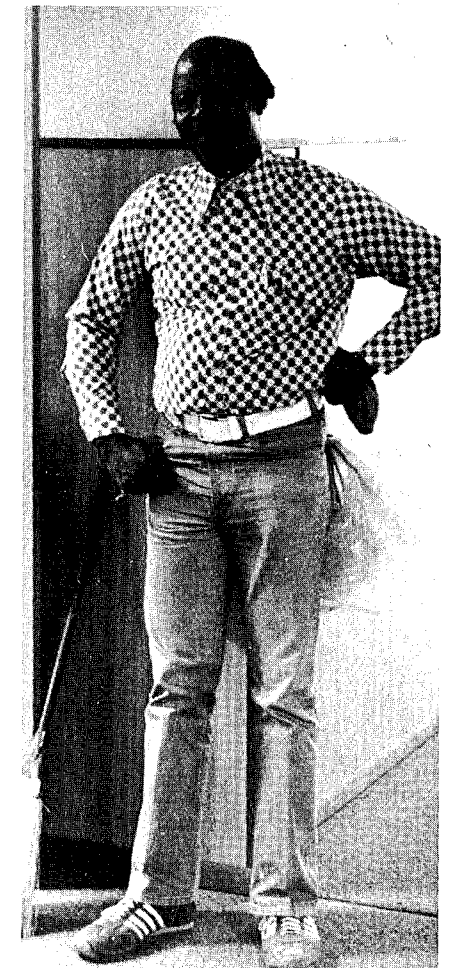

YOU ... the custodians perform many tasks at our school. You maintain the aesthetics of our grounds and plant. You perform all small maintenance services to help facilitate our plant (school) operating safely and smoothly to help create or influence a suitable teaching atmosphere that will provide a learning environment for the students. You are responsible for ordering and distributing all supplies and materials that give us physiological satisfaction and sanitary protection. You also assist the administration and perform special services for the teachers and cafeteria staff.

Plaintiff Wins Mock Trial Case

As Social Studies teachers, you had the obligation of delving into the past to help your students understand their heritage. You informed your students of their country's battles for freedom and placed emphasis upon the laws of their country. Through your thorough teaching, the Presidents and heroes of American history lived again in your student's minds. By having your students memorize the Preamble to the Constitution, the 26 amendments and the Gettysburg Address, you confirmed once again the values of Americans. By compelling your students to think, you involved students to achieve understanding of world problems, of the nature of society and of the human mind.

Science Teachers Experiment With Students' Minds

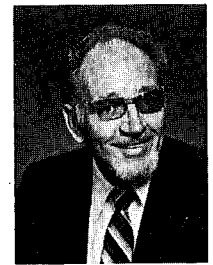

To give your science students the best education possible, you taught them the fundamentals of physics, the basics of biology and the concepts of chemistry. Teaching to them everything from Darwin to genetic traits, you provided a well-rounded knowledge of science which will continue to benefit them. Bob Sebring was your Silver Garland nominee for science; Sonja Brown was awarded the top science student award; and Jeff Ball received a chemistry Scholarship. All of your students' scientific achievements were a direct result of your endeavor.

English Classes Attend Dramatic Performances

Dedicated English teachers assume the responsibility of educating brilliant, young minds for the future, teaching them language arts, and great past masterpieces of literature that still live in the first year of the new decade. Wearing masks, the Asolo Theatre gave an exciting twist to Shakespeare's "MacBeth," as English classes travelled to Haines City for the grand production. Mrs. Cloud, as producer for the Webber Players, presented an updated version of the centuries-old Bible story of "Adam and Eve." Again Taproot Theatre entertained with poems and stories.

Math Department Covers New Angles

Math teachers subtracted negative attitudes from the students and added a real plus to the faculty. You multiplied the knowledge of your interested students, providing each with complex skills to be mastered through intellectual practice. You added an extra angle, at every turn of the clock, to challenge your students. When you used algebraic symbols, students first had to figure out what method to use, then perform the calculations. You taught a number of students about several great men who opened new areas of math such as Bernhard Reimann, Pythagoras, Euclid, and many others. Summing it up, you exercised the minds of young students in the world of numbers at their own course level.

