

Spiritual Life

Lower School

At Master's Academy, spiritual life is the foundation of the Lower School experience. Every Friday, students gather in Chapel to pray, praise, and hear age-appropriate teaching from God's Word. These corporate moments of worship help cultivate hearts that love Jesus and minds that are grounded in biblical truth. In addition to Chapel, students engage in daily Bible classes where they explore Scripture, commit verses to memory, and learn how to apply God's truth in their daily lives.

Spiritual formation is not limited to Chapel or Bible class; it is woven into every subject and classroom environment. Whether solving math problems, conducting science experiments, or studying history, students are continually pointed to the character of God and His sovereign plan. Our desire is that each child not only gains academic knowledge but also discovers their identity in Christ and grows in wisdom and purpose. At Master's, we aim to equip students to fulfill God's unique calling on their lives with confidence, compassion, and a heart devoted to Him.
