Clark School District

Philosophy & Goals

Philosophy

We believe in the supreme worth, dignity and uniqueness of each individual. Therefore, the Clark School District 12-2 will strive to provide an educational environment that promotes and enhances learning as a lifelong endeavor.

Each student according to the individual ability, interest and potential, will benefit intellectually, physically, morally, emotionally, aesthetically and socially through the joint effort of the student, staff, parents, and community.

The ultimate purpose of the educational process of the Clark School District is to prepare each student to accept responsibilities to self, family, community, country and to become a contributing member of our changing world.

This philosophy can be defined more clearly through the following goals:

Goals:

1. To provide each student opportunities to develop proficiency in basic academic skills.
2. To provide opportunities for each student to develop the capacity to recognize and cope with the problems of an unknown future.
3. To assist in the development of meaningful interpersonal relationships among students, staff and community.
4. To encourage staff, student, parents and community participation in the development and evaluation of programs and policies.
5. To utilize material and human resources efficiently.
6. To assist students in developing civic skills to enhance the democratic way of life.
7. To develop programs which will address post-secondary preparation, vocational and life skills competencies.

Clark School District Return-to-School Plan can or will supersede different policies or procedures in the handbook as may be necessary.

Introduction for Parents

Clark Jr.-Sr. High School is dedicated to its students in grades 6-12. We are committed to meeting individual needs. The staff accepts the responsibility of helping guide its students through the most difficult period of growth they will perhaps ever experience.

What parents can do to help the school achieve the best goals for students:

1. Show an active interest in what the school is doing. Attend its functions.
2. Be open-minded toward change, inquiring about policies and practices before accepting rumors or incomplete information. Stories told by students are not always based on fact.
3. Provide the school with information about the student which might affect his/her school progress and adjustment.
4. Recognize that the home, rather than the school, must assume major responsibility for certain aspects of a child's development, moral and spiritual values, health, discipline, sex education, and out-of-school interests and activities.
5. If parents do not agree with or understand school policy, they should refrain from encouraging their children to ignore the policy. There are more appropriate means for effecting change, and until change is effected, a student is more secure if it is clear to him/her that he/she is expected to abide by the rules.
6. Make sure that assignments are completed when they are brought home.
 - A. See that they have a regular time to do homework, away from distractions such as TV.
 - B. Offer to help your children with their homework.
 - C. Have them read to you to see if they understand what they've read.
7. Get students to school regularly and on time. There cannot be continuity of learning without regular attendance.
 - *A. Plan vacations when students are out of school.
 - B. Do not keep them home to babysit or to do chores which can be done outside of school time.
 - *C. Try to arrange appointments, shopping trips, etc. on vacation time or after school.
 - D. Please refer to Attendance requirements.
8. Try to be home when they are home.
 - A. Students should have some responsibility around home, but not all responsibilities.
9. Know their friends and what they are doing.
 - A. Know their friends' parents and communicate with them.
 - B. Become knowledgeable of school and community curfew regulations.
 - a. Ordinance on the books, under sixteen years of age - 10:00 PM.
 - b. Over sixteen years of age no ordinance exists.
10. Encourage them to take part in school activities.

Fire Drill

Fire drills will be held in accordance with state regulations. Special instructions in fire drill procedure will be given to students the first week of school and again in early spring. The first drill will be held shortly after the first instruction in the fall. Fire drills will be held without warning and will be varied in procedure to give the students the experience of varying fire possibilities. Order rather than speed will be stressed in fire drills.

Closing Schools

If the cancellation is before the start of the school day, notice of that cancellation will be issued and relayed to the local radio stations, KWAT, KDLO and KIXX in Watertown. Also cable television stations KELO and KSFY and KDLT.

Please listen to radio and television stations for announcements concerning school dismissal because of inclement weather. The school will also call each individual home using School Messenger, an automated calling system. Please do not phone the school or school personnel for this information. The announcement will also be posted on the district's Facebook page <https://www.facebook.com/ClarkSchoolDistrict>

There is always the possibility of an unscheduled closing of school. The weather or a breakdown in equipment may cause such a closing. Such cancellation and dismissal time will be announced to the building principals by the Superintendent of Schools. The school buses will run their routes at the time of the early dismissal.

Parents that have special instruction regarding their children in case of early dismissal due to inclement weather or other emergencies should so specify on the enrollment forms. Each parent should be sure his or her child knows where to go if such an emergency arises and the parents are absent from the home. It is suggested that each student have a house key or access to a key in case of an emergency.

Guidance & Counseling

School counseling/guidance services provided:

- K-8 classroom guidance
- High school guidance
- Short term and immediate individual counseling for social and/or emotional issues
- Information and resources for parents on a variety of issues
- Referral to other agencies when necessary

All students are encouraged to visit with the school counselor/advisor. Students are assured that conversations are in the strictest confidence. The counselor/advisor is available before, during, and after school and by special appointment.

Students are encouraged to schedule their own appointments with the counselor. Appointments will be set up for those students who are referred by peers, parents, or staff members.

The Clark School District offers short-term individual counseling to students. The short-term individual counseling services provide support for all students to be successful with a focus on academic achievement, career development and social emotional development. Parents/guardians or school staff may refer students for counseling, or students may request counseling.

School counseling services are short-term services aimed at the more effective education and socialization of the student within the school community. These services are not intended as a substitute for assessing, diagnosing or treating any mental health disorder. It is the parents/guardians responsibility to determine whether additional or different services are necessary, and whether to seek them for your child.

School counselors are an advocate for students and an excellent resource; however, they do not provide therapy or long-term counseling (standards of the American School Counseling Association). Referrals to outside agencies will be initiated when appropriate.

Parent permission for counseling services:

- The main goal of school counseling services is to assist with healthy development in students in the following areas: academic, school, social and emotional.
- The school counselor will seek parental permission before short-term individual counseling services are provided to the student.
- The school counselor will seek parental permission before students are allowed to participate in any group counseling offered by the counselor.
- However, the school counselor reserves the right to provide any classroom guidance activities, teacher referred counseling or crisis intervention services to students without the permission of parents.

Confidentiality between student and school counselor/student advisor:

- The school counselor has an obligation to the student to keep what is shared in a counseling session confidential unless it falls under one of the following exceptions.
 - * If the student reports neglect, physical or sexual abuse of themselves or others.
 - * If the student threatens to harm his/herself or someone else.
 - * If a parent grants me permission to release my records to another professional.
- By law the situations listed above must be reported to the proper reporting agency or persons.
- In the event that a parent wishes the counselor to share any other information rendered during a counseling session, the counselor must first obtain permission from the student.
- The school counselor will do his/her best to work collaboratively with parents for the best interest of the student.

Title IX

“The Clark schools shall not unlawfully discriminate on the basis of sex, race, creed, color, or national origin in the educational program or activities which it operates and is required by Title IX of the Education Amendment of 1972 and the legally adopted regulations pursuant thereto.” Anyone who has a complaint regarding discrimination should contact the school office at 220 N. Clinton, Clark, SD 57225 or call 532-3605.

