

# MRS BARRON'S KINDERGARTEN NEWSLETTER

**Friday, September 27, 2024**

**READING AND MATH:** This week we learned all about the letter **Gg** and our “red” word **and**. Next week we will learn about the letter **Cc**. Our new “red” word next week is **to**. We are also learning about what makes up a sentence, a subject and a predicate. In Math this week and next we will continue practicing numbers up to 10. Writing them correctly seems to be the hardest part of this unit. Please continue to have your child practice writing these numbers at home. This week and next all kindergarteners will be given VALLSS tests (formally PALS) which is an assessment of each child’s literacy development to determine what if any extra help is needed.

## **UPCOMING DATES:**

**Friday, October 11-End of the first grading period**

**Monday, October 14-Holiday**

**Tuesday, October 15-Parent/Teacher Conferences**

**\*Tuesday, October 29th will be our field trip to Riverside to see Willie Wonka.**

\*Please remember to send in a small dry snack for your child each day and daily lunch slips.
