Perry County School District Standards of Professional Learning

INTRODUCTION

Educators must continually improve their ability to re-tool teaching, update curricula, integrate research based methods into instructional practice, meet the growing list of the sociopolitical needs of students, and improve student learning. This can only happen through ongoing, high-quality professional learning that provides educators with the knowledge and skills to meet the needs of all students.

Professional learning is a continuous process of individual and collective examination of practice. It should empower individual educators and communities of educators to make complex decisions, identify and solve problems, and connect theory, practice, and student learning. Professional learning should also enable teachers to offer students the learning opportunities that will prepare them to meet standards in given content areas and to successfully assume adult responsibilities for citizenship and work.

In conjunction with other educational organizations, Learning Forward has developed a definition of professional learning and a set of professional learning standards that focus on improving student learning. Implementation of the definition and standards will result in professional learning that is job-embedded, results based and data driven. The definition and standards provide a set of principles that can assist schools in improving student learning through an improvement of educator learning. This document provides schools and districts with a vision of professional learning that can improve student learning in this state. The state, districts, schools, individuals, and other organizations all have a role in school improvement as well as responsibilities for ensuring that educators improve their knowledge and skills as they work with students.

Individual Component

Educators of the Perry County School District have the professional and contractual responsibility to participate in the school district's professional development program and in professional development

options for license renewal. The selection of professional development options is to be focused on improving student learning. **Each educator is responsible for selecting and monitoring his/her individual professional development program.**

Educators in the Perry County School District are also responsible for maintaining and submitting documentation for license renewal to the Mississippi Department of Education's Office of Educator Licensure (See Certification Guidelines).

LICENSE RENEWAL REQUIREMENTS

Certified personnel must hold a valid license as a condition of employment. Renewing and maintaining license requirements is the responsibility of certified personnel on an individual basis. This is generally accomplished through SEMI credits (administrators), college credit, or C.E.U.'s. Alternative means are also provided by MDE.

Rationale

Educators in the Perry County School District can continue to learn both within and outside the district through varied opportunities for professional development. This allows educators to stay abreast of current knowledge in the fields of teaching and learning and improve educational practices that lead to enhanced student learning. It also encourages networking with colleagues and other professionals and the pursuit of advanced degrees.

Continuing Education Units:

What are C.E.U.'s, and how can I earn them?

C.E.U.'s are credits that are earned by attending approved workshops and seminars. After satisfactory completion of these programs, participants receive a certificate which they submit to the Division of Teacher Licensure as part of the licensure renewal process.

Who will report college credit and C.E.U.'s?

You must submit C.E.U.'s to the division of Teacher Licensure for the renewal of your license. **The School District is NOT responsible for maintaining or reporting these credits. In cases when C.E.U.'s are offered at training sessions for an additional cost the individual will be responsible for the extra cost of the C.E.U.'s**

PERSONNEL APPRAISAL PROCEDURES

All certified teaching personnel shall be evaluated using the State mandated Professional Growth System Instrument for educators. All administrative staff will be evaluated using Professional Growth System.

PLAN OF IMPROVEMENT

If, at any time during the evaluation cycle, an evaluator finds that a teacher has deficiencies which hinder classroom performance or other duties to the extent that a recommendation of non-renewal

might be considered, the teacher may be provided with a Plan of Improvement designed to remediate those deficiencies. Such a plan should consider short and long-range objectives with detailed courses of action for teacher and evaluator. The evaluator may wish to include colleagues from another school or the Central Office to assist in diagnosing, prescribing, and drafting the Plan of Improvement.

DUE PROCESS

In all cases of non-renewal of professional personnel, the school district shall comply with the requirements of the Education Employment Procedures Law of 2001 (Miss. Code Section 37-9-101, et. seq.).

In all cases of dismissal or suspension of licensed employees, the school district shall comply with Miss. Code Section 37-9-59.

