With each new school year there usually follows additions or modifications to the previous curriculum. As this new year began, with a slight delay, due to construction, the new 4x4 schedule was put into effect. Students found that there were several new classes offered. Some of these classes were taught by veteran teachers while other classes acquired new leaders. Among the new classes were psychology and drivers education. There were also some new additions to the sports scene. Coach and math teacher Ron Cook introduced wrestling while math teacher Tracey Purdue sponsored a drill team.

Students also were introduced to a list of new teachers.

Faye Upchurch, 9th grade guidance counselor; Mark Pemberton, P.E., wellness, health, and football coach. John Webb, drivers education; Judy York, keyboarding; Kim Gosnell, English 11 and Spanish I; Betty Bendeke, Spanish I; Amy Breazeale, pre-algebra, algebra I, and physical science. Freeda Garrett, basic marketing, basic English 9 and 10, and basic math II; Tracie Shelton, drama and English 12; Janet Brooker, English 9 and Dual English 12. School construction was still in progress, and the school began to look like a "school" once again, with two wings completely remodeled and the gym progressing toward completion.

Winging It After Hours

Many students spent much of their time doing the dreaded four letter word WORK! Jobs ranged from fast food or sales associate to construction or farming. Senior Donna Brummitt said, "When you have a job it's hard to get your homework done and make good grades." Having a job took up even more time.

There were all kinds of new experiences though. Junior Daniel Vanwinkle said, "I enjoy working at McDonalds, but the clown costume is hot." Having a job opens up doors to a whole new world as the real world. "I think it's great that students have a job. It teaches them how to take care of money, and how to set goals so they can buy what they want," said coach Ron Cook.

But was the main reason for having a job the money or was it the food? Senior Kristy Honeycutt said, "Working at Pondrosa is great because the cinnamon buns taste really good." Jobs could be a great way of learning responsibility as young adults and a way to prove that teenagers can handle responsibility. Jobs could be hard some times also, because students had to choose between fun on a weekend or go to work. Junior Sindi Dotson said, "It's a hard job, but somebody has to do it."

Working at Quick-Pro, senior, Andrea James said, "I'm not saying work is always fun but it might as well be."

Fixing wheels, senior, Chip Kirkland said, "Autobody is fun and exciting, but you also learn useful skills."

Working on cars, senior Benny Pryor says, "I like auto body because you learn a lot about fixing cars."

Selling dresses, junior Willa Hinds says, "Working at The Dress Barn is great especially with my discount."

Stocking, senior Crystal Cox says, "Working has been a good experience. The people I work for make it great."

Making dough, junior Joe Marcum says, "It's a dirty job but someone has to do it."

Showing his spirit, sophomore Jacob Austin says, "The pep rally was real exiting."

In the mystery food relay, sophomore John Russell says, "I liked the pep rally because they gave me food."

Cheering loud, senior Shelly Finley says, "I enjoy pep rallies because of the spirit Melissa Ford displays."

Filling up, freshman George Potter says, "It was fun and enjoyable trying to win the game."

Buzzing With Spirit

Construction once again prevented the pep rallies from being held in the gym though some progress had been made toward its completion. The student body was much larger because the entire freshman class was present at the high school. Pep rallies were much shorter due to the new block scheduling. Often during an activity in the stadium it was very difficult for many people in attendance to hear what was being said over the loudspeaker system. Some students didn't seem to want to become involved with the activities. Senior Crystal Cox said, "I remember my sophomore year pep rallies were exciting, everyone got involved. This year the enthusiasm is gone."

However, many students enjoyed the class competitions. Junior Beth Dawkins said, "The competitions are great. Go juniors!" Senior Lyndsey Randall said, "The games were fun, but the vienna sausages made me throw up."

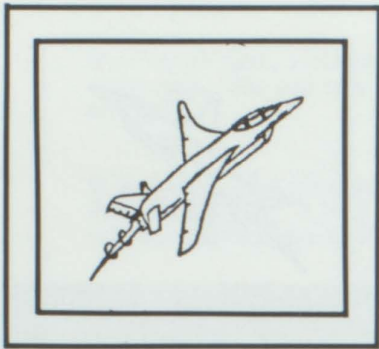

Senior Jon Leonard said, "Even through it all the crowd cheers on. It is our last chance to participate in high school pep rallies, so we have to make the best of it." Junior Eric Henline said, "As a football player it is great to see the students cheering, though the school is a mess and so much has changed."

Excitedly, junior Michael England says, "It took a lot of hard work, but it was worth it when we won the region."

Enjoying the show, junior Carrie Swafford said, "Pep rallies are great. They get me pepped up for the game."

Floating Around Town

Most students had a very exciting time at the parade. Junior Daniel VanWinkle said, "Parades really make me happy." Three firetrucks were used for the football players, coaches and cheerleaders. Junior Jimmy Inman said, "It was a great experience riding on the firetruck with all the other guys." Junior Courtney Bell said, "We had a lot of fun riding the big red truck, but I will be more careful next time because, I almost fell off."

The weather proved to be a bit of a downfall, because it was very cold, and most people had a hard time staying still. Junior Patrick Sojka said, "It was to darn cold to have a parade!"

Tractors pulled each of the floats. Junior Cane Swafford said, "I rode on my grandpa's tractor. He taught me how to ride it when I was five. When I grow up, I want to ride a tractor at a big tractor pull in Texas."

Senior Jennifer Strong said, "This was the first year that I have not gotten to watch the parade, instead of being in it. It was a lot of fun seeing all of my friends, but as a senior it was sad, too. My favorite part was seeing my best friend, Lora Hall. I was so proud of her."

'Floating' high, senior Crystal Bohannon says, "This is my last year, I'll miss it, but it will be the best."

On the float, freshman Lisa Pelfrey says, "Volleyball was fun while it lasted."

Flying high, freshman Nick Davis said, "Riding on the fire engine was great, but I almost fell off."

Standing on the corner, freshman Michelle Shaw said, "School is going to be great. The parade was a lot of fun."

Down the runway, freshman John Brewer said, "I like the band because you go to many places with friends."

Sitting high on the hay, junior Brandi Lewis said, "Riding on the float was a wonderful experience."

Being escorted, senior Diane Mattox says, "I am glad to be a senior, and having my colors pinned was special."

Overwhelmed with excitement, homecoming queen, sophomore Rachel Miller says, "I was suprised, yet honored."

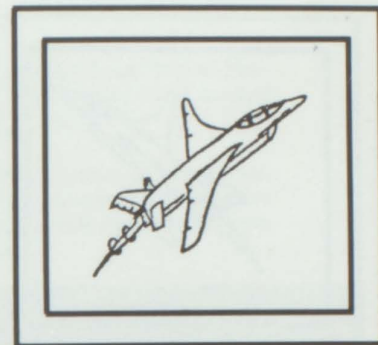

In awe, senior Mathew Daniels says, "It was an experience being in front of the entire stadium."

Freezing on a beautiful night, senior Caroline Leggett says, "Pretending to pin his colors on was such an honor."

Fastening Your Colors

During the homecoming activities held at halftime sophomore, Rachel Miller was crowned queen. Miller said, "It was an honor and a surprise." Many people showed their support for the activities of homecoming. Junior Ginger Woody said, "Homecoming was great! Some students helped others display their school spirit. Senior Jennifer Strong helped sew some sequins on a band uniform, and was caught in the act on camera. Strong said, "Just doing some finishing touches before the parade for Anita."

Principal Paul Hodge pinned the colors on his daughter, senior Holly Hodge, before the big game. Hodge said, "The pinning of the colors as part of the homecoming activities was a very meaningful experience for me as a parent. A number of parents expressed their appreciation for having the opportunity to participate."

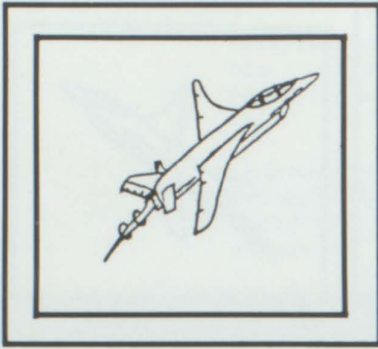

The parade was held the day of the game. Seniors won the float competition with "Blast Through 'em" following through with the theme of "Jets Since 1962". The week before the game was special, because students had the opportunity to dress differently each day. Monday was pajama day, Tuesday sixties day, Wednesday Western day, Thursday costume day, and Friday the traditional class colors day.

Standing proudly, senior Todd Hall says, "It's the last time in band and the experience of a lifetime."

Proud as the night sky, senior Erica Richmond says, "I am glad I was band sweetheart, it's a honor I'll remember."

Aerial Maneuvers

On Friday September 22, the homecoming game was held at Jets stadium. Many Jet fans came out to support the team in various ways. Sophomore Melinda Merrill said, "The game was exciting and the band played well." The Jets played well but lost 28 to 35.

Coach Mark Pemberton said, "We should have won the football game. The team played well but lost the game in the second half. It was a learning experience for our players." Quarterback and senior Rocky Gora said, "The team was determined to win. The first half was exciting but the second half was an upset." Most people look forward to having a winning team once again. Junior Alex O'Bryan said, "We have to learn how to play a whole game." Other people were interested in other aspects of the game. Junior Kelly McCathrin said, "I think they all played a pretty tough game, not to mention the fact that there are a couple of great looking football players on the team."