Privacy Privilege

Federal law does permit students over the age of 18, or the parents of other students, to prevent the publishing of their own name, or the names of their children, or the publishing of their own picture in the media. Students of parents desiring this option should notify the principal in writing within two weeks following registration.

Student Complaints and Grievances

The Board recognizes that there may be conditions in the school district that are in need of improvement and that students should have some means by which their concerns may be effectively expressed, considered, and dealt with fairly. Such means, if well-conceived and understood in advance, can do much to maintain harmonious relationships between the schools and the students and community.

The Board desires student complaints and grievances to be resolved through orderly processes and at the lowest possible level, but that channels be provided for eventual hearing by the Board in instances when this becomes necessary. Therefore:

1. Any student or his/her parents or guardian will be provided the opportunity to discuss with the student's teacher a decision or situation which they consider unjust or unfair.
2. If the incident remains unresolved, the student or his/her parents or guardian or the teacher, may bring the matter to the principal's attention for consideration and action.
3. The student may also bring a matter of general student concern to the attention of class officers or the student council (in grades and schools where such are elected) for possible presentation to the principal.
4. If the matter is still unresolved after the procedure outlined above, it may be brought to the superintendent for consideration.
5. Complaints that remain unresolved following any action of the superintendent may be referred in writing to the Board for review.

The Board's decision will be final unless an appeal hearing is requested. Disputes addressing the enrollment, transportation (including inter-district disputes), and other barriers to the education of children and youth experiencing homelessness are also addressed under this procedure. Parents, guardians, and unaccompanied youth may initiate the dispute resolution process directly at the school they choose, as well as at the district or district's homeless liaison's office.

The parent or guardian or unaccompanied youth shall be provided with a written explanation of the Clark School District's decision including the rights of the parent, guardian, or youth to appeal the decision. Students should be provided with all services for which they are eligible while disputes are resolved.

The Clark School District superintendent will investigate, within one week, the circumstances of the complaint and render a decision, within two weeks, after receipt of the complaint.

The Clark School District superintendent will notify the complainant of the decision in writing.

The complainant will be allowed one week to react to the decision before it becomes final.

The complainant will either accept or disagree with the decision and will provide such acknowledgment in writing, addressed to the Clark School District superintendent.

If the issue is not resolved with the Clark School District superintendent, the complaint will be forwarded to the Clark School District's Board of Education for further review. The parent or guardian or unaccompanied youth shall be provided with a written explanation of the district's decision including the rights of the parent, guardian, or youth to appeal the decision.

Unresolved complaints may be forwarded by the stakeholder to the South Dakota Department of Education for review (consult SD Department of Education Complaint Procedure).

Leaving the School Grounds

For the protection of the children, no student is permitted to leave the school or school grounds at any time during the school hours without permission from the school. Children will be released only to parents, guardians, or other authorized persons. If, in case, there is a question of which parent has custody of the child, the school must have a written document from the court indicating which parent has lawful custody at the time.

Lunch Attendance

Only students who have earned Senior privileges are allowed off-campus lunch. All other students are to eat lunch on campus. The only exception to this is a parent/guardian coming to the school to check their child out for lunch.

Academic Planner

Each student will receive an academic planner. Students will use these planners throughout their school day to write in their assignments for their classes. Students will have Study Skills during the school day where they will work on organizational and study skills. Weekly checks of their grades using both infinite campus and checking in with teachers will be a part of teaching the student responsibility for their daily work. Students will also identify and write weekly goals in their student planner.

Assignments/Missing Work

Students are expected to complete all assignments on time. Quality work on assignments is also crucial in the understanding of skills by which other learning is built. Students with missing grades may report after school to a teacher to complete assignments. If further time is needed for assignment completion, the student must make arrangements between home and the school for extra help prior to or after school.

Middle school students are expected to complete assignments on time. The exception to this would be circumstances deemed appropriate by the teacher. Under these circumstances an extension of the due date will be extended as agreed upon by the teacher.

Field Trips

Middle school students may earn the privilege of participating in a class trip. Homeroom teachers and administrators reserve the right to exclude any student who has not demonstrated proper behavior and respect from participating in a field trip.

Middle School Rules

The following rules are posted in the Middle School classrooms:

- Show respect for all people in the school community
- Keep hand, feet, and all other objects to ourselves
- Finish classwork and all homework on time

- Read
- Learn as much as we are able

These rules are important in maintaining proper behavior within our school that does not hinder the learning of others. Individual teachers may add to these rules for their individual classroom management.

Weekly Progress Reports

Weekly progress reports are available upon parental or student request. Reports will either be mailed home or provided to the student. Weekly Progress Reports will not be furnished at mid-term of each quarter and each 9-week grading period.

Attendance/Tardiness

A student is considered tardy at the beginning of the day once the doors are locked. Attendance and tardiness are important parts of each student's permanent record. College as well as future employers are very much concerned about high school attendance and tardiness. A large number of companies who employ high school graduates require that a specific explanation accompany transcripts which indicate why a student has been absent or tardy from high school or high school classes. All reasons for absenteeism and tardiness for the four years will be recorded and held in the student's personal folder.

Attendance / tardiness will be taken on an individual period basis. Students who are enrolled in the Clark Public School are required in accordance with state law and school board regulations to attend school and classes on a regular basis. Students who are constantly absent or tardy cannot expect to earn passing grades.

Written notification of a student's absences/tardiness will be forwarded home and earn a detention at intervals of an accumulative six, and every third tardy thereafter.

~~If the student is absent and/or tardy for more than ten 10 class periods for any reason other than a school related activity he or she will receive a grade reduction of 1% for each absence over 5. Extended absences will be dealt with on an individual basis by the administration.~~

Absences will be grouped under three main categories:

1. Exempt: Clark School District will exempt (will not be counted towards the 10 class periods) for the following reasons:
 - a. Bereavement for immediate family. (Father, Mother, Sibling, Grandparents)
 - b. School Activities
 - c. Students who are hospitalized for a long period of time or if a doctor's note states that a student is not to attend school.
 - d. Documented Excused Absences: medical, physical therapy, orthodontics, dental, and legal appointments that cannot be scheduled after school hours and are necessary to be scheduled during the school day. This will need to be verified in writing on formal letterhead and submitted to the high school office for approval.
 - e. Seniors will be allowed two days of college or technical school visits if they are arranged through the counselor or principal's office. Juniors will be allowed two days to attend a college or technical school visit.
 - f. Discretion of Administration

2. Excused: The Clark School District recognizes that a student may be gone from school. Absences that may be excused, but count towards the 10 class periods are: personal illness, funerals, family vacations, weddings, and special family events.
3. Truant: Absent from school without knowledge of parents or the school for an invalid reason. Such absences might be the outright skipping of a class or classes.

