Welcome to Lake Havasu Unified School District:

We are glad you are joining our successful team. Research indicates there is a direct correlation between student success and the attitudes, skills, and commitment of the teacher in the classroom. It is our goal to provide you with the tools, resources, and support you need to be an effective educator in our district. The first step of this onboarding process will begin during Educator Induction.

Educator Induction will take place Friday, July 22<sup>nd</sup> through Friday, July 29<sup>th</sup>. Breakfast and registration will open at 7:30 a.m. and orientation will begin at 8:00 a.m. Orientation will be held in the Lake Havasu High School library, 2675 S. Palo Verde. Please park in the C Hall student parking lot on the east side of campus. Campus gates will be open between C Hall & I Hall. A map of the campus is enclosed. Breakfast and lunch will be provided each day. If you have special dietary needs or restrictions, we ask that you please bring appropriate meals. During orientation, we will focus on building relationships, academic standards and lesson planning, creating optimal learning environments, specific technology software programs, and networking with others in the teaching profession. Please feel free to dress in comfortable attire. We also ask that you bring a laptop computer. If needed, one can be provided for you during the induction.

There are several supports you will receive that extend beyond these 6 days of orientation. During your first three years with the district, you will participate in seminars designed to support your growth as a professional. Additionally, you will be assigned a mentor teacher who will assist you throughout the year in becoming acquainted with your specific school site's protocols and procedures. In addition to your site-based mentor, a district coach will support you in the "plan-teach-reflect" cycle; conducting classroom observations, coaching, and modeling lessons as needed. We want you to be successful.

If you have relocated over the summer, please notify the district office by calling 928.505.6900 and provide us with your new address, telephone number, and e-mail address.

We look forward to meeting you at Education Induction on July 22, 2022.

Respectfully,

LHUSD Student Achievement Team