Junior Kyle Eldrige said, "On a positive note we did win homecoming, unfortunately it was at Cambell County." Junior Matt Morgan said, "Football is a game where you have fun no matter if you win or lose as long as you gave it a try. We didn't win but, we had fun trying."

Getting ready to take on Bradley, freshman Gary Hall says, "This was the best year yet."

Helping the tackle, senior Nathan Morgan says, "My last homecoming game gave me even more memories."

Ready for action, senior Nathan Morgan says, "This season we all worked really hard to win."

Landing hard, junior Jimmy Inman says, "The homecoming festivities were great but the game could have been better."

Wishing for a miracle, freshman Barry Dille says, "It was a fun and exciting game even though we lost."

Hopeful, sophomore Josh Durfee says, "It's been a different season and I had fun this year."

Leading the crowd, senior Sara Phillips says, "Majoretting is fun because we get to dress up like belly dancers."

Preparing for a game, senior Daniel Hassler says, "Hey, free admission to football games, what else can I say?"

Waiting for her cue, senior Michelle Worsham says, "My last year has been fun and I'll always remember the good times."

Playing jive, senior Laurel Anderson says, "Band can be hard, yet fun. I love my friends because they're great."

High Steppers

The band's show was titled, "Masterpiece Showcase", which included "Pictures at an Exhibition", "Selections from "Carmen", "Ritual Fire Dance", and "Firebird Suite".

The band attended three competitions. At the Chattanooga Choo- Choo Classic, the drum majors earned a Superior 1 and the majorettes won best in class. In Gadsden, Alabama, the percussion, majorettes, and band received Superior scores. Senior Sara Phillips said, "Being a majorette takes a lot of work, but it paid off. We got our first 1."

Band director Steve Tinnel said, "I am very proud to direct a band with a lot of enthusiasm, dedication, and talent. We have worked very hard this year and we have a really terrific show."

The band received an invitation to march in the Citrus Bowl Parade in Orlando, Florida. Band captain, senior Randy Neal, said "It was an honor being elected band captain. But the drum line still rules!"

Flying Colors

For many the first homecoming game in the new gym was a success. The Lady Jets had an exciting game, beating Ooltewah 45-44. Sophomore Brenda Wofford said, "The homecoming game was the best, we won the first and most important game in the new gym. We appreciate the support of all the fans. We are a great team and we'll always be the best!"

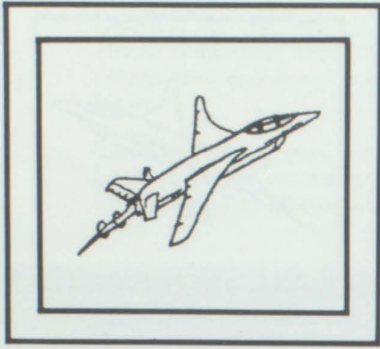

For some players the game was a bit of a disappointment. Senior Jeff Cross said, "Nobody came to the game. I got hurt. Plus, we lost. All in all, a great event." Even though spirits were low, Coach Mark Bray tried to look on the bright side of things. Bray said, "I have heard that it is OK to get crazy in order to be an effective basketball player, as long as the player can get back to ground zero. I salute our seniors, they have endured a lot."

The new gym was filled with many committed fans, despite the bad weather conditions. Senior Josh Houston said, "The game was a slight disappointment, but I really enjoyed the new gym, and the cheerleaders." Due to the snow homecoming banners and class competitions had to be eliminated. However, students did get to participate in a few dress-up days before the arrival of snow. The days were P.J. Day, Western Day, and 70's Day. Costume and color day were the other days.

On February 10, the Homecoming Festivities were finally able to be held. Senior Kristy Honeycutt said, "Homecoming in the new gym was alright, alright, alright. I wish I could dress up like this all the time." After the pinning of the colors for the seniors, the Homecoming King and Queen were crowned. Seniors Joey Thompson and Stephanie Cole were crowned king and queen respectively. Cole said, "It was an honor to be crowned Homecoming Queen, but much more of an honor to stand beside Joey."

Student council sponsor Florinda Dunigan said, "Student Council should be congratulated on doing such a wonderful job considering the circumstances. They gave up a Saturday to make it work." The cheerleaders put forth much effort to make this year successful. During summer camp, the junior varsity team placed first in the pom division. The varsity team won a superior trophy for overall performance. Both squads won a chance to cheer at the Citrus Bowl in Orlando. Junior Holly Anderson said, "Cheerleading camp was great! I thought our squad did an excellent job. We even won a trip to the Citrus

Bowl." The cheerleaders showed their dedication by holding many fundraisers such as face painting, doughnuts sales, car washes, coke sales and collecting parking money at the home games. Junior Sally Martin said, "This years fundraisers helped send us to the Citrus Bowl. We were very grateful to all those who supported us."

Senior Jasmin Adams said, "My last year cheering has

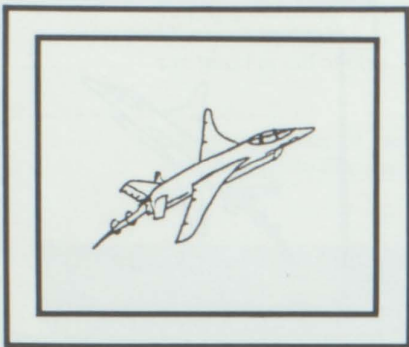

been my best. I just wanna dance." Junior varsity and the varsity squads worked together. They participated in many practices and pep rallies as one squad. Senior Kathryn Mayberry says, "My senior year has definitely been my best. The squad is so close this year and it's great! I just wanna dance!" Air Time

"The main goal was and will always be to win ballgames. We played good football at times this year. The big goal is to get more kids into the program and play more in the game," said head coach Mark Pemberton.

The football season ended October 26 with a record of 2-8. Mark Pemberton took over the job of head coach for the Jets. The freshmen football team had thirty-nine players this season which outnum-

bered the varsity team. Football is a team effort and to have a team one must have players and that was one thing the varsity team lacked. Increasing the number of team members is a big goal for Coach Pemberton.

Junior J.C. York said, "Being on the football team is a great experience you develop leadership skills that will help you through the rest of your life." Though the Jets did not improve their win loss record,

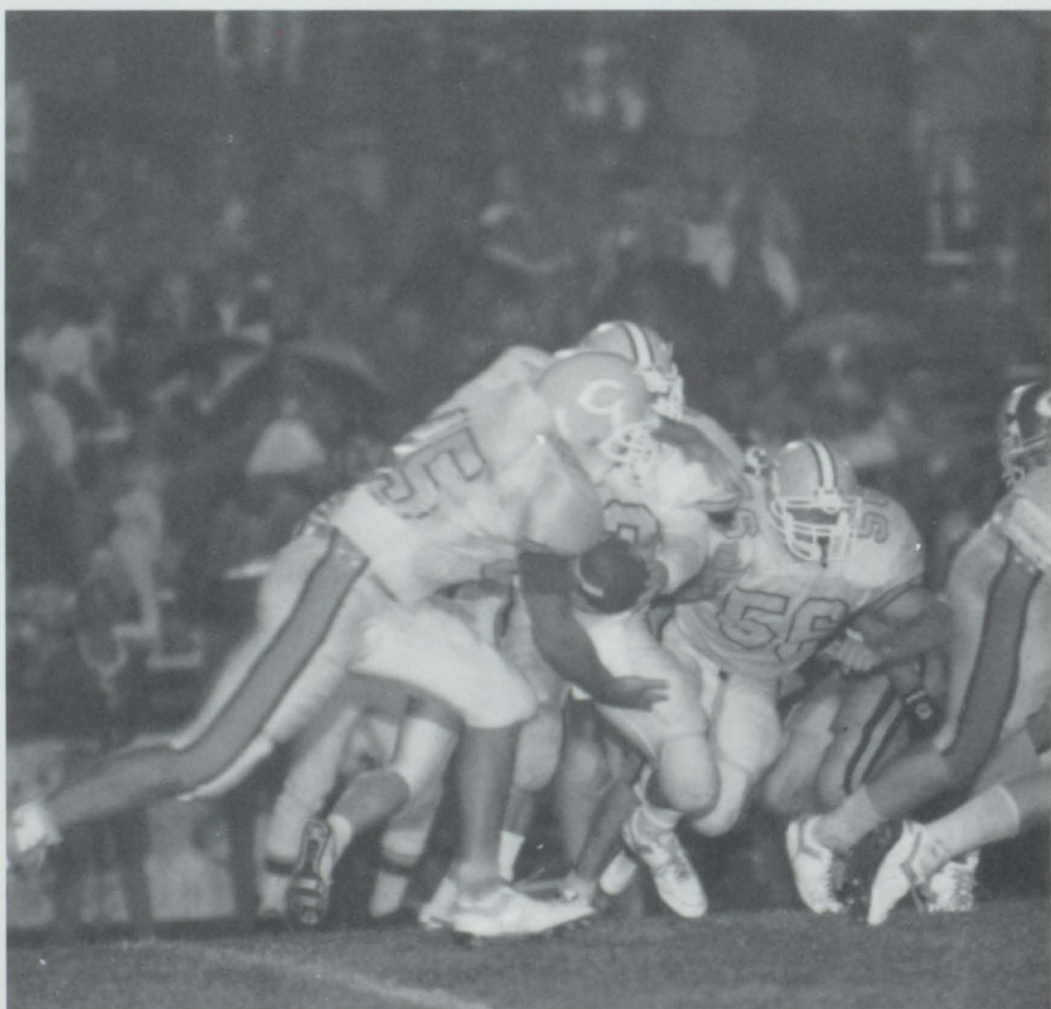

they worked hard to attain the wins they did get.