Additional Attendance Guidelines:

1. A student who becomes ill while in school will report to the principal's office, contact with the parents/guardian will be made before allowing a student to go home.
2. Students who plan to participate in or attend a school activity which takes place after school hours must be in attendance that afternoon beginning at Noon of that day. This includes practice.
3. A student will not leave school during the school day without reporting to the principal's office for permission. Failure to report will be considered truancy or skipping school.
4. There may be reasons for a student to be absent from school for short periods of time that do not mean the missing of class. A note must be sent from home and then a pink pass obtained from the principal's office before the student will be allowed to leave.
5. For any absence for a school-sponsored activity, all middle school students are to have their green activity slips completed before they are allowed to leave for that activity.
6. A student missing school on the day of a previously announced test will be expected to take the tests on the first day they are back to school, unless other arrangements have been made with the teacher and administration.

Activities/Attendance

Clark School offers a well-rounded activity program. Any student can find some time to participate in an activity and each is encouraged to take part in at least one.

Any student who is absent from school on the day of an activity, practice, or contest shall be ineligible to participate or attend that activity, practice and/ or contest unless approved by the administration beforehand. Any student will be allowed to participate or attend an activity or practice if the student is in attendance by **Noon** of the school day. Students should be discouraged from scheduling such things as medical or dental appointments, college visitations, employment interviews, work, etc. on the day of any contest or activity. (see athletic handbook for further policy description)

Assignment Policy

Students are expected to complete assignments in a timely manner. Any assignment not turned in on assigned date will be graded according to the individual teachers grading policy.

Doctor and Dental Appointments

Students, when possible, arrange doctor and dental appointments after school hours or on in-service Fridays.

Dispensing of Medication

When appropriate Clark School staff will assist students with self-administration of medication according to the following requirements:

Definitions

1. **Assistance with self-administration of medications:** The term “assistance with self-administration of medications” means helping a student with one or more steps in the process of taking medications but not actual administration of medications. Assistance with self-administration of medications may include opening the medication container, reminding the student of the proper time to take the medication, helping to remove the medication from the container, and returning the medication container to proper storage. The person should have some informal training to ensure he/she feels comfortable in the role.
2. **Administration of medication:** The administration of medications is a nursing function. The steps in medication administration entail removing an individual dose from a previously dispensed labeled container including a unit dose container; verifying it with the physician’s order; giving the individual dose to the student for which it is prescribed; and promptly recording the time and dose given.

Administration of Medications

Clark School staff does not participate in the administration of medications unless appropriate training as required by SDCL 13-33A and Board of Nursing administrative rules has been approved.

Requirements for Self-Administration of Medication

1. Clark School Administration has been informed of a request or student assistance with medication.
2. The letter on the following page is distributed to the parent or guardian of each student.
3. This letter, “Parent/Guardian Authorization for Assistance with Self-Administration of Medications” has been fully completed.
4. The “Medication Observation Daily Log” must be maintained by the Clark staff for each student with each medication.
5. All medications to be supervised by school personnel are kept in a securely locked area.
6. Parents/guardians may retrieve the medication from the school at any time.
7. No more than a thirty day supply of the medication for a student is to be stored at the school.
8. All unused, discontinued, or outdated medications are to be returned to the parent or guardian and appropriately documented. All medications are to be returned to parents or guardians at the end of the school year.
9. Clark staff will notify parents or guardians of any side effects, variations from the plan, or the student’s refusal or failure to take the medication.
10. Medication errors will be documented by Clark staff using the Medication Report Error form.
11. This policy and outlined procedures all apply concerning over-the-counter medications. All procedures included in this policy apply to circumstances involving the administration of medication. In these cases the “Parent/Guardian Authorization for Administration of Medication” form is required in place of item three under self-administration.

Dear Parent/Guardian:

We would like to inform you of the policies that have been put in place to ensure the health and safety of children needing medication (including over-the-counter such as Tylenol) during the school day.

Our school district requires that the following forms must be on file in your child's health record before we begin to give any medication at school:

1. Signed consent by the parent or guardian to give medicine.
2. Signed Medication Record.

Medications must be delivered to the school in a pharmacy or manufacturer-labeled container by you or a responsible adult whom you designate. Please ask your pharmacy to provide separate bottles for school and home. No more than a thirty-day supply of the medicine is to be delivered to the school. When your child needs a medication to be given during the school day, please act quickly to follow these policies so we may begin to give the medication as soon as possible.

Thank you for your help.

Sincerely Yours,

_____ (School Personnel)

_____ (Telephone)

Accidents

If a student witnesses an accident on the school grounds, within the building, or has an accident himself, he or she should report it immediately to the nearest teacher on duty or to the school office. The school does not provide insurance to cover accidental injury.

Telephones/Electronic Telecommunication Devices

The office telephone is a business phone and may be used by students for emergencies only. Parents are encouraged to call the school and leave a message for the student. Office personnel will deliver the message in writing to the student.

The office will not interrupt class for the student to come to the phone except in cases of emergencies. Cell phones and all other telecommunication devices must be turned off and in your locker.

For the purpose of this policy, the instructional day will be defined to be the time the students arrive on campus in the morning until the time they are officially dismissed in the afternoon. Instructional period is defined as the instructional minutes of each class period. Student cell-phone use is currently permitted during each passing period, before/after school, lunch time. On field trips, telecommunication devices may be possessed/used at the discretion of the supervisor in charge. No cell phones in locker rooms and restrooms.

Used/turned on/visible possession shall result in:

First Offense

- Confiscation of the cell phone, for the remainder of the school day.

Second Offense

- Confiscation of the cell phone, for the remainder of the school day.
- 30 minute office detention

Third Offense:

- Confiscation of the cell phone, for remainder of the school day. Parent must pick up from office.
- * Meeting with student, parent, and administration

Fourth Offense

- Confiscation of cell phone, student must drop off cellphone at the office as part of their 1st period attendance for the entire instructional day for the remainder of the Quarter.
- * Meeting with student, parent, and administration

Lockers

Lockers are the property of the school district and subsequently subject to inspection by school personnel at any time. IT IS STRONGLY RECOMMENDED THAT YOU DO NOT LEAVE ANYTHING OF VALUE IN THE LOCKER. Students will refrain from displaying pictures, posters, or items promoting alcohol/tobacco, sexual connotation, or pornographic materials. The student is expected to keep the locker and combination lock in the manner the locker was assigned to them.

Daily Bulletin

A daily bulletin will be published. Persons wanting to put authorized notices in the bulletin may turn them in to the office by 8:00 AM. Each teacher will receive a bulletin. The daily lunch menu will be included in this bulletin.

Detention

The detention policy will pertain to all students in grades 6-8. Parents of students who have detention may be contacted by the office.

Teachers assigning individual detentions will supervise the detention and also determine the date and time (A.M. or P.M.) it will be served.

Office detentions may be served before or after school and will be under the supervision of administration.

A student reporting to detention shall bring schoolwork to do during detention.