Madrigal Dinner Big Success

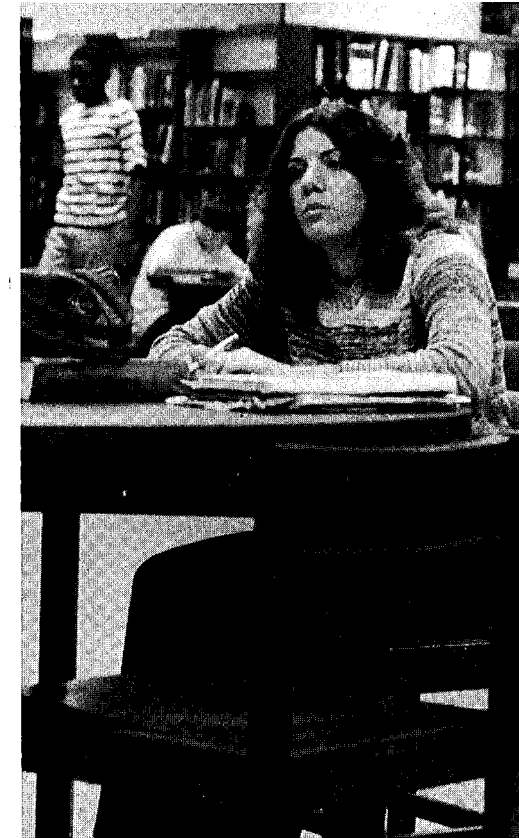

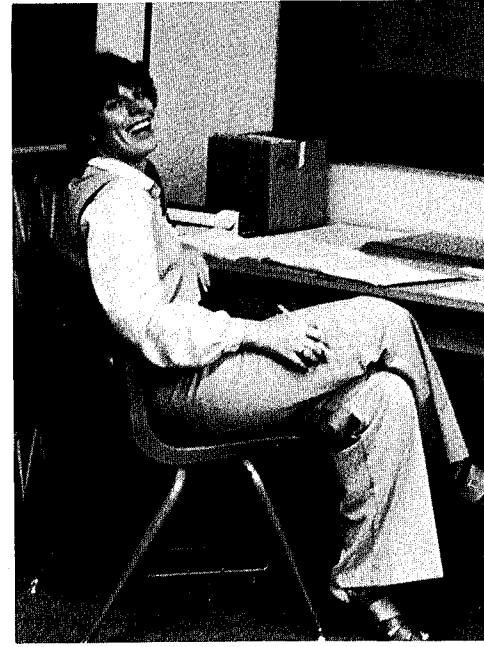

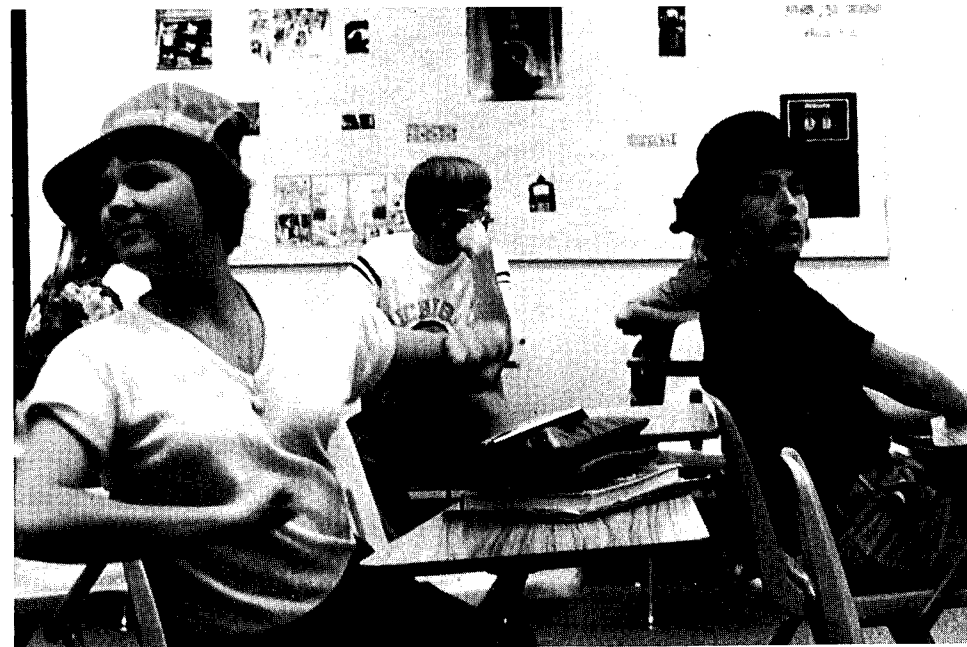

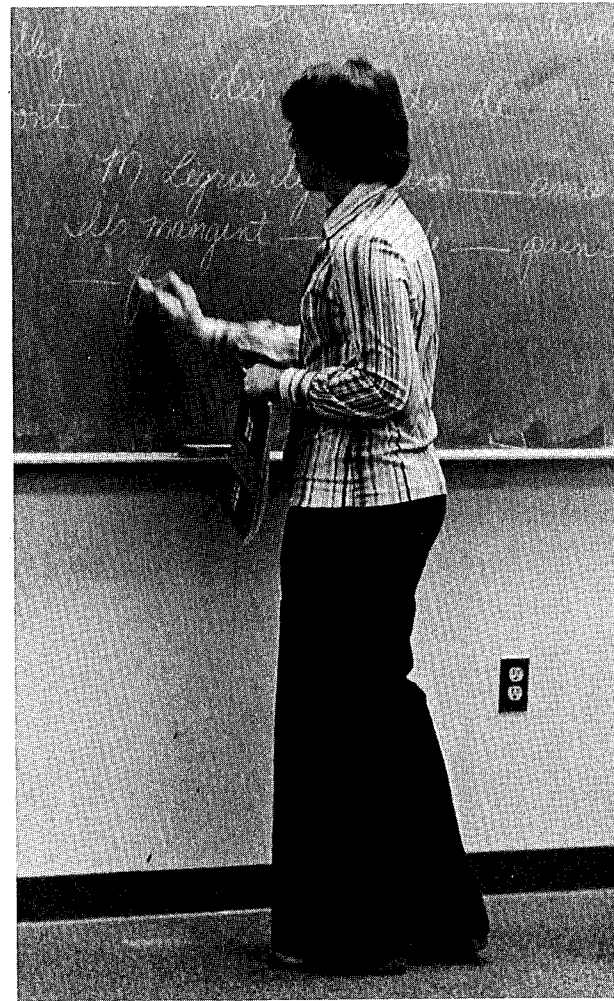

What a huge undertaking and joy! The Madrigal Dinner involved the entire music department. However, you, the band members, began with pre-season marching in the hot summer sun. Under the direction of your new band director, Mr. Ben Godfrey, you worked hard to provide entertaining half-time shows at the football games. You did a fine job at Band Day and at the Madrigal Dinner providing music and entertainment for the community. You completed the season in the tradition of quality music with many superior ratings.

You, the choral department, participated in many events this year including concerts, contests and The Madrigal Dinner. Natural High, the winners of an A plus rating at state contest, was back again with music that everyone enjoyed. A new group, Semi-sweet, a group of girls, was added to the choral department.

Foreign Language Students Compete for Ribbons

"Como está?" "Oui, monsieur." "Buenos días" and other sayings were taught to you in your foreign language classes. You spent your nights trying to memorize your word lists and dialogues for your next day's tests.