 - a. The employee must give a request for personal leave to the principal or supervisor at least three school days in advance, except in cases of emergency.
 - b. No employee may take personal leave on the first week of the school term, the last week of the school term, a day before a holiday, a day after a holiday, or a staff development day. With written request, the principal may waive this requirement when extenuating circumstances exist. However, final approval lies with the superintendent.

VACATION LEAVE

Full time 12-month employees who work at least 237 days per year shall earn 10 days paid vacation annually. Unused vacation may be accumulated for credit for retirement purposes only. Vacation leave is credited on July 1 of each year. Unused vacation leave can be converted to sick leave not to exceed

10 days per year. Proposed dates for use of vacation leave must be submitted in writing to the superintendent for approval at least 2 weeks in advance. Upon termination or retirement no employee shall be paid for accumulated vacation leave. Accumulated leave shall be credited to PERS for retirement credit.

BEREAVEMENT LEAVE

Employees may take up to three days of their personal or sick leave days when there is a death in the immediate family, which includes spouse, parents, parents-in-law, sons, daughters, sons-in-law, daughters-in-law, sisters, brothers, sisters-in-law, brothers-in-law, grandparents, or grandchildren.

JURY DUTY/SUBPOENA

The Perry County School District shall provide leave with pay for employees who are called for or who serve on juries. Performance of jury duty is with full pay and does not count against any type of leave of absence by the employee. When excused from jury duty prior to 11 A.M., the employee will report to their work site. The district will not recover jury fees from employees who serve on juries (Attorney General Opinion, *Middleton* of July 10, 1991). Employees under subpoena to provide court testimony or to testify in hearings may use their personal leave. Absence beyond accrued personal leave will result in loss of pay. For district administrative proceedings arrangements will be made for employees to provide testimony without loss of pay as directed by the superintendent.

SABBATICAL

After six years of continuous employment in the Perry County School District, a sabbatical leave for one year, without pay except for state funded sabbaticals, may be granted for the following purposes:

1. Advanced study in an accredited college or university.
2. Employment that will result in improvement of the staff member's professional competence for the position in the school district.
3. Educational travel that will improve the staff member's competence in the position held in the district.
4. Endeavors that will lead to professional improvement.

MILITARY LEAVE

Upon written request, leave of absence without pay shall be granted any employee who may be selected or called for military service. Employees who are members of reserve components of the armed services of the United States of America or the National Guard shall be entitled to leave of absence without loss of pay, time, annual leave, or professional rating for a maximum of 15 days if ordered to duty for training exercises. Employees involved in military service for longer than 15 days shall otherwise have those rights and obligations that are described in state and federal law. MS Code §33-1-19 and §33-1-21, 1972; Veterans Re-employment Rights Statute.

PROFESSIONAL LEAVE

Employees may be eligible for professional leave in order to perform professional services by representing the district at educational conferences, convention, school evaluations, and other such

events. An employee desiring professional leave must request approval from the principal/supervisor and superintendent two weeks in advance of the leave. Approved professional leave will be with full pay and will not count against other leave time.

In addition, each licensed employee shall be credited with a professional leave allowance, with pay, for each day of absence from the school district caused by reason of the employee's statutorily required membership and attendance at a regular or special meeting held within the State of Mississippi of the State Board of Education; the Commission on Teacher and Administrator Education, Certification and Licensure and Development; the Commission on School Accreditation, the Mississippi Authority for Educational Television; and the meetings of the state textbook rating committee. MS Code §37-7-307(4) 1972. Burkes, September 25, 1998, Attorney General Op. # 98-0558, Attorney General Op. # 98-0588: This office is of the opinion that if service on a particular state board or commission is not part of the duties of an individual's employment as a career state service or appointed state employee, then the individual may not be compensated for work as an employee while performing duties as a member of the board or commission.

COMPENSATORY LEAVE

It shall be the policy of this district that all employees use all compensatory leave before using any other type leave.

