Speakers may offer objective criticism of district operation and programs, but the Board will not hear any complaints concerning specific District personnel. The Chair will direct the visitor to the appropriate means for Board consideration and disposition of legitimate complaints involving individuals. The right to address the Board does not exempt the speaker from any potential liability for defamation.

- IV. SUPERINTENDENT'S REPORT
 - A. K-6 Principal Report: Written report submitted.
 - B. 7-12 Principal Report: Written report submitted. Jim Carlile-Superintendent and Jim Helmen-CMHS Asst Principal went over the highlights. They spoke briefly about the second year of the CTE grant, the data regarding the SAT/PSAT and upcoming events. J. Helmen also went over the very successful spring sports programs at CMHS. The baseball team made it to state, the softball team made it to the semifinals of the state playoffs (for only the 2nd time in school history) and the track team had its highest finish in school history, 4th place. Our 4x100 relay team set a state meet record as state champions and Ryan Watson was also the state champion in the 110M hurdles.
 - C. Superintendent Report: Jim Carlile went over the teacher vacancies at the two schools and the process for hiring. Rob Saxton, NWRES D Superintendent, has been generating interest in our Superintendent position. Jim will review executive session laws for the new board members during tonight's executive session.
 - Financial Report - Janice Essenberg: Janice gave the financial report on March and April. Hoping to not have to transfer much to the Food Service Program, it just depends on the year. If the board would like reports on different funds than what is presented today, the ESD would be happy to do that.

- V. BOARD MEMBERS REPORTS: Kathy Engel stated that she was very happy to be here and thanked the NWRES D for their professionalism during the appointment meeting last week. They were very complimentary to the Clatskanie community and it was appreciated. She also wanted to bring up that the community may have to change their expectations of the superintendent. Now that it is a .5 FTE, we need to understand that the person may not move here and to alter our expectations of the amount of outside time they can provide to the community. She had also spoken with Ed Serra, former Clatskanie Superintendent, and he is willing to provide training to our new board so they will know what their role as a board member encompasses. Maybe we should wait until the new superintendent is on board. Mr. Serra has offered this service free of charge. Kara Harris stated that she was honored to be here to represent the district and to serve the community in this capacity. Ian Wiggins complimented James Byrne and Tim Erwin, teacher at CMHS for their work on the Science Fair. Chris Ouellette echoed Kathy Engel's comments about the superintendent position being .5 FTE. Megan Evenson stated she was happy to have all of the people on the board so business can get done in the district and we can move forward.