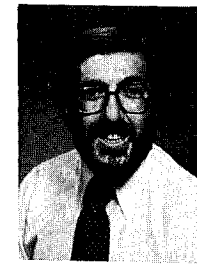

All of your time was not spent studying drudgingly over your books. You had a special foreign language day at which you tested your skills in language against other schools. You had spelling tests and memory tests with the top three students coming out with ribbons.

Homemakers Build for the Future

Vocational home economic courses are designed to provide opportunities for students to acquire knowledge and develop attitudes and skills in all phases of consumerism and homemaking as well as providing competencies in specialized occupations. You as students in these classes, enjoyed the skills you were learning; preparing meals for faculty or guests; especially you enjoyed trying your own well prepared foods or wearing clothing you yourself had made.

Industrial Arts Teaches Consumer Knowledge

Industrial Arts presently offers four electives; power mechanics, woods, graphics, and drafting. Agriculture Department Earns Recognition

You deserve a lot of recognition. You have worked hard all year 'round. You have dug and raked the ground so it would be ready for planting and growing. You planted and set out many different types of plants. You grew them from scratch and much hard work was involved. Therefore, you have very well earned recognition of all your hard work.

Drill Team Places Third

It takes a lot of practice to have a good drill team and a lot of practice is what they do. Military basics, rifle spinning, tossing, and catching are just a few of the required skills for competition. The Drill Team participates in many events of competition, but the one they strive hardest for is the University of Florida Gator Guard Drill Team, Rifle Match and Color Guard Meet. The Drill Team took first place in this event the first year that they were together and ever since have placed in the top five. They perform at shows such as football games, parades, and other exhibitions for the community. Also, congratulations to the Color Guard who finished fifth and the male and female drill teams for a job well done.

Fans Cheer Highlanders On

You, the 1979 Highlanders, ended your season with a proud 9-2 record. You opened up the season with a big win over Avon Park. It was in this game that Jo Jo Sessions intercepted a Red Devil pass on the 30 yard line and ran it back for a touchdown. The loss to Haines City only boosted your determination to bring an exciting victory over Palmetto. You slaughtered Sebring 57-0. The Homecoming game was a rout over Orlando Jones, with Greg Singletary's 33 yard field goal and 6 extra points. Auburndale as well as Kathleen were defeated with 14-0 scores. Then you overwhelmingly seized a victory as well as the District Title by defeating Bartow!! Lake Gibson was another high scoring victory for you. Your last home game, the Parent's Night game, ended your regular season with great win over Hallandale. Jonas Henderson scored four touchdowns and Anthony Bell made a 75 yard touchdown.

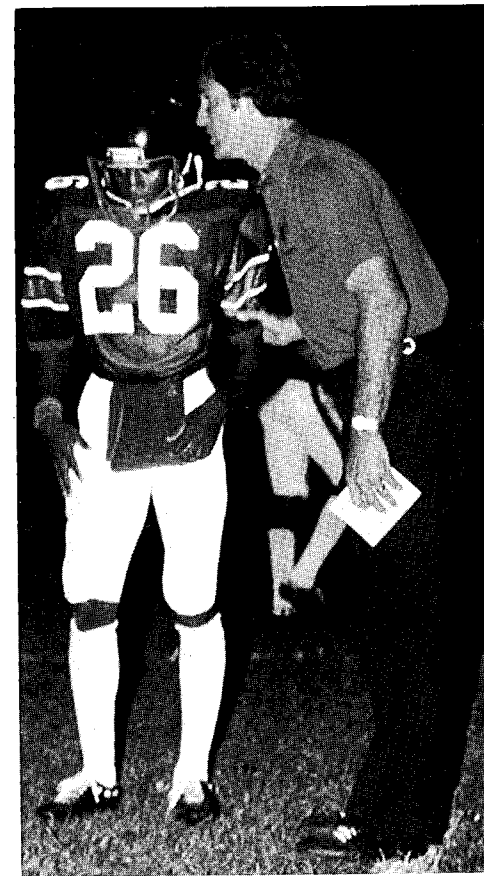

Throughout the entire season, you were cheered on by many fans. Though you lost to Titusville in the Regional Playoffs, you were winners in the eyes of the many because it was a great honor to have participated in such an important game.

Highlanders Fight for Regional Win

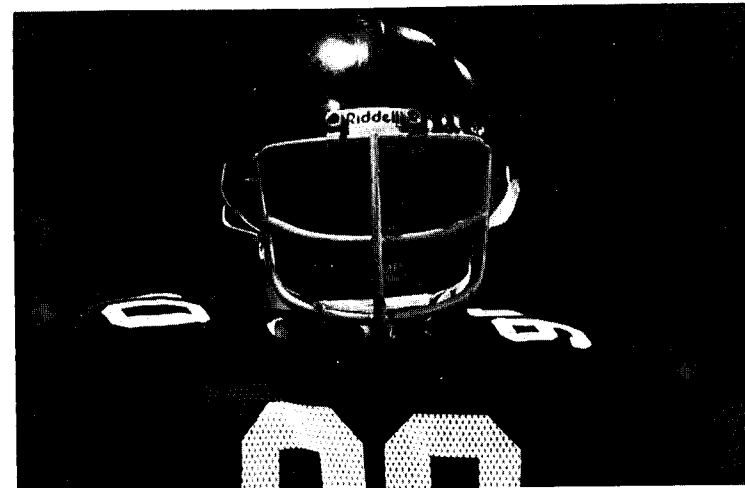

Your spectacular victory over Bartow brought you up against the Titusville Astronauts. The Regional Playoffs! You were really there, hoping for a state title. The fans in the stands showed you the spirit you had hoped for. Even Bartow was on your side during this crucial game. The Astronauts scored the first touchdown of the game in the first quarter. Then a Lake Wales touchdown play came on a double pitchout, Anthony Bell tossing to Lorenzo Hampton, and Hampton pitching out to Jonas Henderson who went in for the touchdown. Greg Singletary kicked to gain the extra point which gave us the 7-6 lead. However, in the fourth quarter, the Astronauts kicked a field goal with four seconds left leaving the score 9-7. To lose was a huge disappointment after you played such a hard game. Even though you lost by points, you had surely won in the hearts of your spectators.

