

September School News

What do we BELIEVE at Nautilus?
EVERY Student EVERY Day Whatever it Takes!

OPEN HOUSE Book Fair Title 1 Meeting

DATE: September 13

TIME: 5:30-6:30

Title 1: 6:30-7:00

CELEBRATIONS

As much as we love to celebrate, we ask that you do not send/bring flowers, balloons, and any other celebratory items to school. We encourage you to keep these items at home as they are a distraction to the learning environment. If you send in a snack for a celebration, it must be store-bought, and the teacher will need advance notice.

TITLE ONE PROGRAM

Nautilus is a Title 1 School providing all children a significant opportunity to receive a fair, equitable, and high-quality education and to close educational achievement gaps. Each year we are required to hold an annual meeting to inform parents of our school's participation in the Title 1 program. This Title 1 meeting will be held on September 13th at 6:30 in the Reading Intervention Room.

FROM OUR LIBRARIAN, MRS. EMORY

I am so excited to serve your child as their librarian! I look forward to helping our students become critical thinkers and enthusiastic readers. We are doing our very best to get (or keep) your child 'hooked on reading' by first establishing their reading levels using the STAR Reading Assessment and then having them read and AR test in their range. I have a lot of special events planned, including a book fair, reading contests, Read Across America, and a fun week with Dr. Seuss

FROM OUR MUSIC TEACHER, MRS. HUNTING

In music class, we will be experiencing music through singing songs, saying rhymes, dancing, and playing instruments. Students will learn and experience rhythm primarily through playing percussion instruments like drums, triangles, rhythm sticks, and xylophones. Students will become confident musicians as singers and dancers using imitation, experimentation, and personal expression. Music trains the brain like nothing else on the planet! Enhanced language capabilities, improved memory, heightened problem-solving and mental processing and strengthened eye-hand coordination are just a few of the many reasons why music education is so important.

FROM OUR COMPUTER TEACHER, MRS. CAMPBELL

This year in computers, we will be focusing on typing, basic computer knowledge, internet safety, and using Microsoft Office programs. Technology is the future, and our goal is to inspire our students to be creators, not consumers. A few things we will be using are Typing.com, Microsoft Word, Excel, PowerPoint, and the basic features on our computers.

Good attendance in school is important for various reasons, as it contributes to academic success and personal development. In the next few months, we will be sharing some key facts about the importance of good attendance:

1. **Academic Achievement:** Students who consistently attend school have the opportunity to engage with teachers, participate in discussions, and complete assignments. This active involvement in the learning process often leads to better academic performance and higher grades.
2. **Reduced Risk of Falling Behind:** Missing school can result in gaps in understanding, which can make it challenging for students to catch up. This can lead to a cycle of struggling to keep up, lowering self-esteem, and disengagement from learning.

PERFECT ATTENDANCE DOLPHINS OF THE WEEK

BENTLY BLESSING - WEEK OF 8/14/2023
 BROGAN LEIFESTE - WEEK OF 8/21/2023

IMPORTANT DATES TO REMEMBER

September 1.....SPIRIT DAY - Dress as your favorite Occupation
