Pioneer Valley High School
2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

PVHS celebrates 18 years in 2022 and represents the largest comprehensive high school in the Santa Maria Joint Union High School District. Our population is currently 3,247 students and approximately 80% of the student body qualify for free/reduced lunch assistance. Pioneer Valley has 164 certificated staff members and over 110 classified staff to support our students. Various programs available to our students include Virtual Learning Academy, Independent Study, REACH, and On Track Credit Recovery. Pioneer Valley is the birthplace of the paid student district peer tutoring program, and we have over 50 extra curricular clubs and over 20 different athletic sports that span over the three seasons.

District Mission Statement: We prepare all learners to become productive citizens and college/career ready by providing challenging learning experiences and establishing high expectations for achievement.
PVHS Vision Statement: The vision of Pioneer Valley High School is to prepare students to positively contribute to society by focusing on academic achievement, personal responsibility and college or career readiness.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

SMJUHSD provides standards-based aligned textbooks for all students. The textbooks are adopted from a state-approved list. Every student has access to their own individual textbook, classroom issued sets of books and instructional materials. Textbook selection is a collaborative process. Textbooks are selected through content area department meetings at the District level. State approved textbooks are evaluated by certificated staff (who teach that specific area content) to determine which one best meets the needs of all students in the district. The selection is then sent to the Board of Education for approval. In addition to textbooks, students also have access to an online textbook that is available to them through their 1:1 issued student laptops. Pioneer Valley does not have a shortage of any textbooks or instructional materials.

Pioneer Valley High School is a closed campus and has a controlled access plan in place. Locks, keys, gates, and doors are monitored and managed 24 hours a day, 7 days a week.

The Custodial Staff consists of 16 FTEs. The distribution is as follows:
1-custodial supervisor evenings weekdays
9-evenings Monday - Friday
4-weekdays (3 classroom vacuuming / student restroom cleaning)
2-evenings and weekends

Grounds maintenance is provided by 4 FTEs: 2-Grounds Maintenance weekdays
2-Grounds Maintenance days and weekends

Building maintenance is provided by 2 FTEs:
2-semi-skilled Building Maintenance weekdays

The school shares seven (7) central maintenance personnel with the other schools in the District: Lead Maintenance, two Electricians, Carpenter/Welder, Plumber, and two Painters.

Although the State discontinued the State School Deferred Maintenance Program, the District continues to set aside funds in a restricted account to address expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, and floor systems. For the 2019-20 fiscal year, the District spent $354,380 on deferred maintenance. In addition, for 2020-21 fiscal year the District spent $3.46 million in Routine Restricted Maintenance expenditures (California Education Code Section 17070.75), which amounts to 2.53% of the District's general fund budget.

Planned Improvements (School Year 2021-22):
Replacement of portable classroom rain gutters
Replace carpet in classrooms
Replace the roof on portable classroom
Provide power inside the all-weather track at the football stadium for Track & Field timing equipment as well as the public address system
Perform an Arc-Flash assessment of all electrical switch gear
Addition of three modular classrooms

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 Career Technical Education Programs

Pioneer Valley High School offers courses intended to help students prepare for the world of work. These career technical education courses are open to all students and consist of a concentrator and completer course.. The site offers a full range of courses in agriculture, business, home economics, and industrial arts technology. In addition, numerous courses are articulated with Allan Hancock College and equal both junior college credit and school credit towards graduation.

PVHS has a College and Career Center that is staffed with a College and Career Specialist and a full time EAOP. The specialist works with seniors who plan to work immediately after graduating. The career specialist also works with students to explore opportunities for post-secondary education including trade school, community colleges, and for year colleges and universities. These two positions work closely together and coordinate various events on campus that focus on college going culture. Events consist of completing Allan Hancock College enrollment, FAFSA documents, Cash for College events and complete scholarships, financial aid, and college applications.

The school has a four-year plan for all students that is provided to parents prior to the ninth grade year and then revisited each year during registration for the next grade. The purpose of this plan is to assist students in aligning their interests with career plans for the future. Each year, students have the opportunity to complete interest inventories, complete research on their career focus and related post-secondary educations, and participate in resume building and job and college application preparations. The outcome is that students will select electives that support their interest and as a result complete a sequence of courses that make their education more relevant for them.