J.V. Cheerleaders Get Fired Up

The J.V. cheerleaders' year was filled with excitement and fun, but also a lot of hard work. Your squad cheered for J.V. football and basketball. You sold Super Tuff cleaner to pay your way to camp, helped the Varsity cheerleaders sell candy for their new uniforms, had a car wash to buy pom poms, and sold programs at the home Varsity games.

You went to camp in August with the Varsity squad. The squads were given an award for having the most spirit for a day. This was an honor won by few squads.

Mrs. Bondurant was your advisor. She helped in an open and friendly manner, and encouraged you in your projects, advised you when problems arose, even participated in a cheer to represent the faculty.

Thank you J.V. cheerleaders for the terrific job you have done in raising school spirit.

J.V.'s Highlander Pride Shines Through

A hardworking J.V. Football team reached high in spirit and effort for three victories. A special game was Winter Haven vs Lake Wales when Leroy Feargin and Kirk Brunson gained 400 yards for a close loss 7 to 6 score. Finally you won three games and lost five.

Coach Osteen and Coach Bair encouraged and supported you at all times.

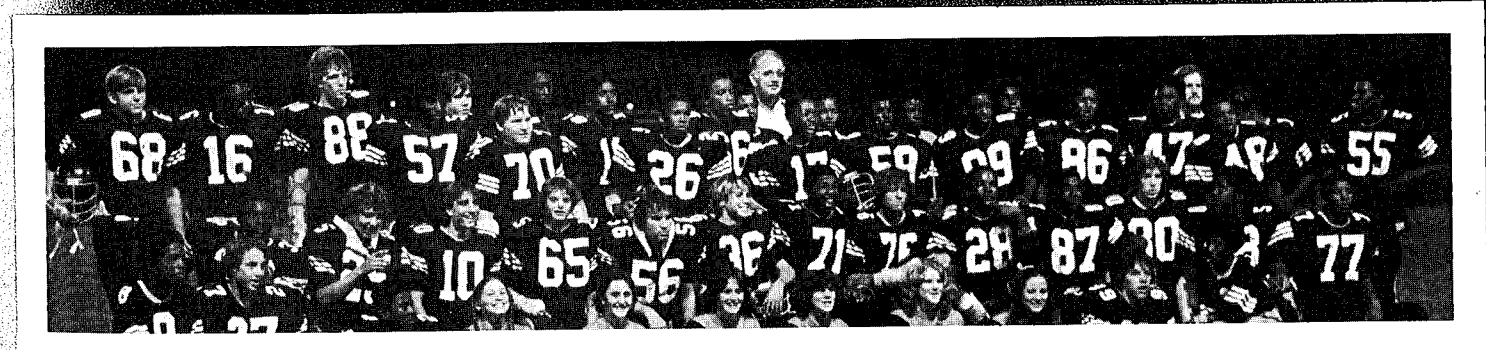

Your team concentrated on football plays and tackling. You did not forget about your cheerleaders as many teams do. To show your appreciation to them for cheering for you in the good times (victories) and the bad (defeats) you bought your cheerleaders a cake after the last game.

Our school is proud of the way you, the J.V. Football team, proved you also share our school's "Highlander Pride"!

Freshman Cheerleaders Lead Class in Spirit

Strong, peppy voices, unique mounts, and new exciting skits — these made you, Freshman Cheerleaders, and your class the most spirited groups at the pep rallies. What spirit, precision, cheers, and enthusiasm you displayed at freshman games during both football and basketball seasons.

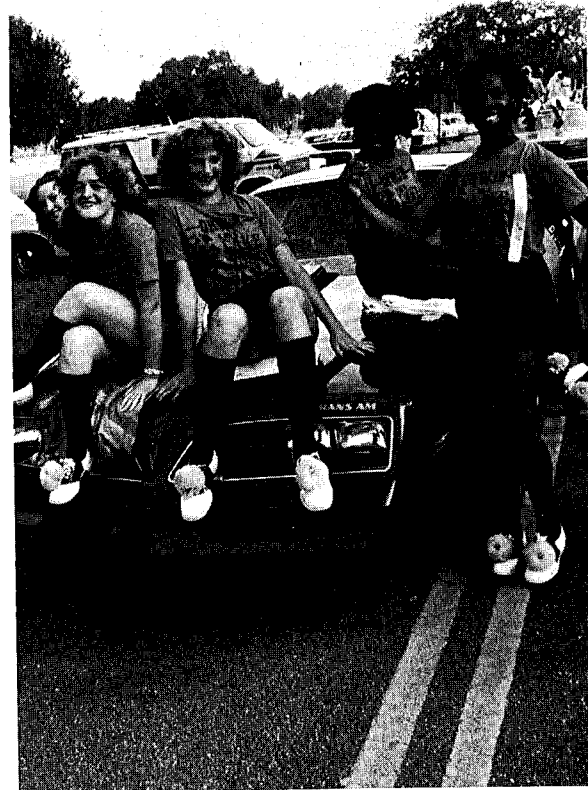

Mrs. Bondurant was the adviser who helped you with your cheers and guided you in your many questions. Kris Owens also helped you with your practices. Like a manager to you, she taught you a lot of your cheers.

Freshmen Start Season With Victory

Rough and fighting, you, the Freshman Football team won your first three games against Kathleen, Westwood, and Denison and put up good fights for your three losses against Bartow, Auburndale and Haines City. You chanted your favorite chant "Fired Up" before every game.

Your best game was your first game when you hosted Kathleen at the Legion Field and smashed them 30 to 8.

Forty of you lasted through an entire season with eight weeks of hot, sweaty, muscle straining practice.

