Description	Recent research highlighted the impressive effect size of the UFLI Foundations phonics program. Whether you are new to the program or want to refine your instructional routines, this course is for you! We will examine the research behind the program, learn the steps for implementation, practice the routines, and learn how to extend the lessons for small group instruction using assessment data. Please bring your manual and an iPad or laptop. If you don't have a manual, there will be materials available to use during the training. If you don't plan to use UFLI but want to attend, the instructional routines can transfer to other programs.
