### RESPONSIBLE USE

#### **Statement of Responsibility:**

- The user is responsible for what he/she says and does on the network. Communication with thousands of others is quick and easy; therefore it is important for the user to stop and think before communicating and to show respect for other people and for their ideas.
- Student users should assume that none of their data is private or confidential. Any communication or data may be subject to review by teachers, network, or school administration. **Please remember that you are using a ROOSEVELT issued device and it should be treated as such!**

#### **Inappropriate Content:**

- Students are not allowed to access, view, and or store inappropriate content or materials on Roosevelt Chromebooks
- Presence of weapons, pornographic materials, inappropriate language, threatening language, alcohol, drug, gang related symbols, or pictures will result in disciplinary action.
- All activity on the Chromebook and any RPS issued email account, whether conducted at school or offsite, is subject to search as district property.

#### **Legal Propriety:**

- All Chromebook users must comply with trademark and copyright laws and all license agreements. Ignorance of the law is no excuse for violations of such laws or agreements. If you are unsure, ask your classroom/homeroom teacher.
- Plagiarism is a violation of the rules. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the internet, such as graphics, movies, music, and text.

- Data storage will be through apps on the Chromebook (Google Drive).
- Internet games are not allowed on the RPS Chromebooks.

**Responsibilities:**

- Talk to your child about values and the standards that they should follow on the use of the Internet just as you would on the use of all media information sources. Please talk with your child about your expectations for **appropriate and responsible use in your home.**
- **RPS highly recommends that parents set device usage & time restrictions at home, and also take time to view your child's search history to make sure appropriate usage continues at home.**

**Student Responsibilities:**

- **Students can only use their account issued to them to login to any RPS. Logging into other accounts while using RPS property could compromise the responsible use policy.**
- Use computers/devices in a responsible and ethical manner.
- Obey general school rules concerning behavior and communication that apply to network use according to Technology Policy.
- Keep passwords private. Should your password become compromised, contact the technology coordinator as soon as possible to change your password.
