

**District:** West Point Consolidated School District

**Section:** J - Students

**Policy Code:** JG - School Wellness Policy

## SCHOOL WELLNESS POLICY

**Rational:** The link between nutrition, physical activity, and learning is well documented. Healthy eating and activity patterns are essential for students to achieve their full academic potential, full physical and mental growth, and lifelong health and well-being. Healthy eating and physical activity, essential for a healthy weight, are also linked to reduced risk for many chronic diseases. Schools have a responsibility to help students learn, establish, and maintain lifelong, healthy eating and activity patterns. Well-planned and effectively implemented school nutrition and fitness programs have been shown to enhance students' overall health, as well as their behavior and academic achievement in school. Staff wellness also is an integral part of a healthy school environment, since school staff can be daily role models for healthy behaviors.

**Goal:** All students in the West Point Consolidated School District shall possess the knowledge and skills necessary to make nutritious food choices and enjoyable physical activity choices for a lifetime. All staff in the West Point Consolidated School District is encouraged to model healthful eating and physical activity as a valuable part of daily life. The school environment is safe, comfortable, pleasing, and allows ample time and space for eating meals. The use of food and/or physical activity used as a reward or punishment is discouraged.

To meet this goal, the West Point Consolidated School District adopts this school Wellness policy with the following commitments to nutrition, physical activity, comprehensive health education, marketing, and implementation. This policy is designed to effectively utilize school and community resources and to equitably serve the needs and interests of all students and staff, taking into consideration differences in culture.

Specifically, the federal legislation requires:

- Specific goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. LEA's are required to review and consider evidenced-based strategies in determining these goals.
- Standards and nutrition guidelines for all foods and beverages sold to students on the school campus during the school day that are consistent with Federal regulations for school meal nutrition standards and Smart Snacks in School Nutrition standards.
- Standards for all foods and beverages provided but not sold to students during the school day (e.g., in classroom parties, classroom snacks brought by parents, or other foods given as incentives).
- Policies for food and beverage marketing that allow marketing and advertising of only those foods and beverages that meet the Smart Snacks in School Nutrition standards.
