## What is Family Engagement?

Family Engagement means the participation of parents and family members in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- (A) That parents play an integral role in assisting their child’s learning.
- (B) That parents are encouraged to be actively involved in their child’s education.
- (C) That parents are full partners in their child’s education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.
- (D) The carrying out of other activities, such as those described in Section 1116 of the, Every Student Succeeds Act (ESSA).

## About the Parent and Family Engagement Policy

In support of strengthening student academic achievement, the Taliaferro County School District (TCSD) has developed this parent and family engagement policy that establishes the district’s expectations and objectives for meaningful family engagement and guides the strategies and resources that strengthen school and parent partnerships in the district’s Title I schools. This plan will describe TCSD’s commitment to engage families in the education of their children and to build the capacity in its Title I schools to implement family engagement strategies and activities designed to achieve the district and student academic achievement goals.

When schools, families, and communities work together to support learning, children tend to do better in school, stay in school longer and enjoy school more. Title I, Part A provides for substantive family engagement at every level of the program, such as in the development and implementation of the district and school plan, and in carrying out the district and school improvement provisions. Section 1116 of ESSA contains the primary Title I, Part A requirements for schools and school systems to involve parents and family members in their children’s education. The Taliaferro County School District will work with its Title I schools to ensure that the required school-level parent and family engagement policies meet the requirements of federal law and each include, as a component, a school-parent compact.