SAFE HARBOR FOR SALARIED EMPLOYEES WITH IMPROPER DEDUCTIONS FROM SALARIES

The District compensates certain exempt executive, administrative, and professional employees on a guaranteed salary basis. Deductions from these salaries may only be made when the employee absents himself/herself for personal reasons, for sickness when his/her bona-fide sick leave plan has been exhausted, for disciplinary reasons for infractions of major safety or conduct rules, or in initial or terminal weeks. It is the District's policy to not make any improper salary deductions based on variations in quantity or quality of work done. Any salaried exempt employee who believes that an improper deduction was made from his/her salary may file a written complaint with the Superintendent's office over such deduction. The Superintendent or his designee will conduct an investigation into the deduction to determine if it was improper. If it is found that the deduction was improper, the amount of the deduction will be reimbursed to the employee by no later than the next pay period and the District will ensure that such deduction is not made in the future from any exempt employee's salary. There will be no retaliation against the employee for filing a complaint under this section. **This section does not apply to teachers since teachers are exempt from all sections of the Fair Labor Standards Act.

RETIREMENT CREDIT

House Bill 1176 amended Mississippi Code §37-7-307 (1972) that establishes provision for payment of unused leave to certified and non-certified public school employees. Each local school board is responsible for adoption and implementation of leave policies.

Upon PERS retirement, certified employees may choose to be paid for all unused accumulated leave up to 30 days at a rate equal to the daily amount paid to a substitute teacher. All unused accumulated

leave for which compensation is not received will be certified toward retirement. This provision is subject to and shall conform to the requirements of state law and the retirement system.

Upon PERS retirement, non-certified employees may choose to be paid for all unused accumulated leave up to 30 days at a rate equal to the federal minimum wage. Non-certified employees, who terminate employment, shall have any portion or all unused leave certified to the Public Employees Retirement System (PERS) for use as service credit toward retirement.

PAYROLL DEDUCTION

For certified/licensed personnel, the first 10 days of sick leave taken in excess of the number of accumulated leave days will result in a payroll deduction of an amount equal to the established substitute amount of certificated employee compensation. Any sick leave taken in excess of the number of accumulated leave days plus the 10 additional days will result in a payroll deduction of an amount equal to regular pay.

For non-certified support staff, a payroll deduction in the amount of the employee's daily rate shall be made for each absence beyond accumulated leave.

Employees will be required to present a physician's certification of illness when absent for six or more cumulative school days, for one day immediately preceding or following a holiday, or at any other time requested by the principal and/or superintendent.

If an employee is absent the first day of school or the last day of school or the day before or after a school holiday, a written doctor's statement regarding an illness or a written substantiating statement regarding a death is required before the absence is classified as a sick day. The written statement must be sent to the payroll office. Failure to provide the required statement or receive prior approval from the superintendent will result in a two day payroll deduction.

Employees who abuse leave policies or who falsify leave records or reasons for absence are subject to discipline up to and including termination.

The superintendent is directed to develop administrative regulations necessary for implementation of this policy. Perry County School District • New Augusta, MS	<i>Descriptor Code:</i>	<i>Approved:</i>
Family Medical Leave	GBRIA	September 2002
	<i>Rescinds Policy:</i>	<i>Revised:</i>

The Family and Medical Leave Act of 1993 requires employers to provide up to 12 weeks unpaid, job-protected leave. Employees must have worked at least one year and for 1,250 hours for the previous 12 months and meet the required family and medical reasons. These reasons include birth, adoption or foster care placement of a child; the care of an employees' spouse, son or daughter, or

parent who has a serious health condition; or the employee's own serious health condition. Application for family medical leave shall be presented to the school board for approval 30 days in advance of the expected leave time, except in cases of emergency.

Employees shall use any paid vacation leave, sick leave or personal leave already accumulated without loss of pay until the leave has been exhausted. Certified/licensed personnel are granted 10 days additional leave with substitute teacher pay deducted from their salary. Classified and paraprofessional employees have no extended leave days. If after use of accumulated paid leave 12 weeks have not been used, FMLA extends that leave period to 12 weeks with the period added by federal law being unpaid.

In addition to actual leave, employees also become entitled to the continuation of health benefits during the period of leave. The employee is entitled to restoration to an equivalent position with equivalent pay, benefits, and conditions of employment. However, the law does not entitle employees to accrue seniority or employment benefits during the time they are on leave.

When both spouses are employed by the Perry County School District, the combined amount of leave for birth, adoption, and family illness may be limited to 12 weeks; however, personal illness would not be similarly limited in this situation.

The Perry County School District may agree that an employee may take leave intermittently or on a reduced-hours basis in connection with the birth, adoption, or foster placement of a child.

When certified/licensed employees seek intermittent leave in connection with a family or personal illness (e.g. physical therapy or periodic care for a sick relative), and when sick leave would constitute at least 20 percent of the total number of working days in the period during which the leave would extend, the school district may require the employee to elect to take leave in a block (not intermittently) for the entire period or to transfer to an available alternative position within the school system that is equivalent in pay, for which the employee is qualified, and which better accommodates the intermittent situation.

There are three special rules for certified/licensed employees seeking to return from leave within the last three weeks of the semester.

1. If the employee begins any category of family and medical leave five or more weeks prior to the end of the semester, and the period of leave is for more than three weeks, then the school district can require an employee seeking to return within the last three weeks to wait until the next semester.
2. If the employee begins any category of family and medical leave (except personal sick leave) less than five weeks before the end of the semester and the period of leave is greater than two weeks, the school district can require an employee seeking to return within the last two weeks to wait until the next semester.
3. If the employee begins any category of family and medical leave (except personal sick leave) three or fewer weeks before the end of the semester and the period is greater than five working days, the school district may require the employee to wait until the next semester.

The Perry County School District has adopted the calendar year as the method of determining the "12-month period" in which leave entitlement occurs.

Obligation of Employees

1. **Foreseeable Leave** – When unpaid leave is in connection with birth, adoption, or foster placement, and is foreseeable, the employee must provide 30 days' notice of the date when leave is to begin unless circumstances dictate otherwise. With respect to family or employee's illness that are foreseeable, the employee shall make a reasonable effort to schedule treatment (including intermittent and reduced hour leave) as not to disrupt unduly the operations of the employer, subject to the approval of the employee's or family member's health care provider. Further, where foreseeable, the employee must provide 30 days' notice, unless circumstances dictate otherwise.
2. **Certification to Take Leave** – The school district may require that the employee provide timely certification from his/her health care provider, or a family member's health care provider as to: (1) the date that the condition commenced; (2) the duration; and (3) the necessity for the employee's inability to perform his/her job functions. Where doubt exists, as to certification, the school district, at its own expense, may designate a second health care provider (other than a school district employee) to provide a second opinion ... with the opinion of a third health care provider, if necessary, to be binding.
3. **Medical Certification to Return from Leave** – Upon return to work, the school district shall require the employee to provide certification by his/her health care provider that the employee is able to resume work.
4. **Failure to Return from Leave/Recovery of Health Premiums** – If an employee fails to return to work after the leave period has expired (other than family or personal illness or other circumstances beyond control), the school district may recover premium expenditures extended during the leave period.

STAFF GRIEVANCES-ALL EMPLOYEES

The board of the Perry County School District encourages individual staff members to settle grievances informally if at all possible. In instances where an individual staff member is concerned about the application of board policies and administrative practices and procedures or relationships with other school employees, the staff member should consult the administrative or supervisory person to whom he/she is immediately responsible. The staff member and the immediate supervisor should try to alleviate the problem.

