

Department of Curriculum, Instruction, and Assessment

The standard for teaching and learning at Discovery Regional is to provide a quality learning environment each and every day for our students. We are committed to empowering and supporting our teachers by providing them with the needed resources to meet the ever-changing needs of all of our students. We believe that all students can learn and should be afforded the opportunity to achieve their high school diploma and reach their highest potential.

The Department of Curriculum, Instruction, and Assessment provides guidance and oversight for Discovery Regional High School.

Focus Areas: Standards Based Curriculum, instructional support, media and technology services, state and local assessments, professional learning, instructional resources, and accountability.