Office Intervention

If a student needs to be removed from class for disciplinary reasons they will work through the office intervention process. The goal of this time is to help the student learn from his/her behaviors by taking a restorative, reflective, and instructional approach, while still providing access to the curriculum. Students will work on class assignments during this time with a minimum of one teacher check in throughout the day for each teacher the student will miss whole group classroom instruction for. Students will be responsible for reaching out to teachers during their assigned prep or before school to get the school work they will miss. If necessary instructional support will be provided both academically and behaviorally.

Out-of-School Suspension

Students assigned to an out-of-school suspension will be required to make up all work missed during this time and turn in assignments upon return to school. A plan for support instructionally and behaviorally will be developed with the student, parent, administrator, and teacher team.

All behavior guidelines set forth in this handbook, are at the administrator's discretion. District administration in any and all cases has the right to use administrative discretion when determining the appropriate discipline. Student discipline will be considered on a case by case basis with the administrator weighing all factors that are involved with the student behavior in question. A strong focus on restorative action and ensuring social-emotional needs of students, limiting out of school suspensions and the need for expulsions will provide for more meaningful long-term changes in the behavior of students.

Glossary

- **Cell Phones / Pagers / I-pods or comparable devices:** For the purpose of this policy, the instructional day will be defined to be the time students arrive on campus in the morning until the time they are officially dismissed in the afternoon. On field trips, these devices may be possessed / used at the discretion of the supervisor.
- **Cheating:** Students who act in a dishonest or unfair manner when doing school related work would receive a failing grade for that act. In all cases, the teacher will notify parents/guardian immediately. Plagiarism (using another's work as your own) will result in the same action by the teacher.
- **Forgery:** The act of forgery, fabricating, or producing falsely.
- **Stealing:** The taking of another's property. This includes the taking of school property of another person, staff member or student.
- **Fighting:** Physical violence in an angry or quarrelsome manner with intent to harm another person or to disrupt the process of education while on school property, including parking lot and school vehicles (rented, leased, or owned)
- **Insubordination:** Refusing to obey; failure to follow instructions or directions of a staff member; defiance; rebelliousness.
- **Harassment:** Hounding, pestering, plaguing, or tormenting another. Harassment implies a systematic persecution by besetting with annoyances, threats or demands. Harassment may also constitute sexual harassment, which is a violation of board policy and federal laws. Argumentative behavior that involves threatening, pushing, and shoving will be considered harassment.
- **Gross Disrespect of Teachers:** Directing vulgar or profane language to a school employee. This may include name-calling, defiance, or hostility directed toward a teacher.
- **Vandalism:** The willful or malicious destruction or defacement of school property (owned or rented).
- **Physical Assault:** Physical attack on a school employee / student whether they are injured or not.
- **SIP:** Student Intervention Plan

Student Behavior on Buses

The privilege of riding a school bus carries with it some responsibilities on the part of the student. Drivers are expected to keep order and discipline on the bus, but their major responsibility has to be driving the bus. Therefore, students are expected to cooperate with the following regulations:

1. Pupils are not to hang on the sides of the bus and are not to hang heads, legs, bodies, or hands out the windows of the bus.
2. Pupils are to be seated immediately upon entering the bus and are to remain seated until they arrive at their destination, school in the morning and bus debarkation station in the afternoon.
3. Loud talking and other noises are not permitted on the bus.
4. Pupils are not to harass other pupils while waiting for a school bus, and the same rule applies while riding on the bus.

5. Vulgar language and the use of tobacco/drugs/alcohol are prohibited on the school bus.
6. Students will be held financially responsible for damage to the interior of the bus, including torn seats.
7. Students will board the bus and leave the bus according to the instructions of the driver.
8. Students are to obey all orders of the drivers and to show proper respect to the drivers.
9. Students may not leave the bus on its way to and from the school except to ride with parents. In such cases, parents should inform the school bus drivers.
10. Students are not to throw objects while on the school bus.
11. Students must sit in seats assigned by the driver.
12. Each passenger is expected to help in keeping the bus clean, pick up paper and other objects from the floor. Shoes and boots should be free of mud as conditions allow, before entering the bus.
13. Beverages may be brought into the bus at the bus driver's discretion.

Any bus passenger that cannot abide by accepted rules and regulations of bus transportation will be denied that privilege. With a "First Offense", a telephone call will be made to parents informing them of the discipline problem and the actions that will be taken if the discipline problem continues. A "Second Offense" will deny bus transportation for a period of one week. A required meeting with parents will take place before the student can return to the bus. A "Third Offense" may deny bus transportation for the remainder of that given school year. Serious misconduct may result in immediate suspension.

Student Dress/Appearance

We take pride in the appearance of our students. Your dress reflects the quality of the school, of your conduct, and of your school work. Appropriate dress is expected at all school functions. Any dress that is distracting to learning will not be allowed. Girls will be permitted to wear clothing that does not completely cover the shoulder, however spaghetti straps will not be allowed. All shirts must cover the midriff section when the hand is raised. The midriff section is considered the middle portion of the front of the human body, from just below the breast to the waistline. Students are to refrain from wearing extremely short shorts, or any item of clothing that is intentionally sliced, cut, or torn to expose bare skin. Any item of clothing displaying or promoting alcohol/tobacco, pornographic, or inappropriate materials is not permitted during school time and/or at activities. Chains and/or gang-related attire is prohibited. No caps or hats will be worn in the building during the school day. Upon arrival, students must put their hat in their locker and should not put their hat back on until the end of the school day. Students wearing hoodies are expected to keep the hood of their hoodie down during the school day. Wearing sleeveless shirts exposing bare/skin undergarments is prohibited.

It is the intent of the dress code to be flexible enough to allow for individual tastes while maintaining an appropriate atmosphere for learning.

School Lunches

The Clark School District participates in the Federal Hot Lunch Program. Meals are planned and balanced nutritionally. Students may bring a sack lunch from home or food may be purchased in

the school cafeteria. No special lunches (fast food/drinks) are allowed in the building during the lunch period. The cost for lunches at the secondary building will be \$2.70 for students and reduced at \$.40. The cost for adult lunches, \$4.71. Additional entrees are \$1.60. If extra milk is desired, the cost will be \$.50 per carton. Morning breakfast bags will also be available for \$2.00. Adult breakfast \$2.73. Due to the national school lunch program, competitive food (FROM LOCAL EATING ESTABLISHMENTS) is prohibited. Sack lunch is acceptable, however.

Activity Ticket/Student Seating

Activity tickets are available at a cost of \$15.00. This ticket is good for all athletic contests (except tournaments or double-header), plays, music programs, and assembly programs. Band students are admitted to the event, provided the band plays. A student involved in one particular sport will not be permitted into other sporting events unless one has an activity ticket or pays admission. Student seating will be located in the northeast corner of the gymnasium.

Grading System

The following grading scale will be followed for grades 6-12. Teachers have the flexibility of using straight letter grades, letter grades with plus/minus and/or grading on percentage. Letter grades will be placed on report cards.

