1 *General*

2 An unmanned aircraft system (“drone”) is a powered, aerial vehicle that:

- 3 1. Does not carry a human operator and is operated without the possibility of direct human
4 intervention from within or on the aircraft;
5
6 2. Uses aerodynamic forces to provide vehicle lift;
7
8 3. Can fly autonomously or be piloted remotely; and
9
10 4. Can be expendable or recoverable.¹

11 **APPROPRIATE USE**

12 Visitors and unsupervised students are prohibited from operating drones on district property.
13 District personnel are authorized to use aerial drones upon approval of the Director of Schools.

14 Staff members, students, coaches, sponsors, or parent(s)/guardian(s) representing the district or
15 any of its affiliated clubs shall operate any and all district drones in accordance with all applicable
16 Federal Aviation laws and regulations.² This includes any additional certifications or
17 authorizations that may be required from the Federal Aviation Administration based on the drone’s
18 intended use.³

19 The following guidelines shall be adhered to when flying a drone on district property:

- 20
21 1. All drones operating on district property shall weigh no more than fifty-five (55) pounds;
22
23 2. Operators shall not operate a drone within five (5) miles of any airport without prior
24 notification and confirmation from airport authorities;
25
26 3. Operators shall not operate a drone above an altitude of four hundred (400) feet above
27 ground level and remain clear of surrounding obstacles;
28
29 4. Operators shall maintain safe control and line of sight with the drone during all stages of
30 operation;
31
32

- 1
- 2 5. Operators shall maintain a safe operating distance from crowds and ensure drone
- 3 operations do not interfere with manned aircraft operations;
- 4
- 5 6. Data collected by a drone can only be used for hobby (educational) purposes and may not
- 6 be sold for profit;
- 7
- 8 7. If there is a plan to fly drones over property that is not owned by the district, the Director
- 9 of Schools shall first obtain written permission from the owner of the property. Staff
- 10 members operating drones on property not owned by the district shall adhere to all
- 11 guidelines as required when flying on district property,³ and
- 12
- 13 8. Operators assume all risk of damage to property and bodily injuries that may occur due to
- 14 unsafe operation of drones.

15 **INAPPROPRIATE USE**

16 Inappropriate use of drones includes, but is not limited to, the following:

- 17 1. Violating any local ordinances or state or federal law;⁴
- 18
- 19 2. Taking pictures of property or persons without consent;⁵
- 20
- 21 3. Violating safe operating protocols as defined in the drone user manual and classroom
- 22 guidelines;
- 23
- 24 4. Failing to follow board policy while using any drone; and
- 25
- 26 5. Harassing, interfering with another's work, insulting, or attacking others.

27 **VIOLATIONS**

28
29 Staff members shall monitor for inappropriate use of any drones. Violators may be subject to
30 disciplinary action, up to and including, suspension and/or expulsion for students or suspension
31 and/or termination for employees.