Career Technical Education programs offered at Pioneer Valley High School and are identified as a state defined pathway include:
- Agriculture: Ag Leadership and American Ag Economics

Ag Mechanics and Ag Mechanics
 Ag Biology and Ag Chemistry
 Animal Science and Veterinary Medicine
 Ornamental Horticulture and Advanced Ornamental Horticulture

- Family Consumer Science: Culinary 1 and Culinary 2

Clothing and Fashion and Advanced Clothing and Fashion

- Industrial Technology: Publications and Digital Arts 2

Mechanical Drawing
 Small Gas Engines and Advanced Small Gas Engines
 Wood Tech and Advanced Woods for Arts Media and Entertainment

*Business: Gaming Technology and Website design
 Computer Applications and ROP Communication Technology
 Finance and Accounting and Business Economics
 Intro to Business and Empowering Entrepreneurs

*Science: ROP Sports Medicine Kinesiology and Forensic Science
 Medical Health Careers

For more in-depth pathways and course information please see the District's or PVHS's website.

We currently share Advisory Committees and Advisory events, such as the District Advisory Committee and Student and Industry Advisory, as well as Hancock's, State of the College, with Allan Hancock College. We have industry and college advisors for every CTE pathway offered. We have over 21 industries informing our educational practice, and well over 100 industry partners. For CTE Advisory information please see the District's website.

Starting 2021-2022 students have the ability to take classes at the District's Brand new CTE Facility, the Mark Richardson Career Technical Education Center & Agricultural Farm. 2021-2022 classes include Residential and Commercial Construction, Solidworks, MasterCam, and Survey of Machining. Future Classes include Culinary Arts, Diesel, and AG.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Contact Person Name: Shanda Herrera, Principal
Contact Person Phone Number: 805-922-1305

2021-22 Opportunities for Parental Involvement

Our School Site Council (SSC) always includes parent members, and it approves our Single School Plan for Student Achievement. In addition, The English Language Advisory Committee (ELAC) meets bi-monthly to discuss issues and program for our English Learner students. Spanish translators are available for all school meetings. When the new school opened, an enthusiastic group of parents created the PVHS Booster Club. The Booster Club supports both activities and athletics. This group of parents meets regularly with officers and distributes money to benefit both athletics and activities.

Our ten certificated counselors organize monthly opportunities for parents that include grade specific events that focus on post high school options, ways to reach services through the school and academic support.

Parents on a Mission contends the best action communities can take is to invest in the development of strong parent leadership, rather than trying to replace parents with youth programs. POM develops parent leadership in the home by certifying community leaders in a three-day training who then implement the leadership curriculum for parents over a six-week period.

In addition to these parent classes, there are many other opportunities for parents including technology trainings, open forums on current topics including social media and drug awareness, and college/financial aid information nights.

The community connection is very important to Pioneer Valley. The full time school resource officer assists by providing three to four parent trainings per year. The trainings include current trends with adolescents including Teen Safe Driving, Social Media Awareness, Drug Awareness and Positive Personal Choices for Teens.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.03	0.00	0.07	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

PVHS is a closed campus and all visitors must register with the office prior to entering the campus. We hold periodic fire, earthquake, and disaster drills. Staff and students receive training and updated information annually for each type of event. The Safety Plan is updated at the beginning of each new school and is adjusted throughout the year. The Safety Committee holds monthly meetings to review the School Safety Plan. Campus security assistants are assigned to the campus from 7:00 am. to 5:00 pm and they attend all athletic contests for supervision. The security team has completed SB1626 Security Training. The school has an assigned School Resource Office from SMPD and a county probation officer. Over 40 security cameras are in operation with archive and retrieval software. Intrusion locks have been installed on all classroom doors for lockdown safety.

There are many support services on campus to assist students in crisis situations including but not limited to domestic violence, anger management, drugs/alcohol and grief support. The school website provides a "Bully Button" that allows for anonymous reporting of bullying.

Pioneer Valley High School-(PVHS) is dedicated to providing a safe and orderly learning environment. The PVHS Safety Plan has been developed with the assistance of the Santa Maria City Fire, Police Departments, Santa Barbara County Sheriff's Department, American Medical Response Ambulance Co. and SMJUHSD stakeholders to provide guidelines during a disaster or on site crisis. We believe that this document will help Pioneer Valley High School to better meet the needs of students, parents and staff in trying times. The Plan consists of, yet not limited to, bi-monthly safety drills, crisis intervention for all students and staff, safety supervision, clearly articulated policies of suspension and expulsion all aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.