Your fearless coach, Mr. Borders, and his assistant, Mr. McGuirk, were very proud of the job you and the Freshman Cheerleaders did. They led you through an exciting and rewarding season.

Cross Country Hosts District

Practicing five days a week, running five and a half to six miles a day, You, the Cross Country team, made it to Regionals in Titusville.

You hosted the District meet for the first time. Ron Kingry was your coach; he encouraged you to do your best. Brad Van Gilder, you were an outstanding runner as you came in first place of the Lake Wales team every meet.

Congratulations for the great job you have done.

No Pain, No Gain

You, the Lake Wales Weightlifting team surely went by that motto. You pushed yourself so hard that when the pain came, you knew you were looking good.

The pain paid off as you were County Champs as a team. Five of you were individual county champs. State Championship came next for a few of your men. Breaking two state records, Marvin Reese won state champ in the 181 class. David Brunson won state champ in the 148 class, tying the state bench press record. As a team you were runner-ups in the state.

New Coach Boosts Record

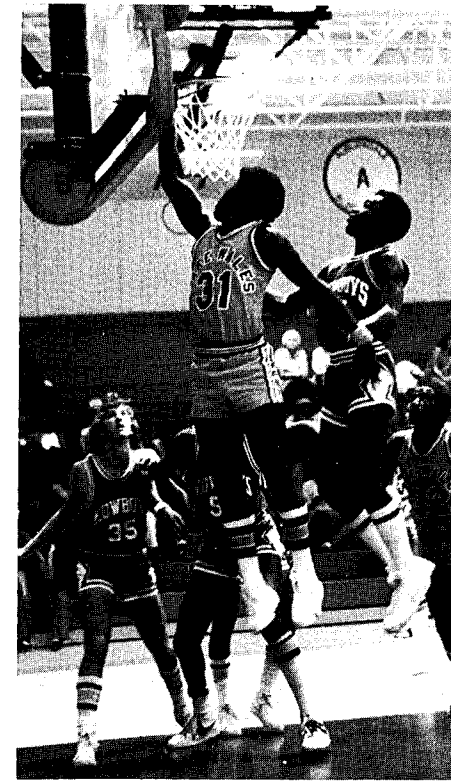

You, the 1979-80 Varsity Basketball team, ended your season with a 17-12 record. The cheerleaders chose Greg Singletary as basketball sweetheart. During the season, Pat Borders, O. B. Hadley, Jack Bell, and Norman Jones were brought up from the Junior Varsity team. Your highest scoring game was the victory over Sebring 92-71. With the rebound scoring of Lorenzo Hampton and Terry Christian this was an easy win. However, you whipped Lake Gibson 87-60 with the help of Greg Singletary's aerial shots. Although this was Coach Gary Goss' first year as the Highlander coach, the results in your season were outstanding.

Lake Wales Battles Bartow in District Contest

Playing your best during the District games, you made it to the finals with your opponent, the Bartow Yellow Jackets. After being behind at half time, you came back and played as well as any Highlander basketball team ever has. Lorenzo Hampton, Greg Singletary, and Terry Christian led the Highlanders back in the third period. You were neck and neck with the Jackets right up to the end. Terry Christian kept Lake Wales in the game in the first overtime, twice erasing two-point Bartow leads by hitting 18 footers from the baseline. With thirty seconds left in the second overtime, the score 66-65, Mickey Hopkins of Bartow was fouled. He hit the first making it 67-65 but missed the second allowing Lorenzo Hampton to tie the game. Disaster struck, however, when Yellow Jacket Mickey Hopkins with less than a second left, and the score 73-73, went up for a 30 footer and made it!

Lady Highlanders Win District

You, the Lady Highlanders, opened your 13-9 season with a twenty point win over Lake Gibson. Your best game of your season was the loss against Winter Haven. The last three seconds of the game still remained questionable but you played an excellent game. Suzanne Bryan pulled down seventeen rebounds while Bonita Johnson was the top scorer in this game.

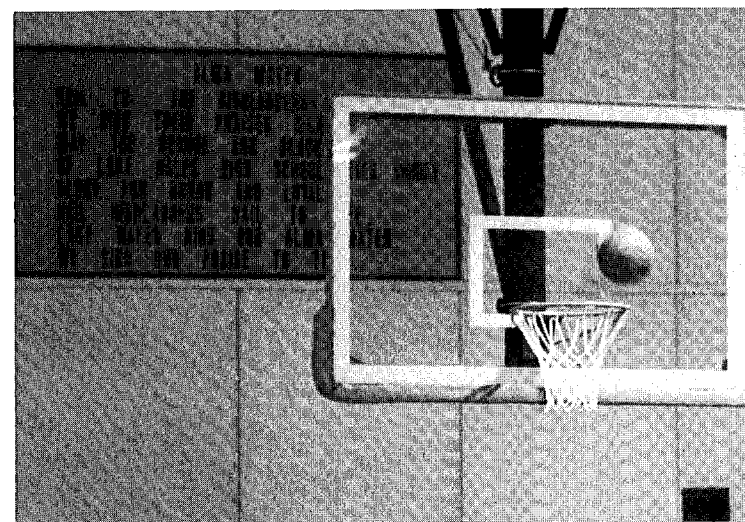

You played your first round of District against Auburndale and came out with a 49-35 victory. Every one of you put forth your best effort as the entire team played. The hard work and team effort paid off as you, the Lady Highlanders, became District Champs.