Many players said that they worked extremely hard this season and during practices. Sophomore Kyle Pape said, "Practices were very tiring, but I guess that's good." Practices and workouts were designed to strengthen the players and improve play skills. Next season will bring new games, new players, and new practices.

Striving for one more yard, senior Nathan Morgan says, "As a senior I tried hard to savor all the great moments."

Senior Jay Noffinsinger says, "It takes heart and mental toughness to play the game."

During a fake handoff, junior Jimmy Inman says, "Football is a lot of fun especially during the game."

The freshman team had a rocky start, winning only four out of seven games. Many freshman players were eligible to play on the junior varsity team, which allowed them to gain valuable playing time and team experience. Freshman coach Marty Davis said, "A very good season, lots of potential. As a coach, I hope every freshman will stay with the program. Then the team will be successful."

Most of the team had a very positive outlook. Freshman Sean Jones said, "We had a great team this year and I'm

looking forward to next year." Freshman George Potter said, "I loved it because you could take out your anger on the other team."

The season really started on the practice field. Practice sessions began with vigorous warm-ups, running, defensive period, and an offensive period. Senior Scott Calahan said, "The defensive exercises are the most important for the success of our squad this season."

Coach Dean Darnall said, "With five experienced seniors leading us in 1996, it will be an improved team in the class-

room and on the field." Senior Mike Tharp said, "Baseball has been a very good experience for me. I have learned a lot about life through Coach Darnall's inspirational pep talks and straight from the heart shows of emotion." With the leadership of the five seniors on the team, their goals were to win the district and move towards a state win. Sophomore Doug Smith said, "This year we have a great

team. I would be surprised if we don't win district."

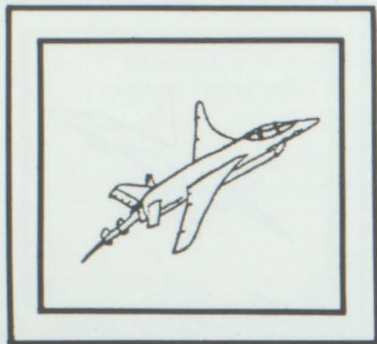

Players receiving potential scholarships were the following: Scott Calahan, Randy McCormick, Ben Welch, Rex Shillings, and Mike Tharp. Senior Scott Calahan hopes to attend South Alabama on a baseball scholarship. Calahan said, "South Alabama has a great program and I am looking forward to playing for the Jaguars next season."

He is going for it. Senior Scott Calahan throws to base hoping someone will catch it.

Helping his teammate, junior Daniel Vanwinkle says, "Baseball is fun. It is very competitive and a good challenge."

Flightpath

During the regular season the Lady Jets played their best tournament in school history.

The season opener ended in a tough loss to Oak Ridge. From then on the Lady Jets continued with scattered wins and losses to end up with a record of 9-13, which included tournament play. During this season the Lady Jets had two shutouts in which they leveled Oakdale and Bledsoe County.

When award time came at

the end season these players were honored: most improved, junior Katie Evans; most valuable defense, senior Crystal Cox; most valuable offense, sophomore Jessie Inman; golden glove award, junior Camille Tollett; MVP, Emily Stubbs. Evans said, "Being honored as most improved player was a great accomplishment. The players were a great bunch of girls and Mr. Inman is an excellent coach. Go Jets

and Lady Jets!" Tollett said, "If I had it to do all over again I sure as heck wouldn't have run into the fence!"

Coach Jimmy Inman said, "We are coming off of the best year we have had with a third place finish in the district. We will have a lot of young talent this year and we hope to pick up where we left off last year."

Throwing swiftly, senior Lisa Barnes says, "We had a great year, and I'll miss it. To the team: Good luck, girls!"

Catching the ball, senior Jessica Imes says, "Playing was an experience. I lost weight due to Inman's workout."

With ease, senior Cassandra McCreary says, "Working with friends whom I didn't normally see was rewarding."

Scheduled Jet Flights

The Jets basketball team started off their season by winning the Venture Classic Tournament. The first half of the season was played on the road, due to continuing construction. Senior Carrie Criswell said, "From what I've seen so far, the gym will be nice when completed." Several of the home games of the second half of the season were played at Homestead Elementary School until the gym was

completed.

Their record before Christmas was three wins and seven loses. During the season the team lifted weights, and ran track. Senior Joey Elmore said, "That's everything."

The second half of the season started off with a win also. Senior Trevor Gallaway said, "The Fab Trio is great, and the gym is pretty nice too." Freshman George Potter said, "Basketball is fun except when you

get dunked on."

Most students thought the team worked hard. Senior Channing Smith said, "Basketball is a game that never changes you just need hard work and dedication." The Jets were coached by Mark Bray. Bray said, "Basketball is like other parts of human expression — you basically get out of it what you have injected into it — and it must be practiced to be perfected."

Chasing the ball, senior Jeff Cross says, "It's been fun for me while it taught me discipline and hard work."

Some players from the varsity team also played on the junior varsity team. Junior Heath Scarbrough said, "We had a rewarding year, but we could not get over the hill in a lot of our games."

Many different grade level students played an important role in the formation of the structure and framework of the junior varsity team. This gave the varsity team an experi-

enced base upon which to build a solid support system of players to choose from. This also gave the players plenty of court experience should they decide to play for this team or the varsity team next year.

Freshman David Collins said, "I really enjoyed this year and next year when Coach Mark Bray gets really smart he will promote me to the varsity team. Just kidding."

Many players enjoyed the season of hard work and great support from the fans in the stadium. Sophomore John Russell said, "Junior varsity basketball was a great experience, but I kept tripping over my hair. GO JETS! GO JETS!" Senior Carrie Criswell said, "I love to watch the really good-looking ones get the three pointers. All joking aside the team tried but was just a little over matched."

The freshmen basketball team had a rocky season partly due to the lack of a gym and so much snow. They were coached by Rick Gilbert a teacher at Crossville Elementary.

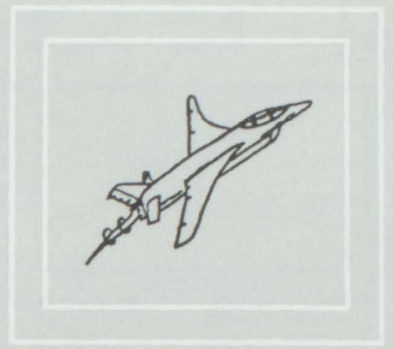

Freshmen Larry Walker said, "I thought the team was great and I enjoyed the fun we had together!" The team's record for the first part of the season showed a slow start. Although, the team improved as the season progressed. They competed in district playoffs at the end of the season. "The year was helped by teamwork

and aggressiveness. We are looking toward a better season and hope next year will be much better," said freshman Matt Estridge.

Many of the players said it was hard work but it all payed off in the end. Some of these freshman players will return to

the junior varsity basketball team or maybe even the varsity in the upcoming year. Freshman Brandon Lucas said, "It was a fun and enjoyable season."

First row: Jason Mellen, Brandon Lucas, B. W. Davis, Matt Hedgecoth, Chris Edington. Second row: Coach Rick Gilbert, David Collins, Chuck Standridge, Larry Walker, Linkous Keen, Matt Estridge, Brad Holt.

Scheduled Lady Jet Flights

The Lady Jets started their season on November 24. They started off against some of the top teams in the state. Winning the first game set the pace for the games ahead. The Lady Jets worked hard in preseason as well as during the season. Running track, and lifting weights were some of the workouts they did. Sophomore Heather Dykes said, "Basketball takes a lot of time, dedication, and a lot of hard work."

The first half of the season was rough with most of the games being played on the road, but they fought hard. Most of the girls enjoyed the season. Sophomore Jessie Inman said, "It's pretty cool." Sophomore Brenda Wofford said, "I enjoy having home-court advantage all of the time. Basketball is great! I love this game!"

With many players getting a lot of playing time the team

has a bright future. Junior Amanda Davis said, "Basketball is the greatest sport because it takes a lot of preparation and a big heart. Especially to play for the Lady Jets." The Lady Jets were coached by Randy Herring. Herring said, "The rebuilding process is right on schedule. This group will be successful, if they continue to work hard and stay focussed."

Dribbling the ball, freshman Jamie Martin says, "You should work hard in practice and during the game."

First row: managers Troy Wheeler, Megan McMahon, Christy Rogers, Shane Bailey. Second row: Martha Gunter, Jamie Martin, Jesse Inman, Leslie Henry, Brenda Wofford, Camille Tollett, Amanda Davis. The Lady Jets JV team was made up of mostly freshman. In addition there were three sophomores on the team. Junior varsity worked very hard to help build a better overall team. Their games were usually played right before the girls varsity team games. Occasionally they played a slightly different schedule. To play in a junior varsity game gave valu-

able court experience to the players for the future varsity team.