Straight Letter Grade:

100-90%	A
89-80%	B
79-70%	C
69-60%	D
59-0%	F

The honor roll is compiled at the end of each quarter and semester based on the grades for that period. To make the honor roll, a 3.00 grade point must be maintained.

The honor roll is divided as follows:

3.00-3.49	Bronze Roll
3.50-3.99	Silver Roll
4.00	Gold Roll

GPA

The honor point average is determined by using the following values:

	Traditional	Dual Credit
A	4 points	5
B	3 points	4
C	2 points	3
D	1 point	2

Student Council

Student Council is a group of elected and volunteer students working together with an adult advisor within the framework of a constitution or bylaws to provide a means for student

expression and assistance in school affairs and activities, give opportunities for student experience in leadership and encourage student, faculty, and community relations.

The purpose of the student council is to give students an opportunity to develop leadership by organizing and carrying out school activities and service projects. In addition to planning events that contribute to school spirit and community welfare, the student council is the voice of the student body. They help share student ideas, interests and concerns with the school wide community.

The function of the student council is based upon parliamentary procedures. Ideas are presented, voted upon and confirmed by the student body president. Any student that is interested in leadership, organizational behavior, event planning or becoming more involved in the school are welcome to become involved.

Selection is made once a year in the spring. Each class elects a class president and two representatives to the council. A vice president, secretary, and a treasure are elected by the Student Council during their organizational meeting.

The Student Council will carry out the tasks of organizing the annual homecoming and Veteran's Day Program.

Grade Academic Progress

Students are encouraged to strive for passing grades in all the academic subjects. All discipline areas are equally important. It is the belief of the school board, administration and faculty for middle school students to pass at least three out of the five major academic classes. These classes are mathematics, English, language arts, science and social studies. A student not achieving the above requirement may be considered for retention at the previous grade level. A joint meeting between administration, parents and Teacher Team members will be held for consideration of retention.

Beverages

Middle school students are not permitted to bring beverages **other than water and a water bottle** into the school building before or during school time. This includes extracurricular functions. Beverage consumption is not permitted in the classroom without consent of the teacher.

Library Resource Center

All students have the privilege to use the library; however, library privileges will be withdrawn from any student who does not follow rules of good conduct. Students are expected to be quiet and courteous. Each student is responsible for replacing any items he or she used while in the library whether it is a chair, book, magazine, or newspaper. Library material may be checked out for three weeks (except encyclopedias which are overnight only). Loss of library privileges may result from not returning library materials promptly.

An overdue list is posted in the library and hall bulletin board. The librarian will help you find information, answer questions or show you how to use any materials in the library.

Students and their parents are required to read and complete an internet usage agreement before students will be allowed to access the internet for school purposes.

Classroom Visitation by Parents

All classroom visits by parents/guardians should be scheduled at least one week ahead of time with the teacher and administrator. Prior approval is required before a parent/guardians visit any classroom.

Withdrawal from School

If it becomes necessary for a student to withdraw from school during the school term, a parent or guardian must make this request in person. They must state the reason for the withdrawal and the destination so that records will be completed properly. The student will be given a withdrawal sheet to take to each teacher for proper clearance. It is not necessary for parents to sign a release when records are being passed from public school to public school.

Driver Education

1. Students who desire to take Summer Driver Education at Clark High School must be at least 14 years of age or will have their 14th birthday by September 1.
2. If a student has reached his/her 14th birthday but has not completed the 8th grade, they may, upon permission by the principal, be allowed to complete Driver Education. This would not affect the licensing procedure as established by the State of South Dakota.
3. In district students will be charged \$225 for driver's education.
4. Preference will be given to students enrolled in the Clark School District.

Textbooks/Materials/ Uniforms

Students will be responsible for textbooks/material issued to them. If the book/material/uniform/etc. shows unreasonable wear at the end of the term or is missing, the student may be required to pay for the item.

Uniforms and any other school issued clothing shall only be worn on the day of the contest or in direct conjunction with that particular activity.

Retention

Retaining students at a given grade is a procedure practiced when the students are functioning at a level significantly below grade level expectations. Criteria used to determine retention are:

- a) Passing grade in reading and math
- b) Physical, emotional, and mental maturity
- c) Work habits and attitude

No child will be retained until a conference with the parents, teacher, and the principal has been held. Retaining a student is viewed as a way of helping students who need additional time to master basic skills. Notification to parents will occur by the beginning of the 4th quarter if retention is being considered by the school staff.

Audience Courtesy

During an assembly, concert, play, etc., the following courtesies should be observed:

1. Show the participants the same respect you would want if you were presenting the activity.
2. Applause is appropriate in all cases. In pep rallies and athletic events, cheering and whistling are acceptable.
3. Remain seated during programs. If you have an emergency, wait for a break in the action and then leave/enter quickly and quietly. Students are not allowed to loiter in the commons area while a sporting event or other activity is in progress.
4. Always be courteous to those performing and to others watching a program.

Awards Program

The Awards Program will be held in honor of students' scholastic and extracurricular achievements. It is generally held late in the school year. Interested parents and guests are invited to attend.

School Activities in the Evening

On occasion, students will be working in the evening on various school activities. Proper supervision must be provided and students are encouraged to be out of the building by 10:00 PM, but exceptions may be made.

School Annual

The yearbook is published annually by the yearbook staff. The publication of the annual is supervised by an advisor.

Out-of-Town Trips

Students leaving town to participate in activities for the school must return with the group unless the parent personally accompanies the student. This applies to the students on buses that go to activities also. Anyone wishing to travel home by another means that is not listed above must have his/her parents complete and return a parental consent form to the athletic director before leaving.

Students are asked to remember that whenever they attend a school connected activity away, they are representing Clark. Student conduct and appearance should be in accordance with policies set forth in the handbook.

Physicals and Eligibility to participate List

All student athletes must have an official SDHSAA physical form, signed by a doctor and their parents, on record in the Athletic Director's office before student will be allowed to play or practice in any way. It shall be the responsibility of the head coaches to make certain that the names of their athletes are on the eligibility list by checking with the Athletic Director. *Yearly*

physicals and IMPACT testing must be completed every year by all athletic participants in grades 7-12.

Music

The goal of the music department is to create and ensure appreciation of good music while developing high musical standards and encouraging the development of sensitive musicianship through participation in the performing groups at Clark High School. Band students will play the instrument that they played the previous year in concerts, unless asked by the director to play a different instrument in order to benefit the balance of the band. A student may not switch instruments unless he/she has permission from the director. Permission will be granted if the switch will benefit the band's balance of instrumentation.

Activity/Athletic Letters

Requirements for receiving a varsity letter at Clark High School are established by the advisor/coach/coop. These requirements will be distributed to all participants at the beginning of their respective seasons. Varsity letters may be awarded in football, basketball, wrestling, volleyball, cross country, dance, track, golf, cheerleading, band, chorus, and oral interp.

