Perry High FFA Students Win 1st Place at Nationals

HOUSTON COUNTY, GA – Perry High School FFA students won first place at the 2021 National FFA Agriscience Fair. Sophomores Katie Spivey and Fraser Faith Knapek won first place in the nation for their Power, Structural and Technical Systems project entitled “Clamping Down 2.0: The Effectiveness of Heat Lamp Clamps.”

Pictured are Spivey, Perry High FFA Advisor Luke Lineberger, and Knapek.

The National FFA Agriscience Fair recognizes students who gain real-world, hands-on experiences in agricultural enterprises. Students use scientific principles and emerging technologies to solve complex problems related to agriculture, food and natural resources. The agriscience fair is for middle and high school students. Students compete in one of six categories in the agriscience fair and under one of the six divisions, either individually or in a team.

Wesley “Del” Martin services as principal of Perry High School. Please visit ffa.org for more information about the national FFA program.