Boys' Tennis Serves to a 12 to 2 Record

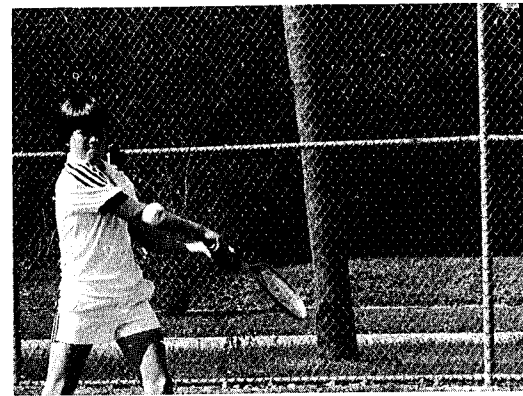

The Boys' Tennis Team delivered unto their coach, Charles Wunker, a 12-2 glorious record. You, the players, lost only to Winter Haven and Lakeland. During the season your team was defeated or devastated the other team. The team had two seniors, Larry Tonjes and Bob Sebring. Larry finished the season with a 12-2 record while Bob finished the season with a 13-1 record. Your team came in third place in both County and District. Larry Tonjes was most valuable player and Larry Boonsoon was most improved player. All in all you had a great season and hopes of improving your great record.

Spirit and Ducks Led Them to Fame

The Lake Wales Girls' Varsity Tennis team, coached by Stephen White, finished their 1980 season with a record of 12-0 and with both the County and District Championships. They became the first girls' tennis team in the history at LWHS to win the District tournament and go on to Gainesville to the state tournament. The highlight of the season was a smashing 6-1 victory over the defending district champions, Santa Fe. The secret of their success was a tremendous amount of team spirit not often found in an "individual" sport — the much appreciated support of the Freshmen team members and a great psychological game thanks to the Peace River (complete silence crossing it will grant you your wish), their lucky ducks (the ducks on their safety pins), and GLGTG (Girls Let's Go To Gainesville). The whole season, beginning with the first car wash and ending with a trip to Mr. White's Alma Mater, was work and fun for all.

Swim Team Has Fun in the Sun

Your swim team had mother nature on your side as you swam in the warm water at the Webber College pool. You started your season with 23 members and ended it with 19. Even though you didn't have a school or civic center pool advantage over your opponents, you still won your last home meet and with it the right to throw your coaches, M. Fletcher and D. Bondurant, into the pool.

Jenny Wyrosick, Nancy Barnum, Scott Clack, and Brad Van Gilder were chosen as team captains. Scott Clack received most valuable swimmer award. The team acquired many new talented underclassmen. An example of this talent is Ken Waski who is participating in AAU.

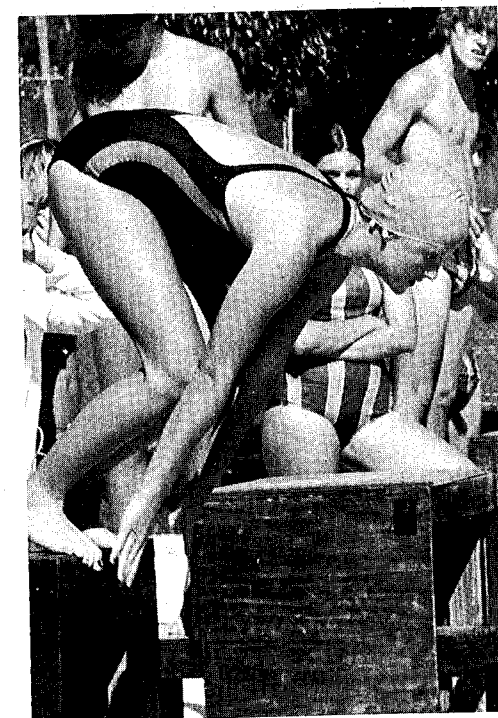

Thanks to Coach Fletcher and Coach Bondurant for all your hard work. You are greatly appreciated and will be missed in the future.

Coaches Guide Teams to Victory

If it weren't for your special abilities and willingness to give of yourself and of your time, your players would never have experienced the thrill of victory or the agony of defeat. You taught your players how to excel in their sport, in good sportsmanship, in self-discipline, but most of all in how to win. You proved this by producing a winning season in almost every sport, from the district champion football team to the newly formed girls golf team, coached by Mr. Osteen.

A special thanks goes to Mr. Ron Cobb for his contribution to the L.W.H.S. athletic program. We wish you good luck in all of your future plans.

Young Team Shows Promise

The 1980 Lake Wales Highlander Baseball team experienced a season of ups and downs. It was composed of inexperienced players who compiled a record of 17 wins and 14 losses.

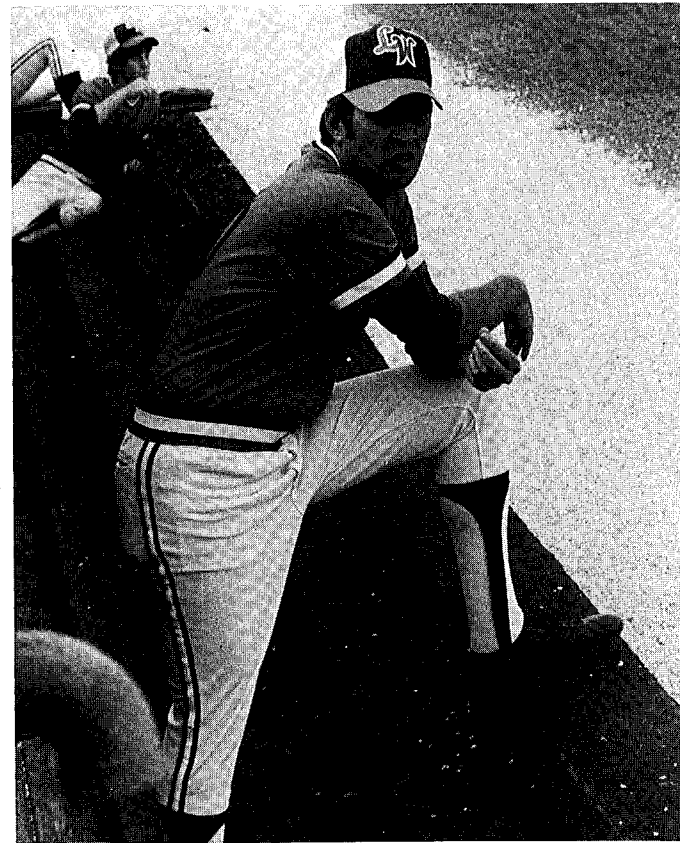

You, the players, demonstrated a lot of promise, however, You learned how tough class 3A baseball is.