1. Activity/athletic awards will consist of the following:
 - a. 4" x 6" varsity chenille letters
 - b. medal pins designating the sport in which the letter was received
 - c. medal bars designating a second (or additional) letter earned in a given sport
2. Only one varsity letter shall be awarded to any student/athlete while attending Clark Junior/Senior High School. If a student/athlete meets the requirements for a second (or additional) letter in a given sport, he/she will receive a medal bar indicating such.
3. Junior high (7th & 8th) students may earn a letter in the various activities/sports provided they meet the same requirements as high school students.
4. Any student/athlete, who, because of illness, injury or unforeseen circumstances cannot finish the season, may receive a letter at the discretion of the advisor/coach in charge.
5. No awards will be given for 9th grade team players, "B" team players, or junior varsity team players; however, such participation may be denoted on a general all-school award card.

Student Records

The Clark School District complies with the Federal Educational Rights & Privacy Act of 1976. Students and parents may obtain a copy of this policy from the office upon request.

Sexual Harassment

Policy – It is the district's policy that sexual harassment is illegal, unacceptable and shall not be tolerated: that no employee or student of the school district may sexually harass another. Any employee or student will be subject to disciplinary action including possible termination for violation of this policy.

Definition – Any unwelcome sexual advances, solicitation or sexual activity by promise of rewards, coercion of sexual activity by threat of punishment, verbal sexist remarks, or physical sexual assaults constitute sexual harassment. This conduct has the effect of unreasonably interfering with an individual's academic or work performance or of creating an intimidating, hostile, or offensive employment or educational environment regardless of intent.

Responsibility – School district officers, employees and students are responsible for maintaining a working and learning environment free from sexual harassment. Workshops and activities will be provided by the school district to explain the policy and laws. Careful scrutiny will be undertaken of all allegations of sexual harassment. False allegations that are malicious or ill-founded may constitute libel or slander. Copies of the policy will be available at all administrative offices.

Complaints – Any student who believes that he or she has been a subject of sexual harassment by a district employee or official should report such incidents to the guidance counselor/advisor and/or the responsible administrator. All reported incidents will be thoroughly investigated and subject to disciplinary action.

Confidentiality consistent with due process will be maintained. If the student files a written complaint because of dissatisfaction with the handling of the complaint, he or she may utilize any applicable grievance procedure.

Student Discipline-Bully Prevention

Persistent bullying can severely inhibit a student's ability to learn effectively or a member of the staff's ability to do their job. The negative effects of bullying can have an impact on a person for their entire life. We are committed to providing a caring, friendly and safe environment for all of our students so they can learn in a relaxed and secure atmosphere. Bullying of any kind is unacceptable. If bullying does occur, all pupils should be able to tell and know that incidents will be dealt with promptly and effectively.

Bullying is repeated and intentional harmful behavior initiated by one or more students and directed toward another student. Bullying exists when a student with more social and or physical power deliberately dominates and harasses another who has less power. Bullying is unjustified and typically repeated. Bullying differs from conflict. Two or more students can have a disagreement or a conflict. Bullying involves a power imbalance element where a bully targets a student who has difficulty defending himself or herself.

The forms of bullying:

- **Physical**-involves harmful actions against another person's body
- **Verbal**-involves speaking to a person or about a person in an unkind or hurtful way
- **Emotional**-involves behaviors that upset, exclude, or embarrass a person
- **Sexual**-involves singling out a person because of gender and demonstrates unwarranted or unwelcome sexual advances
- **Racial**-involves rejection or isolation of a person because of ethnicity

The school board expects students to conduct themselves in a manner in keeping with their levels of development, maturity, and demonstrated capabilities with proper regard for the rights and welfare of other students and staff.

The school board believes that standards for student behavior must be set cooperatively through interaction among the students, parents and guardians, staff and community members of

the school district, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members.

Disciplinary action may include, but is not limited to, detention, suspension, or expulsion for verified perpetrators of bullying. In addition, when any kind of threat is communicated or when a hate crime is committed, it shall be reported to local law officials.

The superintendent and /or designee shall develop an annual process for discussing the school district policy on bully prevention with student and staff. The school district will incorporate information regarding this policy in each school handbook.

Cyber Bullying

Cyber bullying is a form of harassment over the Internet or other forms of electronic communications, including cell phones. Students and staff will refrain from using communication devices or District property to harass or stalk another. The District's computer network and the Internet, whether accessed at school or away from school, during or after school hours, may not be used for the purpose of cyber bullying. All forms of cyberbullying are unacceptable and viewed as a violation of this policy and the District's acceptable computer use policy and procedures.

Users are responsible for the appropriateness of the materials they transmit. Hate mail, harassment, discriminatory remarks, or other anti-social behaviors are expressly prohibited. Cyber bullying includes, but is not limited to the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another person by sending or posting inappropriate and hurtful e-mail messages, instant messages, text messages, digital pictures or images, or web site postings, including blogs. It is also recognized that the author (poster or sender) of the inappropriate material is often disguised (logged on) as someone else. Students and community members, who believe they have been victims of such misuses of technology, as described in this policy, should not erase the offending material from the systems. **A copy of the material should be brought to the attention of a principal or teacher.**

In situations in which cyber bullying originated from a non-school computer, but brought to the attention of school officials, any disciplinary action shall be based upon whether the conduct is determined to be severely disruptive of the educational process so that it markedly interrupts or severely impedes the day to day operations of a school. In addition, such conduct must also violate a school policy. Such conduct includes, but is not limited to, threats, or making threats off school grounds, to harm a member of the school staff or a student.

Malicious use of the District's computer system to develop programs or to institute practices that harass other users to gain unauthorized access to any entity on the system and/or change the components of an entity on the network is prohibited. Disciplinary action may include, but is not limited to, the loss of computer privileges, detention, suspension, or expulsion for verified perpetrators of cyberbullying. In addition, when any kind of threat is communicated or when a hate crime is committed, it shall be reported to local law officials. (SDCL 22-19A-4; SDCL 22-19A-1; SDCL 13-32-6)

Separated/Divorce Family Policy

- I. *School Neutrality/Parent Responsibility* - The Clark School District shall maintain strict neutrality between parents who are involved in an action involving the family (separation/divorce proceeding/divorced) as it is the intent of the district to promote the

best interests of each student enrolled in its schools in partnership with both parents, unless otherwise directed by court order. It is the responsibility of the parent wishing to restrict a parental right to notify the district of any court order affecting student contact/student visitation and/or student records by submitting a certified copy of the court order to the Superintendent of Schools and a copy to the child's school building principal.

