Where the Future Begins!

Administrator's Corner:

The 2022-2023 school year is off to a fast start. Our goal is that we move our children forward with learning those critical standards needed for success. It is exciting to see students working towards their goals. Throughout this school year, we will continue our focus on positive relationships, growth, instruction, and student learning. We look forward to all the extraordinary things this year has in store.

Your partners in education,
Mrs. Esmeralda Martinez & Mrs. Dora J. Sturgeon