Sophomore Martha Gunter said, "I believe JV is a good experience for us because it gives us more game time and allows us to prepare for varsity games. It also allows us to improve our skills."

All players were given the chance to play on junior var-

sity. Freshman Ashley Burnett said, "It's a lot harder than elementary but still a lot of fun."

Most of the girls enjoyed playing junior varsity which was coached by algebra teacher Amy Breazeale. Breazeale said, "I have enjoyed coaching the junior varsity because it has given me more opportunities to work with some of the girls and get to know them better."

Charter Support

The freshman team was a great chance for players to gain experience and confidence by competing against people approximately the same age and grade level.

Most players found the ninth grade games exciting. Freshman Kendra Wyatt said, "I think freshmen basketball is a good opportunity and experience to succeed in the future."

The girls gained a lot of experience not only through their freshman games, but junior varsity and some played on the varsity team. Freshman Tiffany Cox said, "I think bas-

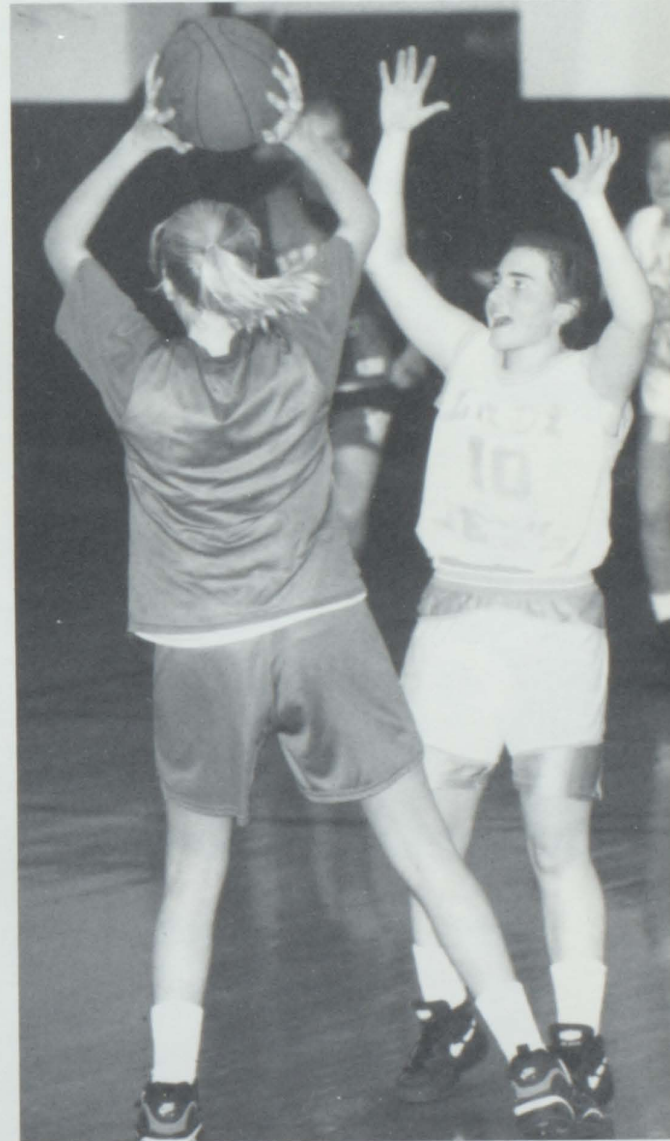

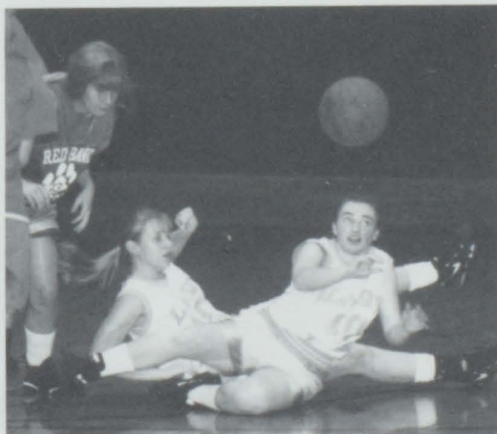

ketball is very exciting and I have learned a lot from Coach Herring."

Coach Randy Herring said, "The freshman year is a tough transition for the young ladies. It requires a total commitment on and off the court and in the classroom. Only the strong survive."

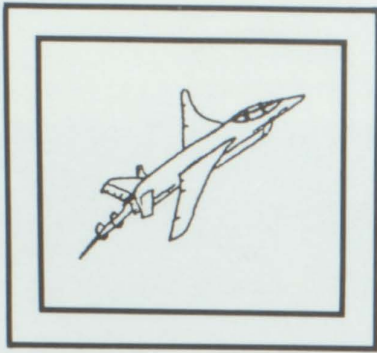

Moving away from the opposing team, freshman Jessica Tammaro looks for an open teammate.

Recovering a mistake, freshman Emily Bradley says, "I like to play basketball because it's my life."

While the opponent looks for an open player, freshman Emily Bradley makes it impossible to find one.

Early Weekend Flights

Students who choose to not play for the varsity team for whatever reason formed their own team for the intramurals league. Students chose their own teammates and played with a style of their own. That could be a reason why many played intramurals.

Senior James Vanderver said, "Intramurals are pretty cool because you get to play the way you want to, but it would be better if my team could win." The competition

was high and the players were very determined. Some teams were packed with talent while others tried to build their skills along the way.

Junior Patrick Barnes said, "I think our team could go all the way!" Every team played each other one time and the two teams with the best record at the end of the league played for the title. Junior Will Smith said, "So what if our team can't win — it's just a game!" I guess you can't win them all!"

Looking for his teammate, junior Jimmy Inman says, "Intramurals are fun and we have a lot of laughs."

Hoping the ball will go in, junior Joey Spriggs says, "Intramurals are great for us lower class people!"

Touchdown On The Tarmac

An addition to the sports curriculum was wrestling. In its first season, wrestling coach, Ron Cook, recruited twenty-one students for the team. One of the interesting aspects of this new sport was that it was co-ed.

The season started with a home match against Warren County. The Jets couldn't pull

away the win but gained experience well needed. They lost their next two but managed to rank fourth in the William Blount Tournament. They continued with performance and placed sixth at the Powell Tournament. For the squads first year they came away with a good record (5-13). Junior Will Rachel said, "It was really

starting on the wrestling team this year. It was also a big honor to be there when the team won medals and tournaments."

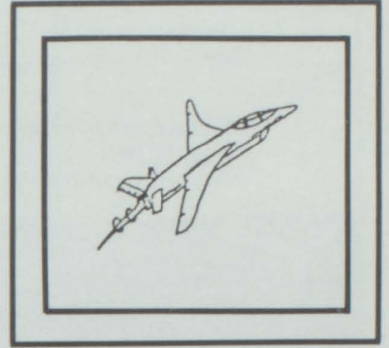

Freshman Clayton McMillan said, "It is very intense. You have to be in good shape and have a lot of self-discipline." Freshman Tiffany Austin said, "I really enjoyed it, especially the tournaments. I have even thought about wrestling myself." They definitely have the desire and determination to get their job done. Senior Noah Baker said, "I think wrestling was fun to be part of."

The volleyball team started practice midsummer in order to prepare for their tough schedule. With the return of six seniors and the addition of new players, the Lady Jet Spikers showed a lot of potential, during the season. Senior Jamie Jo Garrison said, "Volleyball is a great chance to brush up on cartwheels, wrestling skills, and running for every time we breath. I'm going to miss those guys."

Coach Angela Turner started each practice with running and drills in order to prepare the team for rivals such as

Cookeville and Sparta. Junior Sam Schaffer said, "We're doing awesome as a team so I know we can win. All we need now is to do it!"

The new members found

volleyball a great way to make new friends. Volleyball involved hours of extensive training and practicing. Sophomore Sarah Stone said, "I'm really going to miss the bus rides."

Not using her hands, junior Melissa Dickenson says, "It's harder than you think to kick around that little ball."

With his eyes on the ball, senior John McDonald says, "Soccer is a sport of skill and I love to play the game."

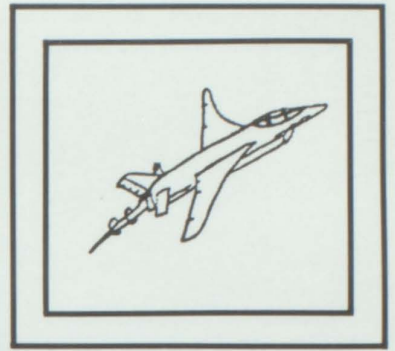

Beginning the game, senior Nathan Morgan says, "Soccer is really exhilarating, and you have to run a lot."

Attitudes Gaining In Altitude

Soccer began with new soccer coach Rick Gilbert. The high spirits and positive attitudes helped make the seasons successful. Senior Maria Stephens said, "Soccer rules! Coach Gilbert was a great coach." I'm just glad we won so many games." The coed team was terminated with the formation of the Lady Jets soccer team. Despite the poor win-loss record most girls were thrilled with the opportunities given by the new team. Junior

Melissa Dickenson said, "I am really glad that we finally had an all girls team. It's about time we finally got a chance to play." Freshman Peggy Perdue said, "Soccer is a demanding sport and I consider myself lucky to be part of the team."

