

All Huntingdon Special School District facilities have been inspected for building materials containing Asbestos, as required by the 1986 Asbestos Hazard Emergency Response Act. An asbestos management plan for each facility is available for review during normal school hours at the following locations:

High School Principal's Office
Middle SchoolPrincipal's Office
Primary SchoolPrincipal's Office
District-Wide PlansDirector of School's Office

585 High Street, Huntingdon, TN 38344

The management plans include the system's plan to control asbestos and protect students/employees in district facilities. For further questions, please contact the Director of Schools:
