

North Coffee Families,

We are in the process of setting up a new Visitor login system. Anyone going past the front office will need to login on this new system. You will log in on the iPad with a VISTOR label outside the front office. The system will scan your driver's license / ID before you can enter the building past the front office.

You can speed up this process by setting up a Raptor Safe passport. This will create a QR code with all your information in it. You would then just pull up that QR code and scan it at the iPad by the front door.

If you are only checking a student out of school, and not leaving our front office area, you will sign them out on the Check IN/ Check OUT iPad and will not need to scan your ID. If you are not someone we recognize, you will need to show us your ID to check someone out, but not scan it.

We will begin using this system for ALL visitors for large events such as Awards Day or Book Fair going forward. Entering the building will be much quicker if you and any other family members / friends have set up a QR code.

We appreciate your patience with setting up this new system and working out all the particulars.

Please see the QR codes or text links below to download the Raptor Safe app and create a passport to enter any Coffee County School. If the links do not work you can go to your vendors App store / Play store and search for Raptor Safe.

Apple devices

Android devices

Apple App: <https://apps.apple.com/us/app/raptor-safe/id6737568144>

Android App: [https://play.google.com/store/apps/details?id=com.raptortech.safe&hl=en\\_US](https://play.google.com/store/apps/details?id=com.raptortech.safe&hl=en_US)

Users will get a code after putting in their cell number. After you enter this code, **Enable Biometrics** then Save your passport.

Click Scan ID to create your Raptor Passport. It will also ask you to take a selfie. I had to do it several times to get a successful picture. It takes the picture as soon as your face is in frame, so be ready!

Once your Raptor Passport is setup you can log into your Raptor Safe App and enter your phone number and confirmation ID to get a QR code before you walk in the door. Once you do so, swipe up from the bottom of the screen to display your QR code. Just scan this code on the correct iPad at any Coffee County Schools front office.

Please be sure to sign out with someone at the front office when you leave the school to show you are no longer in the building.

North Coffee Families,