In the late fall the boys team got underway. Senior Brad Spears said, "Soccer is a challenging sport but it's just so darn rewarding." The Jets improved their record over the

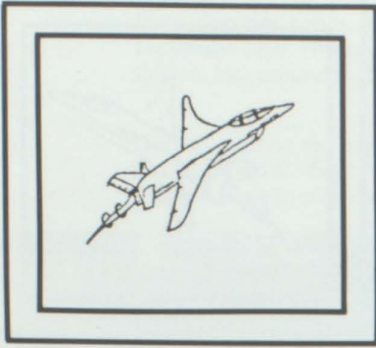

previous years. Senior Joey Whiteaker said, "Everyone should try playing soccer. There's nothing like going out and kicking the ball." Over all both the Jets and Lady Jets had great seasons. Senior Carrie Hawn said, "Soccer season was the only time I wished I wasn't a senior. I'm really going to miss #10, the black eyes, warm Gatorade, and post-game sprints."

1st: James Burgin, Rasmus Dhyr, Brad Spears, James Davis, Nathan Morgan, John McDonald, Eddie Wofford, Nathan Keeler. 2nd: Jesse Hughes, Tom Griffith, Aaron Devogel, Martin Dyhr, Anna Devos, Mike Norris. 3rd: Joey Whiteaker, Zack Goss, Valentin Langin, Justin Wyatt, Annell Schaffer.

Using her braids for strength, junior Breanna Phillips says, "Soccer is great and it was fun playing this year."

The boys golf team finished with a record of 65 and 9. They won Distict 3 for the 3rd year in a row. They also won regionals. Coach Richard Fields said, "I am very proud of this team. The players worked very hard, and made my job a very easy one. I am proud of the boys for playing hard and earning their way to state."

Senior Scott Calahan said, "We finally did it. Two years of hard work paid off. I've enjoyed every bit of it. The team was great. I wish Bratcher,

Michael, and Jason the best of luck next year. Troy's the best!" This is the second year for the girls golf team. Their record for the year was 46-21. They finished third place in the region. Coach Debbie Jones said, "This was my first year coaching, and I wasn't sure what to expect. The girls worked hard all year and accomplished far more than I expected of them."

The tennis team was coached by biology and physiology teacher Jill Lay. She herself is an avid player and has a wide range of knowledge of the sport. The team was made up of a variety of grade levels which acted like a supporting family to each other. Junior Beth Smith said, "Tennis was loads of fun, and I hope to continue playing for Ms.Lay".

Tennis was a sport which consisted of sometimes long

matches with quick sprints and saves. Senior Lana Colvard said, "Tennis training and practice is tough, but it's always fun in the end". Senior Johnathon McShan said, "Tennis is a great sport. I enjoy playing a competitive sport like tennis because there is just you and your opponent. I encourage anyone who would like to play to go ahead and try it. I love it!

Shuffling into place, senior Lana Colvard chases the ball with a stretched forehand.

In the right place at the right time, senior Johnathon McShan intercepts the ball with a forehand.

Sophomore Chasity Phillips said, "You get to see a lot of cute guys, and it's a fun, exciting sport." Junior Seth McMillan placed very high in the distance competition. McMillan said, "There's nothing like going the distance."

Math teacher Ron Cook coached the track team. Track events took place during the springtime. Junior Amy Sanders said, "Track is fun and enjoyable."

There were two teams. Boys and girls competed in separate events. The teams participated in a meet at least once or twice a week.

"I like to do it because it keeps you in shape," said sophomore Stacy Turner. The teams competed against other strong teams such as Oak Ridge and Farragut. The track team along with the cross country team had several fundraisers to help them pay for their expenses.

Coach Ron Cook coached both the boys and girls cross country teams. The captain of the girl's team was junior, Amy Sanders. Sanders said, "Being captain of the cross country team was great. I enjoyed being a leader." Both teams went to regionals. Four girls finished in the top twenty-five. They were freshman Stacey Davis, juniors Jaclyn Stevens, Jennifer Myers, and Amy Sanders. Myers was the only person to go to state finals. Myers said, "It was a really good experience, but I wish my whole team was there."

The captain for the boys

great time this year." Sophomore Sam Bohannon said, "Cross Country is a very difficult sport. But, as long as there is a team I'll stay with it."

Salutatorian
Daniel Hassler II

"It's an unexpected honor to be Salutatorian. There're many intelligent people in my class, it's truly a blessing. I do owe a lot to my parents who pushed, my teachers who believed, and my friends who were always willing to engage in a "friendly" academic competition. It seems like I've been in high school for longer than I can remember. I've made many friends, and learned many things. Yes, there is a good education at Cumberland County if you're willing to learn. I'll miss marching band, football games, and the bulldozers. High school's the greatest years in your life. Don't waste them. God bless you all."

Now these are some COOL Seniors!

Have you had your hug to-day?

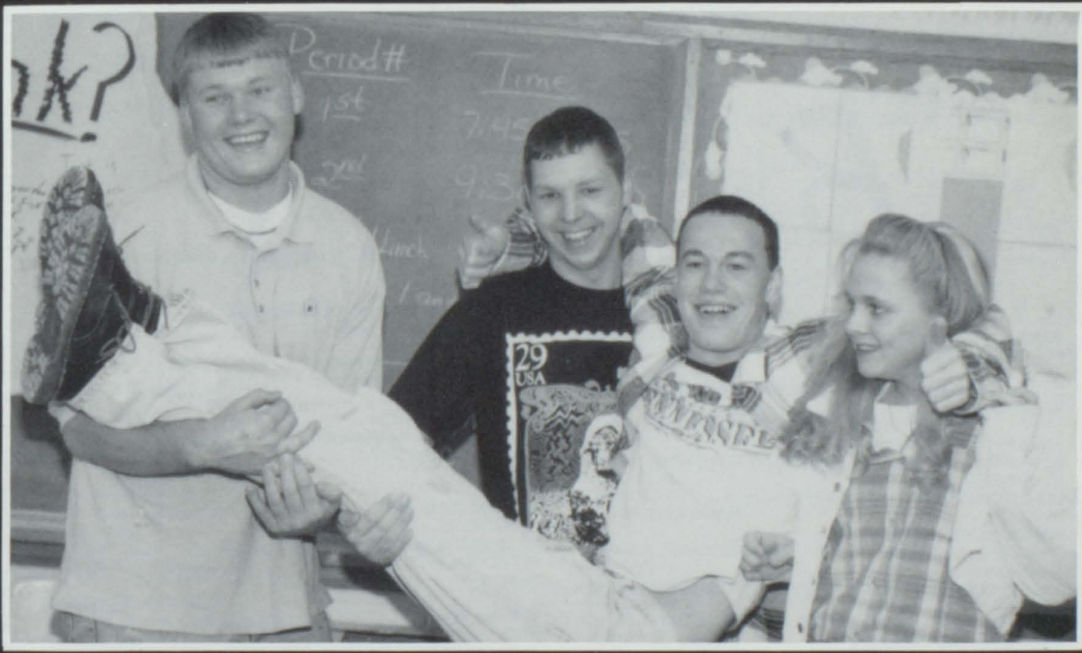

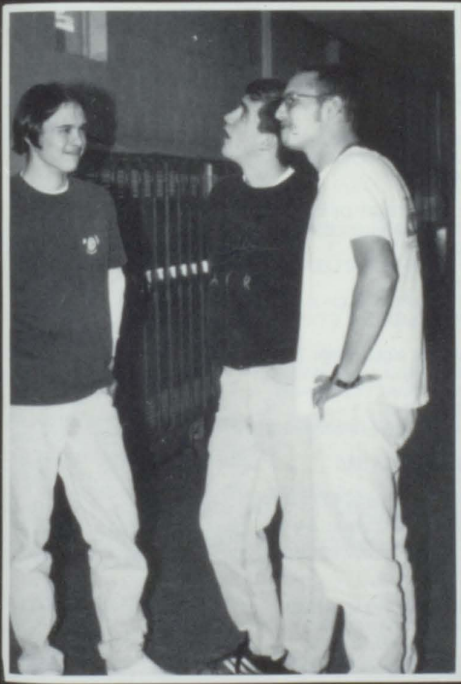

Shhh!
Brains at work.

Say cheese!
And don't forget to smile.

How many seniors does it take to use
a computer?

Huh?

He needs to go to the nurse or some-
thing.

Memory is like a child walking
along a seashore. You never can tell
what small pebble it will pick up
and store among its treasured things.

Freshman puppeteer Jamie Gunter says, "Metrics was slow until the puppet show. My puppet was Milly Millimeter."

Waiting in line sophomore Heather Long says, "The lines are long and you don't have time to eat once you get food."

Working hard, senior Lori Sanders says, "Studying is all kinds of fun. I just love spending hours doing it."

