

## Assembly Bill 452

California Law Regarding Safe Storage of Firearms - Effective January 1, 2023, Assembly Bill 452, CA Ed Code Section 4896, requires school districts to provide annual parental notification on the safe storage of firearms with intent to promote student safety. It is a crime for a person to negligently store or leave a firearm in a place where a child is likely to access it. It is the responsibility of parents, guardians, and family members to store firearms according to California law in a safe and secure manner, stored separately from ammunition in a locked container or secured with a locking device that renders the firearm inoperable. California makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, in a location where the person knows or reasonably should know that a child might gain access to it. Thank you for helping to keep our children and schools safe.