In instances where an individual staff member feels that he/she cannot discuss the problem with his/her principal or immediate supervisor or when a satisfactory resolution of a problem brought to the attention of the principal or immediate supervisor has not been reached after ample opportunity for consideration of the matter, the staff member is required to follow the grievance procedure outlined below until the problem is resolved or a decision has been made by the board. The staff member who is not satisfied that a proper resolution of his/her grievance has been reached must make a request in writing for continuation of the grievance procedure at each level. Resolution of the grievance is at all times the objective of the district. If resolution is reached at any one step in the procedure, the process shall not be taken to the next step. The complainant may discontinue the procedure at any step by notifying the superintendent in writing.

No grievance shall be considered unless it is initiated or advanced from one step to the next by the complainant within the time limit specified in this policy. The written grievance must state the specific nature of the grievance and the resolution requested. All subsequent proceedings relating to a grievance will be limited to information which relates directly to the grievance as filed under Step 1 as outlined herein.

The five-step procedure included in the grievance process include alternating steps requesting continuation of the procedures followed by hearings at four levels. In the event that a grievance is filed against one of the individuals named in the established procedures for hearing grievances, the steps requiring a hearing by that individual may be eliminated, and the appeal may be submitted to the next level.

STEP 1

The initial filing of the written grievance in an appeal from the decision of the principal or immediate supervisor shall be made to the superintendent, or, in his/her absence, the superintendent's designee, within ten (10) days of the time the complainant knew or reasonably should have known of the act or condition on which the grievance is based. The individual staff member making the complaint shall state in writing his/her specific grievance and specific resolution requested on the staff grievance report form provided by the district. If necessary, additional pages may be attached to the original form.

STEP 2

Within ten (10) days after the written appeal has been made, the superintendent's representative should initiate meetings with the parties involved and attempt to resolve the grievance. The superintendent's representative shall meet individually and/or jointly with individual(s) involved in an attempt to reach a satisfactory conclusion of the grievance. The superintendent's representative shall provide to both the complainant and his/her supervisor a written report of his/her findings.

STEP 3

The superintendent should begin consideration of the grievance no later than ten (10) days following receipt of the written appeal by the complainant or the supervisor. If the superintendent is absent from his/her office, the initial conference(s) shall be held within ten (10) days after the superintendent returns to his/her office.

The superintendent shall meet individually with the individuals involved and/or jointly in an attempt to reach a satisfactory resolution to the problem.

The complainant and principal or immediate supervisor must receive in writing a report of the superintendent's decision concerning the grievance.

STEP 4

The complainant, principal, or supervisor shall have five (5) days following receipt of the superintendent's decision in which to make a written appeal to the board. Written appeals shall be made through the superintendent's office.

STEP 5

The board shall have the right to review all written documents and records of steps involved in the grievance procedures leading to the appeal to the board. The board shall then have the authority to vote not to hear the grievance based on the written decisions that have occurred in the steps preceding appeal to the board.

In the event that the board votes to hear the grievance, a hearing shall be scheduled as soon as a meeting can properly be arranged, or the board may appoint a hearing officer to conduct the hearing. The hearing officer shall make a written report on the matter for the board's consideration.

The board shall make a decision on the matter, but there shall be no time limits set for the board's hearing or decision.

An employee involved in the hearing may be represented by legal counsel at the employee's own expense.

The meeting of the board hearing the grievance shall be held in executive session, and the board shall not be bound by rules of evidence during the hearing nor be required to follow established court procedures. The board shall have the power to limit discussion and testimony.

A record of the hearing shall be made.

The district shall maintain a file of formal grievances and final disposition, and a full record of an individual staff grievance shall be kept in an individual's personnel file.

SEXUAL HARASSMENT POLICY

The Perry County School District shall provide an environment free from sexual harassment. Sexual harassment may consist of requests for sexual favors, unwelcome sexual advances, threats, actual bodily contact, or other deliberate verbal or physical conduct of a sexual nature.
