One of my most favorite things to do as the Superintendent is to go spend time in the classrooms. I get to share with the teachers what they do well and some areas to help make them be an even better teacher. I have started my second round of Observations for each teacher. I am spending a lot of time in the classroom over the next month. I really enjoy seeing the students learn and having those lightbulb moments in the classroom. We have fabulous teachers and seeing them be excited about what they are teaching is a highlight of my day.

Brrr it is so cold out there. I am definitely thinking of warmer days ahead. I know it is a concern for parents when it is this cold for their children to go outside for recess. I just wanted to share with parents the protocol for determining whether we have inside recess or outside recess for our elementary students. Typically if the real feel is below 20 degrees I will keep the students in and do inside recess. If I have a question on the temperature outside I go outside before I make a final decision. We think it is important for the students to get some fresh air and be outside. However, with these cold temperatures I understand the importance of keeping them inside the building. Just a reminder that even if we are not sending your student out to recess it is really important to make sure they are coming to school with warm clothing. Even just a few minutes outside in these cold temperatures without the proper clothing can be harmful to the students.

The board of trustees is seeking input from patrons on whether to use district funds/ run a levy in regards to building additional employee housing. If you have not had an opportunity to fill out that survey one can be picked up in the main office at the school. If the Board of trustees decides to move forward with the project there will be additional informational meetings for the public.

There has been a few changes with the Dietrich School District Board of Trustees meetings and I want to make sure all patrons are aware of those changes. Our regular board meetings have been moved from the third Thursday at 7:30 pm to the 2nd Monday of each month at 6:30 p.m. Rick Bingham was also voted in as the Board Chairman for the next year and Starr Olsen as the Vice Chairman. Patrons are always welcome and encouraged to attend the Board of Trustee meetings.

Stefanie Shaw**

A WORD FROM OUR DEAN OF STUDENTS

Hello everyone!

We are a few weeks into the second semester and I have been satisfied with the performance and attitude of the student body. There is always room for improvement, but I am looking forward to continuing on the track we are currently on through the end of the school year.

Winter sports are nearing completion. Both junior high basketball teams qualified for their tournaments and performed well to end their seasons. Our JV girls basketball team had a great season that ended with a second-place finish in their conference tournament. Our varsity girls are in the middle of their district tournament. They have had a great season and have a great shot at making the state tournament. Our JV boys have a great chance at qualifying for their conference championship game. The varsity boys are in a position to close their season out on a positive note and make some noise in their district tournament.

Let's stay on a roll in the classroom and in our extracurricular activities. Go Blue Devils!

Get to know your Staff!

By: Carrissa Berthelson and Savannah Stowell

This month we get the opportunity to recognize our School Secretary - Mrs. Shaw! Mrs. Shaw was born and raised in Adna Washington and attended Adna High School as a teenager. Before she started working here at Dietrich High School, she worked as a waitress. Another job that she had was working at the Rec Center. She then worked at CSI for the 16 and older Walk and Get Fit Class for 10 years. Mrs. Shaw started working here because she loves being close to home and she loves the thought of working where her kids go to school. Mrs. Shaw's main goal while working here is to improve everyone's experience while they are here at this school. If Mrs. Shaw was not working here, she would be at home taking care of her family. If Mrs. Shaw won the lottery, she would put a huge pool in her backyard with a waterslide and a diving board. Some other things about Mrs. Shaw is that her favorite color is pink, her favorite holiday is Christmas, and her favorite kind of pizza is supreme. We love the work that Mrs. Shaw does, and we are excited to see what she will accomplish here at this school.

Ms. Whisenhunt was born in California but moved to Las Vegas when she was 3. She lived there until she was 12; then moved to Idaho. She then moved to Oklahoma for eighth and ninth grade, then moved back to Idaho for the rest of her high school years. She graduated from Shoshone High School. Ms. Whisenhunt worked at Olive Garden all throughout college. She then came to Dietrich for her first teaching job. She came to teach at Dietrich because the principal got her phone number from another district that she interviewed at and asked her to come in for an interview. Her intentions for the year are to get more secondary kids to sign up for the Talent Show and to take the music kids on a trip. Red is her favorite color because it is the first color in the rainbow and she picked it when she was six. Her favorite pizza is chicken bacon ranch with olives and jalapenos. If she won the lottery she would build an auditorium for the school's music program and build her a bigger class room. If she didn't work at Dietrich she would own a restaurant or work full time at Webb Landscaping. Her favorite holiday is her birthday. We are lucky to have you Ms. Whisenhunt, thanks for all you do!