- II. *Student Contact/Student Visitation during School Hours* - Unless a parent gives notification pursuant to paragraph I above, the district will assume that both parents have the right to contact and visit his or her child at school. For purposes of this provision, the court order restricting any right of contact and/or visitation needs to specifically restrict the right and a general order granting physical custody to one parent will not be deemed as sufficiently specific as to prohibit the noncustodial parent's right to contact and /or visit the child while the child is at school.
- III. *Release of Student to Noncustodial Parent* - The district will not authorize a student enrolled in the district to leave the school premises with a noncustodial parent during school hours without the permission of the parent having primary physical custody of the child. For purposes of this provision, it is the responsibility of the custodial parent to provide the district with a copy of the court order granting custody pursuant to paragraph I.
- IV. *Release of Student Records* - Pursuant to federal law (Family Education Rights and Privacy Act) both parents, regardless of marital status, have the right to access and have copies of student records and discuss the same with appropriate school employees, unless there is a court order specifically restricting this right of access. Any court order restricting the release of confidential student records to a parent is to be submitted to the district pursuant to paragraph I.
- V. *Scheduled Parent/Teacher Conferences* - Scheduled Parent/Teacher Conferences will involve both parents conferencing in one time slot unless court order restricts parents from meeting at the same time.

Student Interview Policy

When students are at school or involved in a school activity off school grounds, the school has an obligation to the students, the parents, as well as to authorities such as law enforcement and the Department of Social Services. This policy attempts to balance the rights of students and parents with the rights and responsibilities of law enforcement and the Department of Social Services as those entities investigate juvenile delinquency, criminal matters and matters of child abuse and neglect. It is therefore the policy of the district that:

1. Should a law enforcement officer wish to talk with a student under the age of 18* while the student is at school and interview the students for a reason other than investigating suspected child abuse or neglect, the district will not allow the law enforcement officer to question the student unless the school has first notified the student's parents and received permission from a parent for the student to talk with the law enforcement officer. The parents have the right to deny the request from law enforcement. The parents shall also have the right to be present should the parents grant permission to the law enforcement officer to talk with the student.
2. Should the Department of Social Services or a law enforcement office be investigating suspected child abuse or neglect and wish to talk with a student under the age of 18* while the student is at school, the request to talk with a student shall be in writing and

given to the school. The written request shall include the name of the person making the request, date of the request, date of the interview, and the request is made for the reason of investigation suspected child abuse or neglect. The law in South Dakota requires investigation of suspected child abuse to be kept confidential and can be done without notification to parents. Therefore the school will not notify parents of a request by the Department of Social Service or law enforcement to talk with a student in such instances.

*Upon the student reaching the age 18, the student is a legal adult and has the authority to make decisions without parental involvement. However, the student, even if age 18 or older, may choose to contact his/her parents for advice before responding to a request by the authorities to meet with and talk to law enforcement and/or Department of Social Services.

Supervision of the Building

All students must be under the direct supervision of a staff member, school district employee, or team coach (must be 21 years old or granted permission by administration) if in the building when school is not in session. Team coaches not meeting this criteria must be approved by the board of education. SCHOOL DISTRICT EMPLOYEES WILL NOT GIVE SCHOOL KEYS TO PARENTS, STUDENTS, OR ANYONE ELSE UNLESS PRESENT TO SUPERVISE.

Fieldhouse & Fitness Area Use

The use of the Fieldhouse before and after school by students and members of the community is intended to help facilitate the habits of a healthy, active lifestyle and personal athletic development for our student-athletes. The use of the facility is a privilege that shall be respected by all who use it.

School Supervised Hours:

Monday – Friday

- 6:00am – 8:00am
- 3:00pm – 7:00pm

Saturday

- 8:30 – 10:30am

1. Students 17 years of age or younger may only use the Fieldhouse facilities during supervised times provided by district staff, accompanied by a parent or another willing adult with a paid membership.
2. Students that are in the 6th grade or younger are asked to stay out of the fitness area unless under the direct supervision of a parent, coach, or another adult.
3. During inclement weather:
 - a. If the school closes, so does the Fieldhouse.
 - b. If there is a late start; students are encouraged to delay their arrival appropriately based on safe driving decisions.
4. District supervisor may use their discretion under their authority to ask an individual to leave the premises due to inappropriate use of facility or other inappropriate behavior.
5. Elementary aged students must have direct adult supervision. (ie. Coach, parent, etc.)

Alcohol, Tobacco, Vaping, and Other Drug Use by Students

The Board recognizes its share of the responsibility for the health, welfare, and good of the students who attend the district's schools. Alcohol, tobacco, any vaping apparatus, and other drug use is wrong and harmful and can interfere with a student's ability to learn and function responsibly in the school setting and community. Anything that can interfere with the development of an adolescent, therefore, must be evaluated as to its impact to both the young person and the community. Psychoactive and mood altering drugs can destroy the health and well-being of an individual. The school community defines drug use as a serious health problem and is committed to discouraging this behavior and to encouraging young people to seek help should a problem arise.

The following outlines policy on student use of alcohol, tobacco, vaping, and other drugs in the school district. This policy is in effect on premises owned, leased, or maintained by the school district, at all school-related activities on and off campus, on vehicles used to transport students to and from school or at other activities, and in vehicles parked on school property. Student and parent members of the school community are expected to know and understand the policy provisions and its mandatory nature.

Substance Policy

A student shall not possess, use, distribute, transfer, conceal, sell, attempt to sell, deliver, nor be under the influence of alcohol, tobacco, vaping and/or other drugs which affect the student or educational process of the school. Students shall not engage in alcohol and/or other drug use/abuse, nor possess paraphernalia specific to the use of alcohol and/or other drugs. Students shall not engage in the use of alcohol and/or other drugs. Students who use prescription drugs as authorized by a licensed physician do not violate this policy if the student conforms to his or her prescription and appropriate school policies regarding administration of medication.

Disciplinary Sanctions and Implementation Procedures - The following procedures will be used in dealing with violation of the policy:

A. First Offense (other than distribution)

1. The administration will try to notify the parent(s)/guardian(s) by phone to explain the incident and arrange a conference. If no contact is made, a written report will be provided.
2. The administration may suspend or recommend expulsion of students in compliance with student due process procedures.
3. The administration will notify the parent(s)/guardian(s) of the suspension within thirty-six (36) hours, in writing by first class mail to the last known address of the parent(s)/guardian(s).
4. The administration may notify available law enforcement authorities.
5. State and federal regulations regarding special education students will be followed.

The school district strongly urges students with alcohol and other drug abuse problems to seek professional assessment and assistance from a trained chemical dependency counselor or a licensed physician trained in chemical dependency. Because we believe that chemical dependency is preceded by misuse, we feel confident that such early intervention can benefit the student before significant harm or dependency results.

The suspension of a student who agrees to be professionally assessed and treated if needed may be commuted. The administration will provide a list of agencies/professionals who can do the

assessment and provide treatment. Fees for this assessment and treatment are the responsibility of the student and family.

Upon authorization by the parent or eighteen (18) year old student, the agency or professional will notify the school administration that the student is willing to be evaluated and to comply with the treatment process.

