

ABOUT THE ESC

The Environmental Studies Center is a natural sciences education facility designed to provide unique learning experiences. In addition, wildlife rehabilitation plays a vital role each day at the Center. Featuring 350 acres of rich woodlands, the Center affords teachers, students, and the general public an opportunity to experience firsthand the natural environment. Natural resources include pine and bay forests, swamps, freshwater streams, carnivorous plant bog, and a twenty acre lake.

Man-made resources include numerous nature trails, covered pavilions, live animal exhibits, pollinator garden, and native plant garden. Indoor facilities include an auditorium, classroom containing live reptile exhibits, a saltwater aquarium, and numerous preserved specimens native to Alabama.

THE ESC'S NOCTURNAL ANIMAL ROAD SHOW:

- Engages and educates your audience about the wonders of nocturnal, native wildlife
- Appropriate for most audiences and/or venues
- Correlated to the ALCOS objectives when appropriate
- Features rehabilitated, unreleasable animals
- Live animals may include owls, opossum, and alligator
- The ESC cannot guarantee any particular animal for any specific program due to circumstances beyond our control
- All moneys raised through this program, including donations, help to support the ESC's non-profit wildlife rehabilitation program

DO YOU WANT TO EDUCATE THE PUBLIC ABOUT NATIVE, NOCTURNAL ANIMALS?

The ESC's Nocturnal Animal Road Show can help make this possible!
