Mrs. Tene' Everett, Counselor
Mrs. Sheri Pfeuffer, Media Specialist

Dear Parent/Guardian,

We are quickly approaching the spring administration of the Georgia Milestones. Students in grades 6-8 will take the Georgia Milestones End of Grade (EOG) assessments in English/Language Arts and Mathematics. Students in grade 8 also take assessments in Science and Social Studies.

Students will take the Milestones assessment at school using an online platform. Students have been given multiple opportunities to practice using the Milestones testing platform and have become comfortable with the testing environment. You can access a sample of how students will test online at www.gaexperienceonline.com. This site provides tutorial videos and the opportunity to experience practice test items. Please note that you must use the Chrome browser to access this site.

Please make every effort to schedule appointments on days when your student is not testing. We appreciate the great attendance and success during testing that we experience every year, and your help and cooperation play a major role in this success. Our district uses the information we learn from the Georgia Milestones to help us make improvements in our instructional programs as we strive to see high achievement for all students.

Students should make sure to bring their Chromebook fully charged on the dates of testing.

To assist you in planning and preparation, we have included below the specific dates your student is scheduled to take the test.

April 29: Algebra Concepts and Connections (8th grade Algebra students only)

May 2-3: English/Language Arts

May 6: Mathematics

May 7: Science (8th grade only)

May 8: Social Studies (8th grade only)

For more information about Georgia Milestones, please visit the Houston County School District Assessments site <https://www.hcbe.net/assessments> or contact the school.

Thank you for your continued support and cooperation,

C. Brett Wallace
