

PERSONAL FINANCE  
Classroom Policies  
Mrs. Judy Wills  
2021-2022

**Overview**

*Personal Financial Literacy* covers financial life skills including budgets, savings, buying and loans, credit, and insurance. The course explores the mathematics necessary to understand and make informed decisions related to personal finance.

**Attendance**

Since this is a semester class, students are allowed up to ten (10) absences. After ten (10) absences, the rules in the Student Handbook are enforced.

**Make-up Work**

If a student is absent, it is their responsibility to find out what they missed and make sure that the work is made up. This is also applicable due to absences due to sports. Every effort should be made for the missed assignments to be made up in a timely manner.

**Evaluations**

**Tests** – Tests will be announced in advance and will count as (50%) of the grade.

**Daily Grades** – This category consists of classwork, quizzes, and daily assignments and will count as (50%) of the grade. **In the event of complete distance learning, grading percentages MAY change.**

**Discipline**

1. Students are expected to be on time to class. Being late is considered to be disrespectful.
2. If you must ask during class to go to the restroom, please be sure it is necessary.
3. Students are expected to be prepared for class by bringing all necessary supplies with them.
4. Homework assignments will be kept to a minimum, but all homework assignments should be completed by the student. This is also applicable to assignments made through their Google Classroom.
5. The wearing of masks or face coverings is optional at this time. However, this policy certainly has the potential to change.