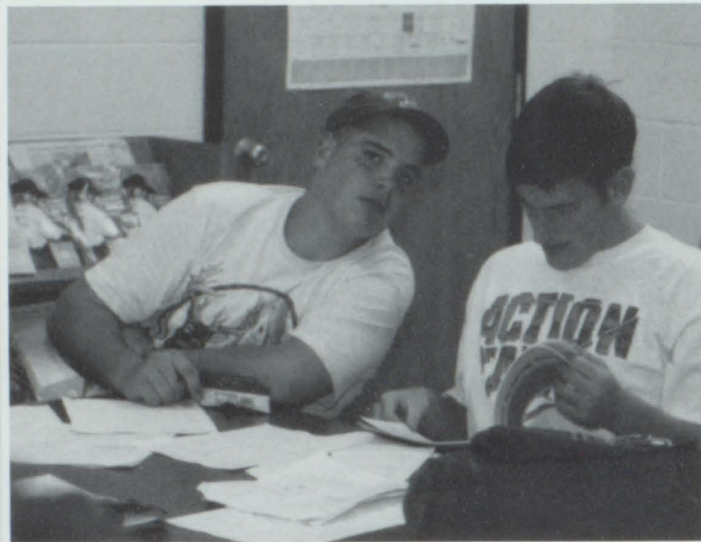

Using the weights, freshman Billy Kilby says, "I'm building my muscles."

New Flight Test Patterns

Hitting the books, sophomore Nick West says, "This year has been an interesting experience."

Sawing away, sophomore Stormy Jefcoats says, "Powderpuff building trades is great."

Getting cheap insurance, freshman Jessica Davis says, "It's cool, and the teacher isn't that bad looking either."

Saving money on his car insurance, sophomore Paul Durfee says, "The signs have got to go!"

Plotting, senior Daniel Hassler II says, "I was born to mess with other people's minds. I love it."

Thinking hard, sophomore Brook Jenkins says, "Intro to Finance is fun especially if you like numbers."

New classes offered that were not available last year were: driver's education taught by John Webb, jazz band taught by Steve Tinnel, tutoring lab with Candy Woods, youth apprenticeship with Wanda Whittenburg, and psychology taught by Jeff Wallace. Sophomore Marlon Harville said, "Driver's Ed is the best class in the whole world and I'm not just saying that." Teacher John Webb said, "Thank goodness for a passenger side brake!" Youth apprenticeship director Wanda Whittenburg said, "Youth apprenticeship is a new program for students to make a connection with school, business, and post secondary training."

Jazz band was offered in the past, but as an after school activity. Band director Steve Tinnel said, "I placed this class in the curriculum."

Teacher Jeff Wallace said, "This is the first time psychology has been taught in a few years, because it is so different from the other social studies classes. I think the students who are taking it get into it pretty well. Most will say they learn something new daily. I enjoy the subject matter and hope they do to."

Tring to pick the right paint, sophomore Amanda Wyatt says, "Art class is really fun, and I really enjoy it."

Helping a friend, senior Stacy Engstrom says, "Mrs. Armes gave us freedom to explore different mediums."

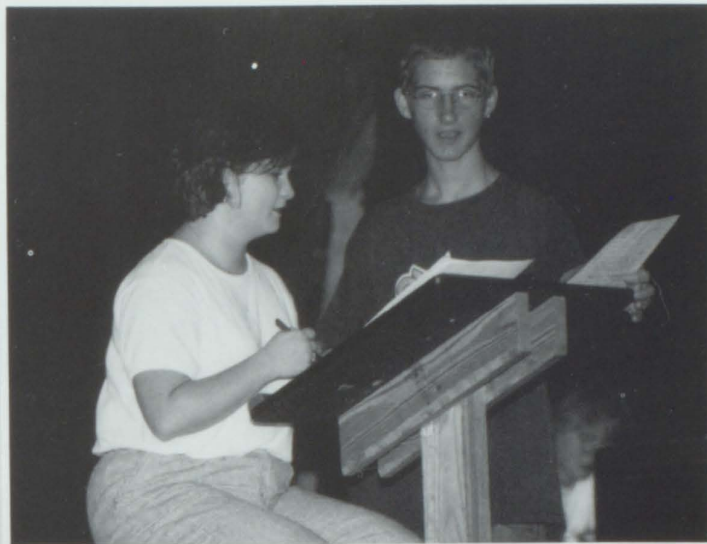

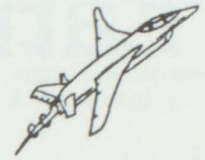

The visual arts department included drama, chorus, and art. The drama club did activities such as putting on a haunted house in a warehouse, for Halloween. Many students were frightened by the realism of the show. Sophomore Marlo Tollett said, "Drama is really fun. It is the only class you get to goof off in and get a grade on it."

Other areas of visual arts included art classes. Sophomore Erin Bradberry said, "Being in art is really fun. You get to draw and paint and actually get credit for it." Students in art did activities such as making a paper mache masks, and painting, or computer art. Art teacher Jane Armes said, "If students will take their pictures home to frame, they will look wonderful and professional hanging in their homes."

Students in chorus gave concerts in different schools. During the month of December, all five choir classes participated in the annual Christmas concert. Chorus included show choir, beginning choir, and Jet singers. Sophomore Crystal McGhee said, "Show choir is a class were you have choreography for the songs you sing."

Scanning The Horizons

Explaining the part to a student, teacher Tracie Shelton says, "Live life in the spotlight!"

Practicing, senior Leah Calahan says, "If you fear getting in front of people chorus is perfect, and it's fun too!"

Thinking of something to design, senior Jason Brown says, "I think art class rules."

Being artistic, junior Anna Devos says, "We did a lot of pictures, but nothing could compare to Jesse's outlining."

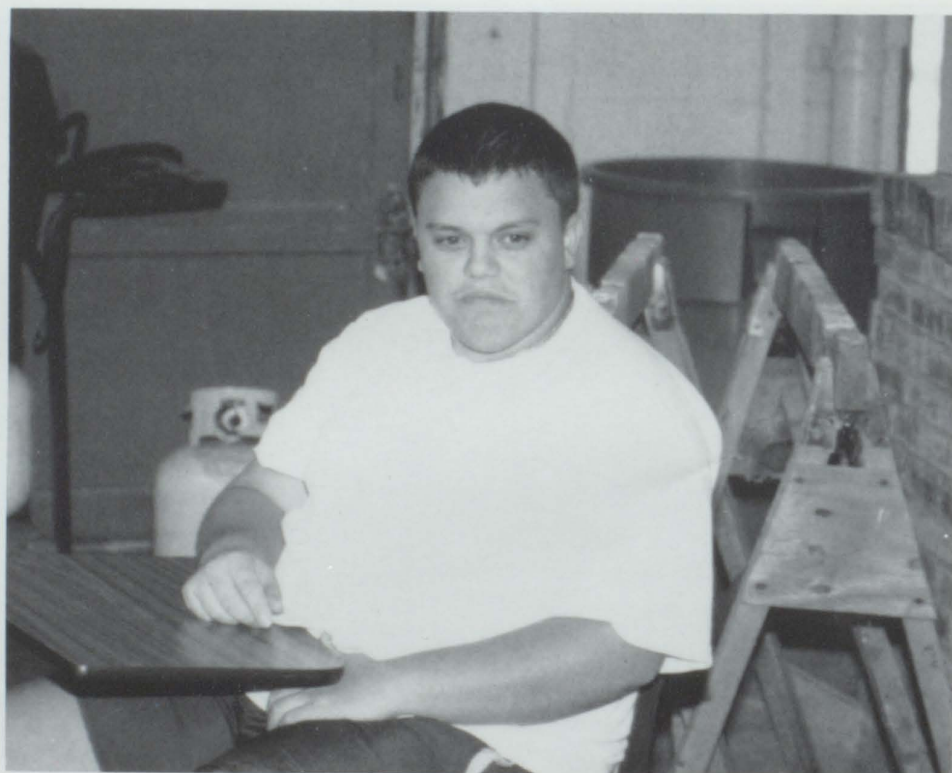

Earning Ones Wings

Taking notes, senior Dewayne Davis says, "I think vocational is a great experience to be in."

Focusing, sophomore John Russell says, "Graphic art is great. If you are failing, take it, it's the easiest class."

Looking pretty steamed, senior Joey Thompson says, "Working for Mr. Freeman is a lot like studying for English."

Pounding away at the keyboard, freshman Brad Haynes says, "Typing's pretty cool, but hard."

Studying the tree, junior Zack Miller says, "Forestry was a real learning experience for me and my classmates."

Looking for the perfect pix, junior Willa Hinds says, "Graphic arts was lots of fun. I recommend it for all ages."

Vocational classes included family and parenting, child development, adult living, forestry, agricultural mechanics, building trades, keyboarding, and marketing. These classes taught students the responsibilities and skills necessary for various careers in life. Many of these classes allowed some students the opportunity to work to earn money and a credit at the same time. Junior Mark Atkins said, "Having a vocational class is great because it gives me time to do my homework."

This program also included photography class. The photography class took pictures of ballgames, parades, other students clowning around, and school activities. Many of the pictures taken in the photography class were used in the yearbook. Senior Chrystal Hicks said, "Graphic arts is an interesting class. I get the chance to practice the photography I need for the career I am interested in going into (taking pictures of male models!). If you like not having much to do and having fun, take the time to hook up in graphic arts with Art Sander-son and acknowledge."

Listening intently, senior Benny Gibson says, "Ms. Reed has made my drawing class my best class."

Talking to sophomore Chrissy Smallwood, assistant Charlene Starns says, "Working in special ed is very rewarding."

