READ THESE NOTES.

1. If the district is fractional, write the names of the children in each township separately under the name of the township, beginning with that township in which the schoolhouse or site is situated. A separate statement must be made to the clerks of the several townships in which the children are situated, giving the number of children five years of age and under twenty years residing in that part of the district lying within their respective townships.
2. If there is not space on this page sufficient to write the names of all the children in the district, write the remainder upon ordinary foolscap paper, properly ruled, and attach the same to this sheet. Do not use additional blanks.
3. The ages of the children are on June 1, 1915. If a child removes from the district during the fifteen days preceding June 1, he should be placed in the district in which he is resident June 1.
4. Place opposite the name of the child, in the column provided, the number of the grade in which they have been enrolled during the year ending June 1, 1915. The total must agree with items 2a and 2b, front of blank.
