Highlights from Letters to Power

My family loves Power 88 and have been faithful listeners ever since we found you shortly after moving to Daphne. It is always so refreshing to hear my young children singing along to the songs. I have recently discovered 103.3 and I love programs like Tony Evans, and David Jeremiah. Thank you for all you do to provide great Christian programming in this area.

If Christian radio has made a difference in your life and you do not have a means of helping support the station financially, there are 2 other important things you can do:

1. Keep us in your prayers that God will use this radio ministry for His glory 24/7.

Support a business that underwrites. Thank them for their donation to help support local Christian radio and use their services when possible.

Snake put Power 88 off the air

As many of you may know by now, we have been forced to broadcast from our smaller backup transmitter. This means not only a substantial loss to our coverage area but also a weaker signal in the area that we are still able to cover.

As strange as it may sound, our larger main transmitter was completely taken out by a serpent. Yes, a serpent. A snake somehow found its way into our transmitter building and into the transmitter cabinet before finding its demise. Unfortunately, it also caused the complete demise of our transmitter. For over five weeks now, we have had engineers and Harris/Gates technicians attempting to repair our damaged transmitter but have had little to no success. We have replaced the main tube, a number of other components and practically the entire wiring system. But, it is still out of service.

So given the situation and the age of the transmitter, our only other logical option is to replace the damaged transmitter with a newer solid-state transmitter.

This is where you come in. As our supporters, donors, underwriters and prayer warriors, we could definitely use you now. We would ask that you prayerfully consider making a special donation towards this project. Not as your normal contribution but one as God lays on your heart to help us during this time of need. This is a costly endeavor but it is one that we are forced to make.

So, even if it is not within your means to contribute at this time, we do ask that you please continue to keep us in your thoughts and prayers. We also ask that you bear with us as we continue to work through this project during the coming weeks.