The team was composed of only 5 seniors. To compound the problem of inexperience the team had several veteran players miss part of the season due to injuries and other obligations.

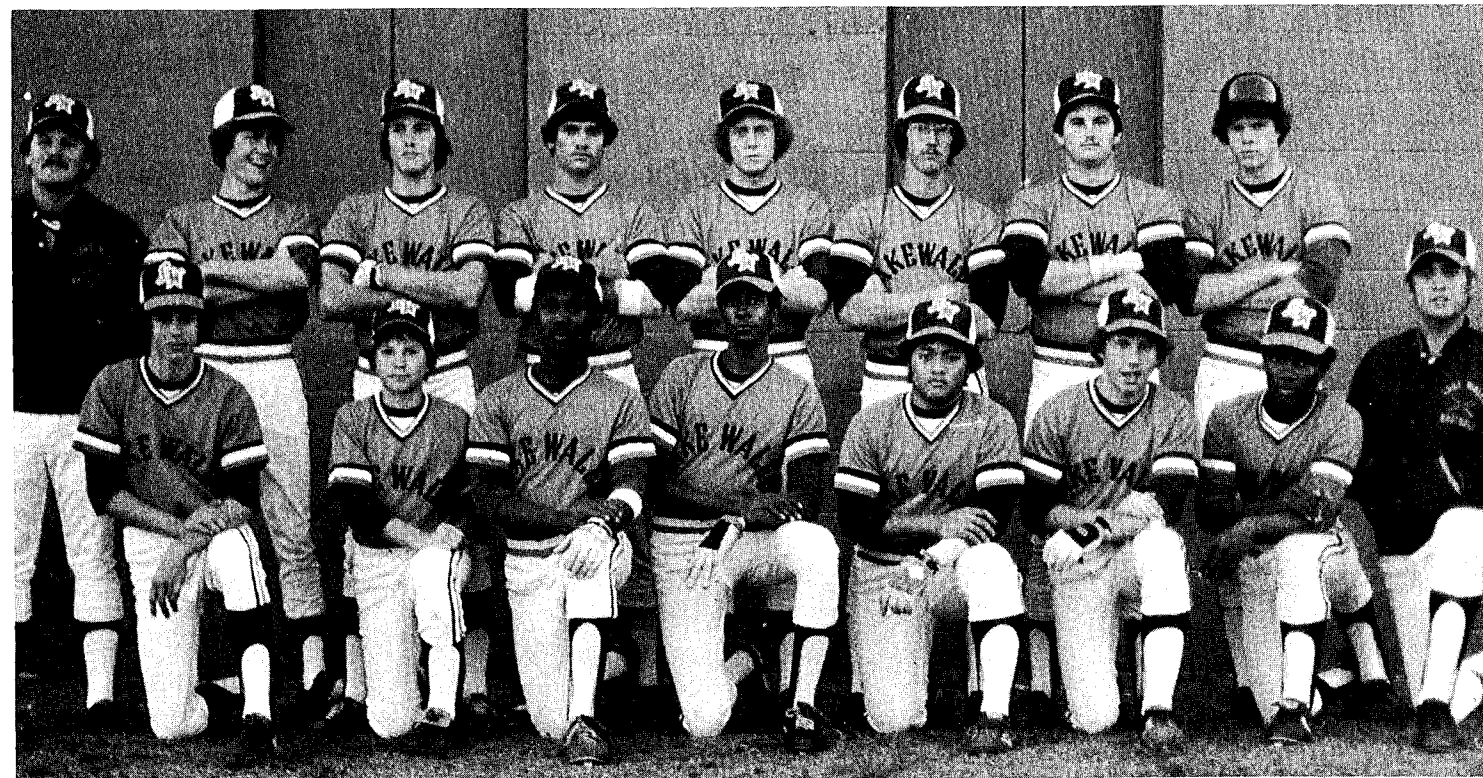

You rallied to play a competitive schedule that saw you in contention in every game.

Pat Borders led all hitters with a 3.85 average followed closely by Dan Corriveau, Mark Pike, and Kevin Brunson who all batted over .300.

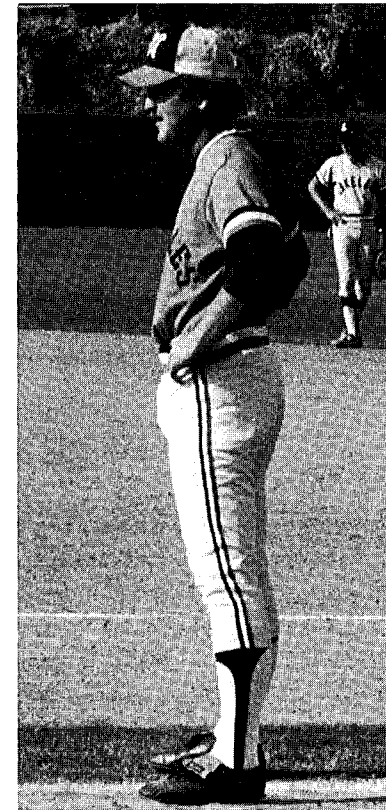

Your pitching staff of Tony Waters, Lance Beasley, Dean Holmes, and Jerry Jackson really surprised everyone by posting an ERA of .210. All the pitchers will be returning next year. The team defense and hitting was again improved over last year.

Co-op Takes First Place in Club Float

A County Wide Rally held in Winter Haven was the kick off for the year's activities. You participated in homecoming activities, attended State Leadership Conference, operated "Little World," a store for parents and friends. You won six places at district contest in Bartow, and participated in State Contest at Daytona Beach. An Employer-Employee banquet was a highlight of the year.