In order to ensure compliance, the Safety Plan requires updating and evaluation annually by March of each year. The safety plan is shared with School Site Council and the procedures are reviewed with staff each year.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

Pioneer Valley High School receives funding from Title I and LCAP. Funds are used for teacher salaries, language assessors, technology upgrades, intervention supplies, Student Assistance Program, campus security, and support for School Site Council and English Language Advisory Committee. The school site council approves the expenditures for each school year to best meet the needs of our students and increase their academic achievement and overall high school experience.

Categorical funds provide remediation/intervention courses for students in English Language Arts, Math and California High School Exit Exam preparation. After school tutoring, writing lab salaries and On Track Credit Recovery is also supported through Categorical Funds.

Our school plan is aligned with the LCAP and supports at least five of the state priorities through various metric measures.

Examples of services funded include the following

1) Parental Involvement - Parent engagement is a key component of Pioneer Valley. Examples include PIDA, a 10 week program for parents that fosters leadership and encourages parents to partner with the school to address change and encourage success. Panther Forum for Parents is a class offered four times per year that has designated topics such as Social Media, Distracted Driving, and Gang awareness. The meetings are broken into two separate hours with the first hour being focused on the specific topic and the second hour being an open forum design where parents may ask for information on future topics. Parent Technology Trainings are offered twice a year to train parents on school issued tablets, computer online registration and our Aeries student information system, which allows access to their students' grades and attendance. Parents On a Mission provides an eight week parenting class that encourages communities to take an active part in parenting and work with their families on decision making and working as a unit.
2) Student Achievement - Student achievement is measured by various measures including Advanced Placement course offerings and grades, English proficiency and students who reclassify, A - G completion rate and the offering and increase of A - G offerings, EAP "ready" rate through the standardized testing process, CTE completion rates.
3) Student Engagement - Attention is paid to attendance rates and truancy percentages. Efforts are made to make connections with families by phone calls, mailers and automated message calls.
4) School Climate - The school promotes a positive campus by the promotion of positive messages posted throughout the school. Messages regarding anti- bullying campaigns, encouragement of attendance, discouragement of drug use, and proper use of social media are a few ways in which school climate is supported through funds. School climate is measured by trends seen in discipline and suspension and expulsion rates.
5) Access to Courses - Our school is funded to offer a variety of courses that cover 12 different departments and the offering of both core and elective offerings. CTE pathways have been defined in 17-18 as two courses designated as Concentrator and Completer and qualify the student as "college and career ready."

Professional Development

The site establishes staff development needs by reviewing student test results. Schoolwide goals are aligned with the district goals established in the Local Education Agency Plan (LEAP). These goals are included in the Single School Plan for Student Achievement. Teachers can apply to attend conferences and training that align with the school's goals. The district has focused Professional Development activities on developing Common Formative Assessments and developing appropriate assessments and instructional techniques. Professional Learning Communities serve as the framework for all professional trainings.

1) Formalized staff development - Districtwide formal staff development occurs three times per year in August, January and June. Topics for these staff development days include district trends and focus areas. Topics over the past two years have included trainings and information on the California Dashboard, trainings on the use of our district LMS Canvas, implementation of our School Information system Aeries and best uses within the classroom. Additional trainings have included information on Cultural Proficiency, restorative practices and implementation of proven classroom techniques that yield positive results.

2) Informal staff development - These opportunities come in the form of specific departments or professional learning communities who take the time to meet together, review data and refine teaching practices. Examples include re-writing curriculum, reviewing test scores and teaching strategies, and the review of textbooks that are introducing new standards and expectations.

3) Staff development by interest - Staff can request to attend conferences offered at various locations based on materials that are offered through companies. Conference often include specific areas of interest and include a range of options for sessions that can be attended.

Staff are required to attend the formalized staff development and have the opportunity to provide input regarding future topics and interest areas. Informal staff development is done more frequently is often separated by department, grade level or subject area. Staff are expected to work on campus, provide an agenda of the work they will be doing.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