Special ed was a class for students that needed special help with all subjects. Special ed teacher Sharon Daniels said, "This year has been challenging as well as rewarding. I'm looking forward to even a better year." Special ed taught students to write, speak properly, learn English, math, spelling, and reading. Basic classes were for students that needed help in individual subjects like math, English, spelling and reading. These classes helped the students until they were ready to go on to other classes. Basic class teacher George Kington said, "I have really enjoyed teaching my 2nd period basic math class. My students have shown great improvement." Basic class teacher Mary Payne said, "I believe teaching is one of the most challenging professions that anyone can do. I enjoy what I do, but sometimes I have to work hard to keep up with my students." Special ed teacher Peggy Paquette said, "Students work hard to increase skills that will prepare them for the world of work after graduation."

Taking Wing

Enjoying the ride in the convertible, senior Kristy Taylor says, "It was a great experience."

Lending support, special education teacher George Kington says, "Leeta really enjoys doing her exercises."

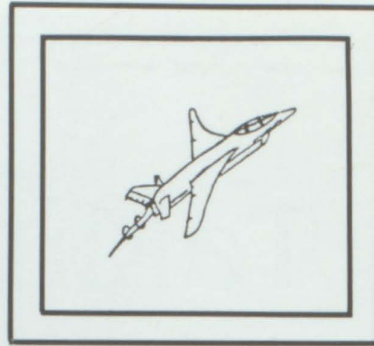

Completing a math worksheet, senior Jeremiah Woody says, "My math class is very good."

Lending a hand, special ed teacher Sharon Daniels says, "Scott Bond and I were about to go for our morning walk."

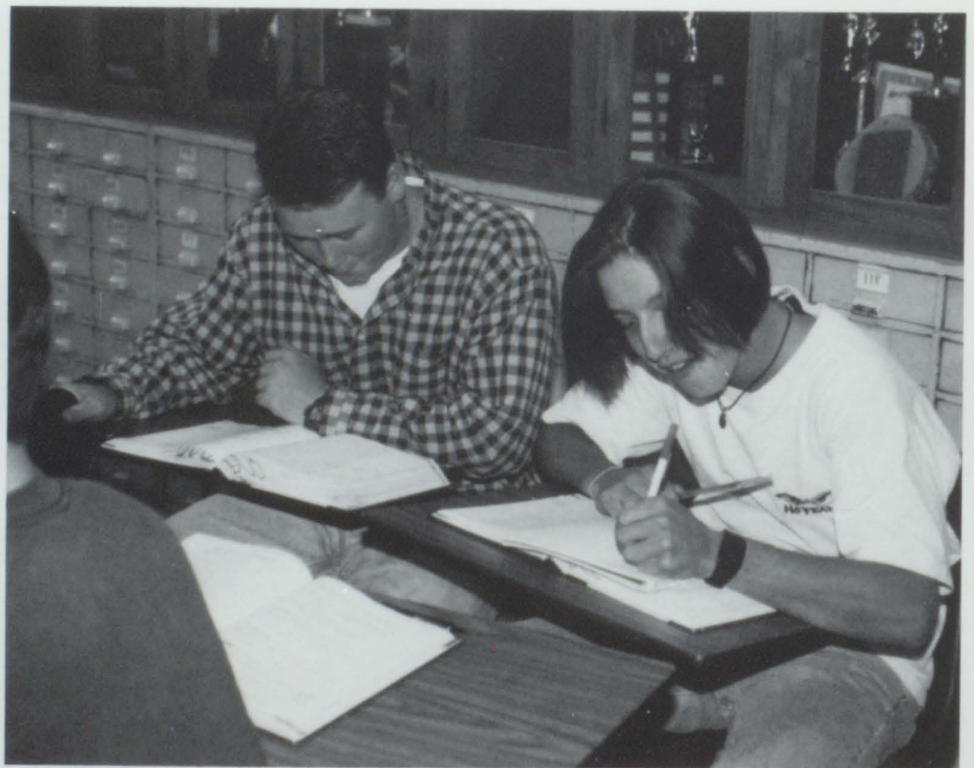

Recording In The Log Book

Working hard, senior Carrie Gaston says, "Eliminating one more college class will give me more time to party!"

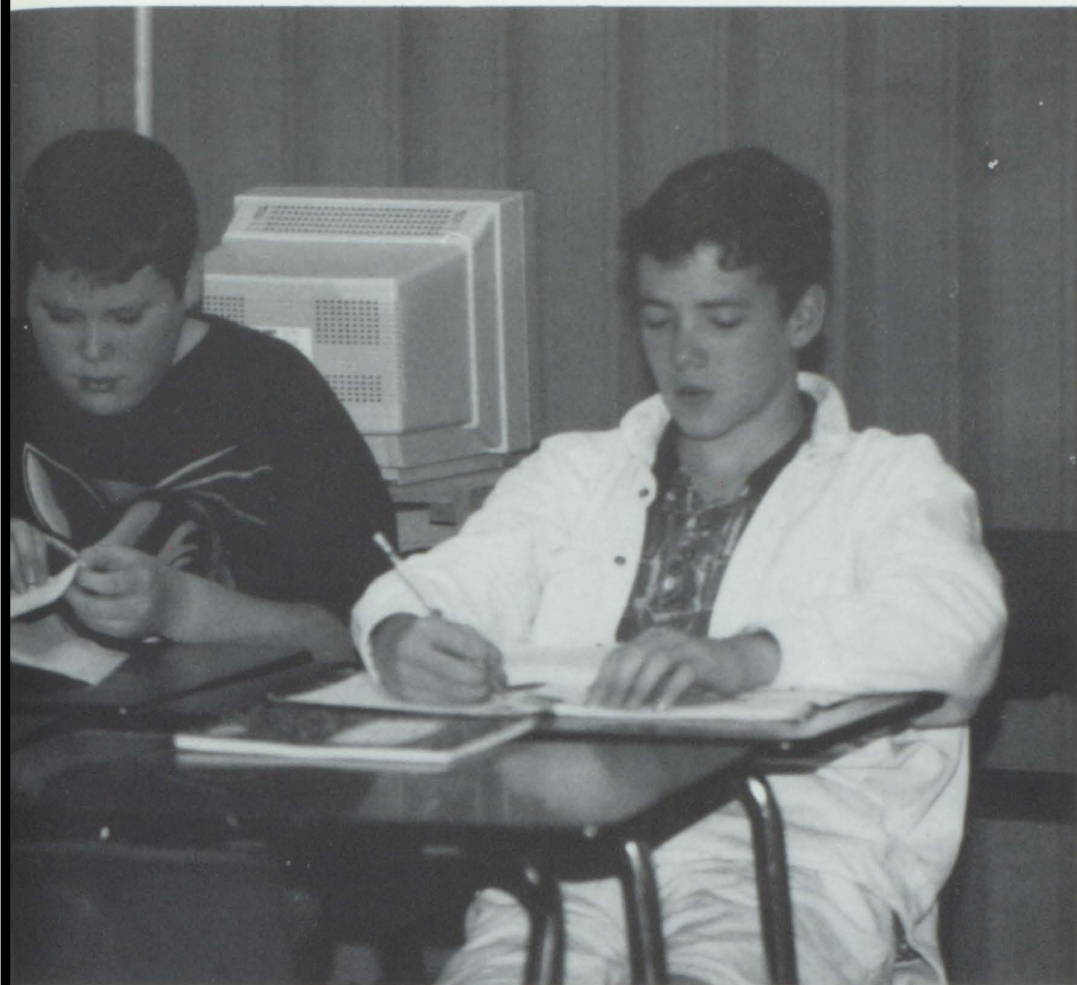

Pretending to study, sophomore Amber Huddleston says, "I didn't have anything to do so I decided to fall asleep."

Reviewing for a test, sophomore Paul Karnes says, "I'm doing hard work in Mrs. Turner's English class."

Listening to the "Raven", junior Tom Griffith says, "English is great especially with Ms. Hemmati."

Working on an assignment, freshman Billy Dale says, "It's fun and we learn a lot of stuff."

Working diligently, senior Mark Hedgecoth says, "I love English a lot because it's fun."

Hola in Spanish, bonjour in French and just plain hello in English, language was essential if one planned to survive in an everchanging world. There were several classes to help students master these skills. These skills also helped students to express themselves. English was required every year. College bound students were required to have two years of a foreign language. Each class level from freshman to senior had a agenda, which included reading, writing, vocabulary, grammar, and literature. Lourdes Dunaway, Spanish teacher said, "Monolingualism can be cured."

Students also explored their interest in the French language. A few students found their foreign language useful even in their work place. Senior Whitney Hyder said, "Taking French in high school has allowed me to be able to communicate with customers that come into my workplace. It is truly useful." Some hope to use their foreign language skill to jump ahead after graduation. Sophomore Renee Sablich said, "Spanish gives me an advantage in my career, when I become part of the real world."

Figuring an answer, junior Jason Edmonds says, "Lab Science is very interesting, I've learned a lot of new things."

