

**Monroe Randolph Transit & Christ Our Savior Lutheran High School
Transportation Agreement
2023-2024**

Christ Our Savior Lutheran High School and the Monroe Randolph Transit are working together during the 2023-2024 school year to help our *COS* families with accessible transportation for their child to and from school.

For families who have signed up for this transportation program, it is important to acknowledge the general information concerning the use of the transit system. Families are responsible for monthly payments of \$123.75, which will be due on the 15th of each month. Please make this payment to *Christ Our Savior*. (This may be combined with the monthly tuition payment.)

For families not needing the transit for specific days, they need to contact the Monroe Randolph Transit. It is the family's responsibility to inform the transit of any unique arrangements for the day. This pertains to illness, field trips, school events (both sports and academic), and/or personal pick-up in which the child will not need the transportation from the transit. **If families do not inform the transit of these changes, a \$15.00 no show fee will be charged each time.** Also, *Christ Our Savior* strongly recommends that families inform the school's office of these arrangements as well.

I have carefully read this transportation agreement and fully understand its contents. I hereby accept and verify the above information.