B. Second and Subsequent Offenses (other than distribution)

1. The administration will contact the parent(s)/guardian(s) to arrange for a conference.
2. The administration will notify appropriate law enforcement authorities.
3. The administration may suspend or recommend expulsion of students in compliance with student due process procedures.
4. Within thirty-six (36) hours, the administration will notify the parent(s)/guardian(s) in writing of the suspension.
5. The administration may recommend to the school board that the student be expelled unless the following procedure is followed:
 - a. The student must agree to be assessed by a trained chemical dependency counselor or a licensed physician trained in chemical dependency at his or her own expense.
 - b. Upon appropriate authorization, the agency or professional notifies the administration that the student has been assessed and does or does not require treatment. If the student accepts the needed treatment, the recommendation for expulsion may be commuted. Fees for this assessment and/or treatment are the responsibility of the student and family.

C. Supplying/Distributing or Selling Alcohol, Tobacco & Other Drugs or Material Represented to be a Controlled Substance (all occurrences)

1. The administration may suspend or recommend expulsion of students in compliance with student due process procedures.
2. Within thirty-six (36) hours, the administration will notify the parent(s)/guardian(s) in writing of the suspension.
3. The administration will refer the case to appropriate law enforcement authorities.
4. A hearing on the case will be conducted by the school board pursuant to due process rules for expulsion. Expulsion may be recommended by the administration.
5. State and federal requirements regarding special education students will be followed.

Students whose observed behavior indicates possible use of alcohol and/or other drugs will be referred to the building administrator and/or “first-responder” medical personnel, who will determine whether or contact the parent for further instruction, refer to the emergency authorization form, or immediately seek medical treatment. Following the handling of the medical emergency, this policy will be followed.

D. Use of Passive Alcohol Sensor (PAS).

A device known as Passive Alcohol Sensor (PAS) may be used to check or breathe alcohol and can be used with or without a subject's direct participation.

When used without direct participation, it is known as passive breath sampling, as opposed to active testing when the subject blows directly into a mouthpiece or the intake port. There may be times when the PAS can be used passively, i.e., as it can detect alcohol in open containers or in enclosed spaces such as rooms, lockers, etc. Procedurally, we will not vary from our normal course of action when faced with the question of possible consumption. All due process precautions will continue to be in place. Given reasonable suspicion of use or possession, the following steps will occur:

1. Reasonable suspicion, such as a staff referral or information gathered during an investigation, will initiate administrative contact with said student.
2. The student will be directed to an office area where he or she will be kept in observation and questioned regarding the concern of alcohol consumption.
3. The student may, at that point, confirm or deny the report.
4. After a period of observation and questioning, we will inform the student of our new, less invasive means of detecting breath alcohol and allow the subject to speak/breathe across the intake port of the PAS III.
5. Next, the subject will be informed of the PAS III result. (The sensor either detected the presence of alcohol or it did not.)

Technology Device Protection Agreement and Student Pledge (All students will need to have either an electronic signature or signature on file demonstrating knowledge and understanding of Technology Agreement. A student will not be issued a device until this is complete.

All 1st -12th grade students will be issued a Tablet or Device (1-1 device) for use as part of their educational curriculum. It is the Clark School District's belief that the tablets and device computers will help students develop skills that are critical in our 21st century work world. These 21st century skills include:

- * Critical and creative thinking
- * Problem solving skills
- * Information and computer skills
- * Interpersonal and self-direction skills
- * Technology literacy

Devices will allow students to direct their own learning and have a greater reliance on active learning strategies. Students will be able to transfer knowledge across disciplines. The increased access to technology will enhance instruction and provide more achievement opportunities for our students.

Devices will be distributed each fall during a mandatory "Device Orientation." The device will be assigned to a student. The serial number of the unit, etc. will be recorded and students & parents will sign for the equipment. Parents & students must sign and return the Device Protection Agreement and Student Pledge documents before the device can be issued to their child.

The Device Protection Agreement outlines three options for families to protect the device investment for the school district.

Devices will be collected at the end of each school year for maintenance, cleaning and software installations. Students will retain their original device each year while enrolled at CMS and CHS. Only school issued devices will be allowed in our one-to-one program.

With the issuance of the device comes the need to establish rules, policies, and regulations that will govern the use of the equipment. These guidelines are provided so that students and parents are aware of the responsibilities students accept when they use district-owned technology. Additional policies may be required of the teachers and administration beyond those included in this handbook.

Terms of the Tablet or Device Loan

Terms: A signed copy of the Device Protection Agreement and Student Pledge must be on file before taking possession of the device.

Acceptable Use: You will comply at all times with the Clark School District Acceptable Use Policy, and the Student Pledge form which you and your parents have signed. Any failure to comply will be dealt with on a case by case basis.

Liability: If the property is not returned, is damaged, lost or stolen, you are responsible for the reasonable cost of repair or the replacement value on the date of the loss. In the case of theft, a police report must be filed.

Inspection: Students may be selected at random to provide their device for inspection to verify condition and compliance with district policy.

Repossession: Access to the Clark School District technology resources is a privilege and not a right. Each employee, student and/or parent will be required to follow the Acceptable Use Policy and Student Pledge. If you do not fully comply with all terms of these agreements, the District has the right to repossess the property at any time.

REPAIRING or REPLACING YOUR DEVICE and ACCESSORIES

The device is covered with a warranty and Accidental Damage Protection Plan. Please report all device problems to the Technology Help Desk.

Warranty

This coverage is purchased by the Clark School District as part of the purchase price of the equipment. This warrants the devices from defects in materials and workmanship. This limited warranty covers normal use, mechanical breakdown or faulty construction and will provide replacement parts necessary to repair the device or device replacement. The warranty does not warrant against damage caused by misuse, abuse, accidents or computer viruses.

Accidental Damage Protection

The Clark School District has purchased coverage to protect the devices against accidental damage such as: liquid spills, accidental drops, power surges, and natural disasters. This coverage does not provide for damage caused by fire, theft, loss, misuse, intentional or frequent damage or cosmetic damage. To assist with this:

Loaner Devices

If a device is in need of warranty repair, a loaner device may be issued when available.

Device Security

Each of the devices has a security program installed on it. We have tried to strike a balance between usability of the equipment, and appropriate security to prevent the units from being damaged or used to cause damage to the Clark School District system. Three primary forms of security exist:

Device Security - Security is in place on the devices to prevent certain activities. These include downloading or installing software in the devices, removing software, changing system settings, etc.

Filtering Software – Clark School District maintains an Internet filtering software package on and off site. This program automatically filters all student access to the Internet. In addition, this filter will run when the students are home, and will insure safe access to the Internet. Files that show when and where students have accessed Internet sites are available within this filter package.

Virus Protection- The device has anti-virus protection software. This software will scan the hard drive and external drives for known viruses. The virus software will be

upgraded from the network. The school's storage server and e-mail server are also installed with virus protection software and hardware.

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the Clark School District receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the school superintendent, Travis Ahrens, a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the Clark School District to amend their child's or their education record should write the school superintendent, Travis Ahrens, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school district's annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.