I believe in the future which I am planning for myself in the field of distribution, and in the opportunities which my vocation offers.

I believe in fulfilling the highest measure of service to my vocation, my fellow beings, my country and my God — that by so doing, I will be rewarded with personal satisfaction and material wealth.

I believe in the democratic philosophies of private enterprise, and competition, and in the freedoms of this nation — that these philosophies allow for the fullest development of my individual abilities.

I believe that by doing my best to live according to these high principles, I will be of greater service both to myself and to mankind.

Drama Club Gains New Sponsor

2. "How much money do we have?" D. Gordon asks as K. Sims counts the money.

Under the direction of Ms. Hunsley you, the Drama Club, worked on improving your acting skills and voice projection. You had a car wash to boost your treasury. For fun you had a Christmas party, and you went roller skating. You also gave Ruth Swanson a going away party when she moved up to Virginia.

Honor Society Brings Back License Plates

You, the Honor Society, represent the academic achievements of the student body. Your sponsors, Miss Wilford and Miss Lee, had the responsibility of checking records to be certain that all members met the high academic character and leadership qualifications. The Christmas project of decorating the cafeteria showed your school spirit. You sold Highlander license plates to raise money to help pay for the new curtain for the auditorium. At the end of the year, you had your banquet at the Methodist Church where you inducted the new officers. Jeff Ball will be the 1980-81 president. At graduation Honor Society members wore special tassels and cowls to indicate their special talent, effort, and fine example to all the school and community.

Golden Knights Thrill Student Body

You who were interested in military careers, found excellent training in the R.O.T.C. You had many different groups such as the Highlander Ladies Drill Team, Highlander Guard Platoon, Highlander Guard Squad, Highlander Rifles, and Highlander Colors.

To do something different you brought a squad of parachuters, "The Golden Knights," to school. You also invited an Air Force band to come and play for the student body. You went to Gainesville to participate in different competitions. At the annual inspection you received high marks.

Chorus Travels Back to Medieval Times

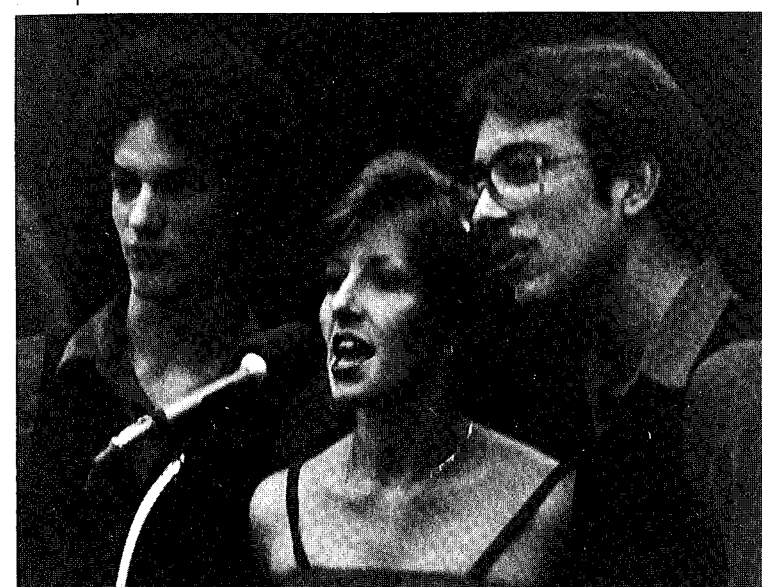

With a song on your lips and a twinkle in your eye, you the Choral music department have accomplished many goals this year. First, you and the Band teamed up and put on a Madrigal dinner complete with a royal court, two jesters, a unicorn, a Madrigal dinner dragon, and a boar's head on a platter presented to the diners with a trumpet fanfare. You went to district contest and came back with straight superiors. You also hosted here at the school solo and ensemble contests in which several of you participated. State contest was held in Gainesville and you received an excellent. You brought song and merriment to Lake Wales High.

Choral Department Gains New Group

Semi-Sweet was a new all girls musical group, a special addition to the choral department. You sang your way into everybody's hearts. You used music from the 1920's to the 1940's, establishing your group and adding beauty and color in your red outfits. Natural High, the co-ed modern music group, sang songs from the past and present with choreography, drum and percussion back up, and guitar. All groups helped with the Madrigal dinner as court members, servers, or entertainers. You have succeeded in everything you have set out to accomplish this year.

Band Participates in Cherry Blossom Festival

Under the direction of a new band director you, the Highlander Band, prepared for your superior rating by performing at various games during half time. You participated in the madrigal dinner and marched at the Orange Festival and Christmas parade. At District Contest you proved that practice makes perfect by making straight superiors. Then every one started preparing for the big event, the Cherry Blossom Festival in Washington D.C. where you were the only band to represent Florida. You entered the Cherry Blossom Concert and Marching contest. In the Concert contest you took fourth place.

Chess Club Places Fourth in State

The Chess Club placed 4th in the state playoffs held in St. Petersburg. John Letter tied for 6th in the state on an individual basis. This will be your first year to letter in Chess. You now belong to the U.S. Chess Federation and the Florida Chess Association. You had car washes to raise money and with that money you purchased a chess computer which is used by the team to practice your playing. Under the direction of Gary Deaton you had a good year.

FBLA Goes Caroling

You, the members of FBLA, (the future business leaders of America) had a busy year. At the beginning of the year, you presented a membership drive for all business students who were interested. You participated in the homecoming parade with the theme: "FBLA means business when they say 'Erase the Bucs!'" During the Christmas season you held a caroling party for your members. Your banquet was held on May 15 at the Black Forest. You also participated in many contests and rallies throughout the year. Career Day was your highlight of the year. You took a couple of days off from school to go to work for a local merchant. Each of you got a taste of what it is like out there in the real business world.