Dear Gabby

Hello!! My name is Gabby. My specialty is giving life advice to anyone who may need it. Email me at @deargabby2022 with any of your problems:) Anything sent in will be anonymous.

Dear Gabby

I have this big issue that I know you can just help me with. To start off I have been getting a ton of attention from all of the boys at my school. I really feel bad for the other girls because Valentine's Day is coming up and I've already had to tell seven guys that I already have a Valentine. IT IS REALLY JUST STRESSING ME OUT. The second thing that I need help with is Basketball State. It is coming up and I'm really excited because I really want to make it to state and come back with a State title

Dear Stresser,
this happened to me when I was a young girl too. I really struggled with having to tell guys I already had a Valentine's. The way that I got rid of always having all of their attention is by rubbing some dirt in my hair. If that does not work then try and use a ton of blush. Now you should not stress about your basketball games. As long as you know that you did your best and your team tried hard that is all that matters. You will do great my dear!

Dear Gabby,

I have had a lot going on lately. Today I had my horse run away and when we found her she only understood Spanish. I really was confused and didn't know how to tell her to stop running when I was riding her so I jumped. After I jumped I landed on the floor and noticed that I stepped on my cat. I was just wondering if you had any tips on how to learn Spanish?

Dear cat crusher,
I really don't know what to say. I think to learn Spanish you need to get a Spanish teacher. But I think that your horse not understanding English is the least of your problems. The thing that I'm worried about is your cat! Poor cat was smashed. A question I have for you is your cat ok?

SENIOR SPOTLIGHT

By : Aleigha Robertson / Jazmin Van Tassell

This month's Senior Spotlight is Morgan Olsen! After high school she plans on going to CSI to get her generals. After that she wants to go to ISU to get her doctorate. In ten years Morgan sees herself married with two kids and working for a professional sports team! Her dream car is a 2023 Jeep Wrangler Pastel or Hot Pink. Either one would make her happy! Something she is going to miss from high school is playing sports. Her biggest accomplishment is that she has made it this far and that she stays on the road everyday coming to school. We are going to miss Morgan, but wish her the best of luck for the future!

This month's senior spotlight goes to the one and only Jaybyn Rands. After highschool he is going to college. Wow, so unique! In 10 years Jaybyn sees himself married with the love of his life with two kids. This dude is all about cars so his dream car is to have a Dodge Challenger Demon. Jaybyn's biggest accomplishment was financing his own vehicle at the age of 17. Jaybyn is sad to graduate high school this year because he is really going to miss the people in Dietrich. Good luck JT in all of your future endeavors!

History of Valentine's Day

By: Bella Novotny

Do you ever wonder about the history of Valentine's Day? Valentine's Day originated as a Christian feast day honoring one or two early Christian martyrs named Saint Valentine and, through later folk traditions, has become a significant cultural, religious, and commercial celebration of romance and love in many regions of the world.

How to Have W Rizz #rizzard

By: Kaylynn Stowell (with help of Angel's expertise)

Listen Lindas, Valentine's Day is coming up and coming up fast! We all know you want a special someone for that special day, but you can only do that with rizz (how good you are at attracting men/women). W rizz to be exact. Don't worry, I'm going to tell you how to get a boo for Valentine's day by having W rizz. At this point I'm basically an expert... the important thing to remember is that it's about getting that special person, not necessarily keeping them. Let's start with some tips. 1: You have to be good with words, you can refer to the pickup lines listed in this article. Talk with a deeper, seductive voice (everyone digs that ;). 2: As Angel Villa says, "you gotta let 'em cook." Play a little hard to get. "Hit them with some light insults about their height, and if they really take the insults to heart, she ain't the one so move on for real. Always have a second option in case you fumble though." Pretend you're uninterested and then at the last minute, make your move. Let them want you, and after so long when you finally make a move they'll basically be jumping into your arms. 3: The shoulder thing. Tell her she's (or he's) got something on their shoulder. They'll look down and then slightly grab their chin and direct their eyes to yours. Gets them every time... as long as it's someone who slightly knows you. If you do it to a stranger it's considered harizzment (harassment...but with rizz ;). Angel told me this from personal experience. 4: You gotta be smooth sweetheart. Smooth like a baby's bum. Say sweet things when they least expect it. For example, if someone were to ask you, "When I die what part of my body would you want to be shipped to you?" you should then reply with, "Your heart. Because I want to cherish it and keep it safe forever." Boom. W rizz. After reading this article you should now have the ability to become a supreme rizzler, a rizzly bear, William rizzspere, etc. Good luck ladies and gents.