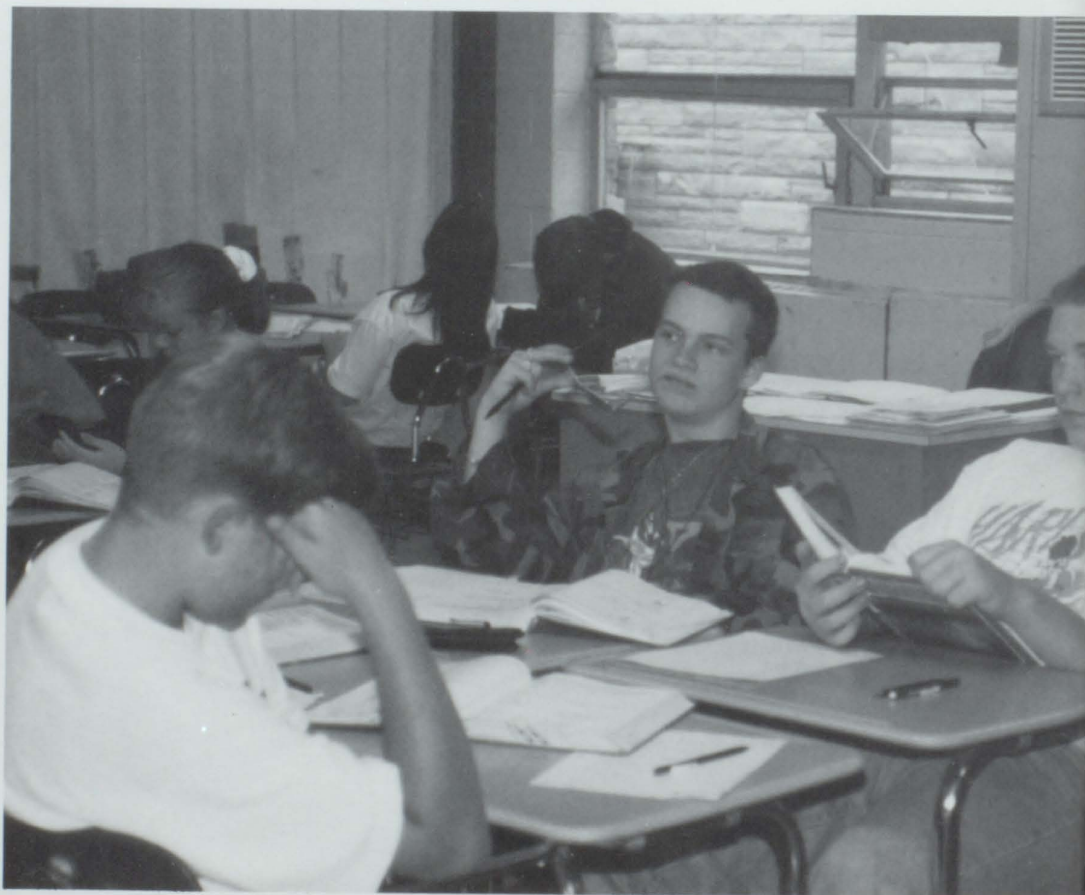

With glazed over eyes, sophomore Jeff Petro says, "Roses are red, violets are blue, why do we need Algebra II?"

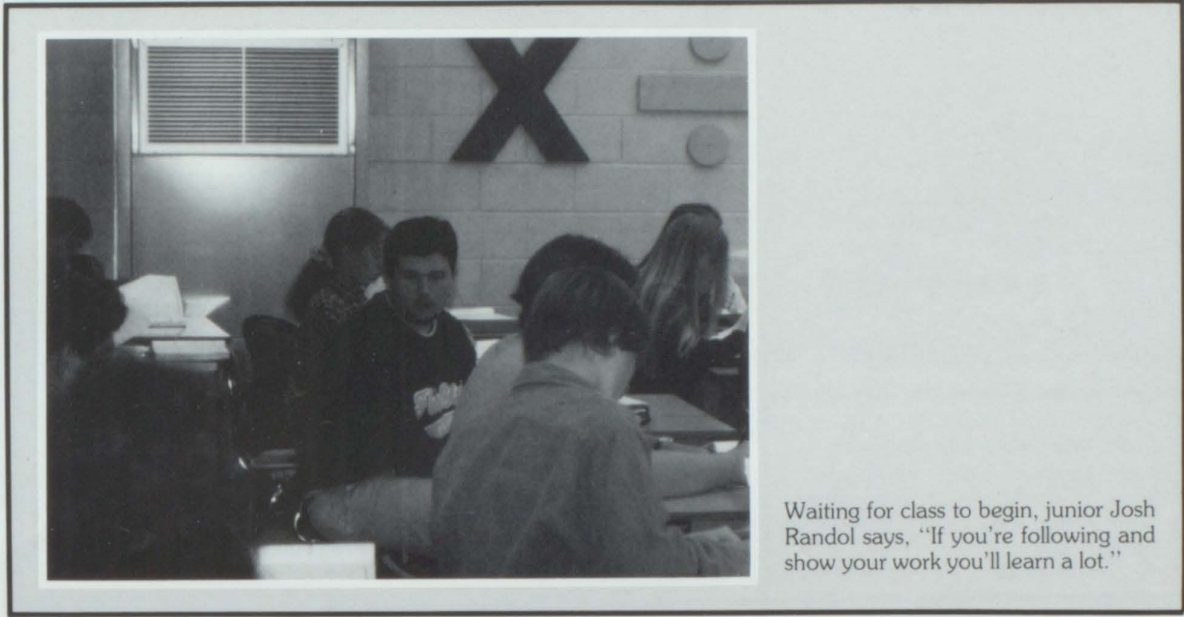

Math and science classes were very important parts of a high school education. The credits required in math and science vary for each class. The class of 1997 is required to have three units of math and two units of science, but the following two classes, 1998-1999 are required to take three units of each. These changes were due to the new block scheduling which allowed the lower classes to earn more credits.

Dual calculus was offered to allow students to earn both high school and college credits. There was also a regular calculus class for high school credit only. Senior Jamie Jo Garrison said, "To all future calculus students: Stock up on Tylenol!" Math for technology, algebra I, and algebra II were other available math courses.

The science department offered basic science, physical science, principles of technology, biology I, biology II, chemistry, ecology and physics. These included both lab and life sciences. Junior Michael England said, "In p.t. I learn about energy, work, and J.F.K."

Plotting The Flight Path

Waiting for class to begin, junior Josh Randol says, "If you're following and show your work you'll learn a lot."

Listening to his teacher's explanation, sophomore Tony Jolly says, "What's going on here?"

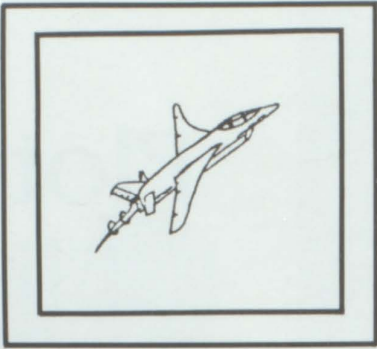

Writing down the chart info, sophomore Chad Finley says, "In science lab we study well and study hard."

Working in lab sophomore Sherri Gingerich says, "It was interesting to see how bubble bath was made with oranges."

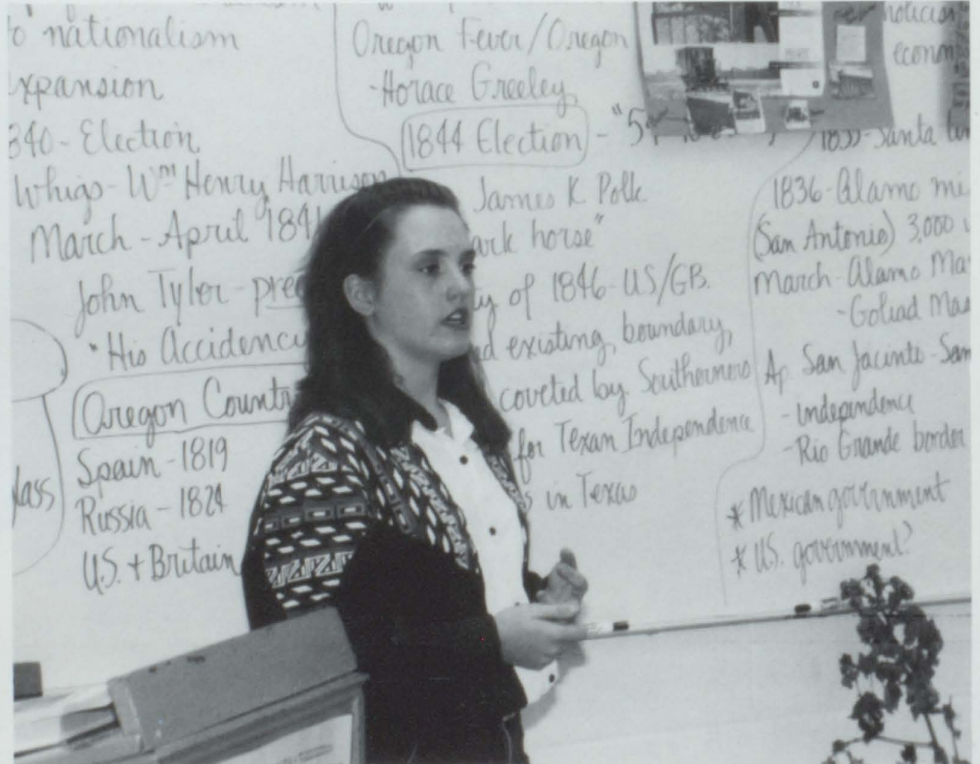

Reviewing The Flight Recorder Box

Looking for the right answer, sophomore Kenny Willis says, "I really love history class!"

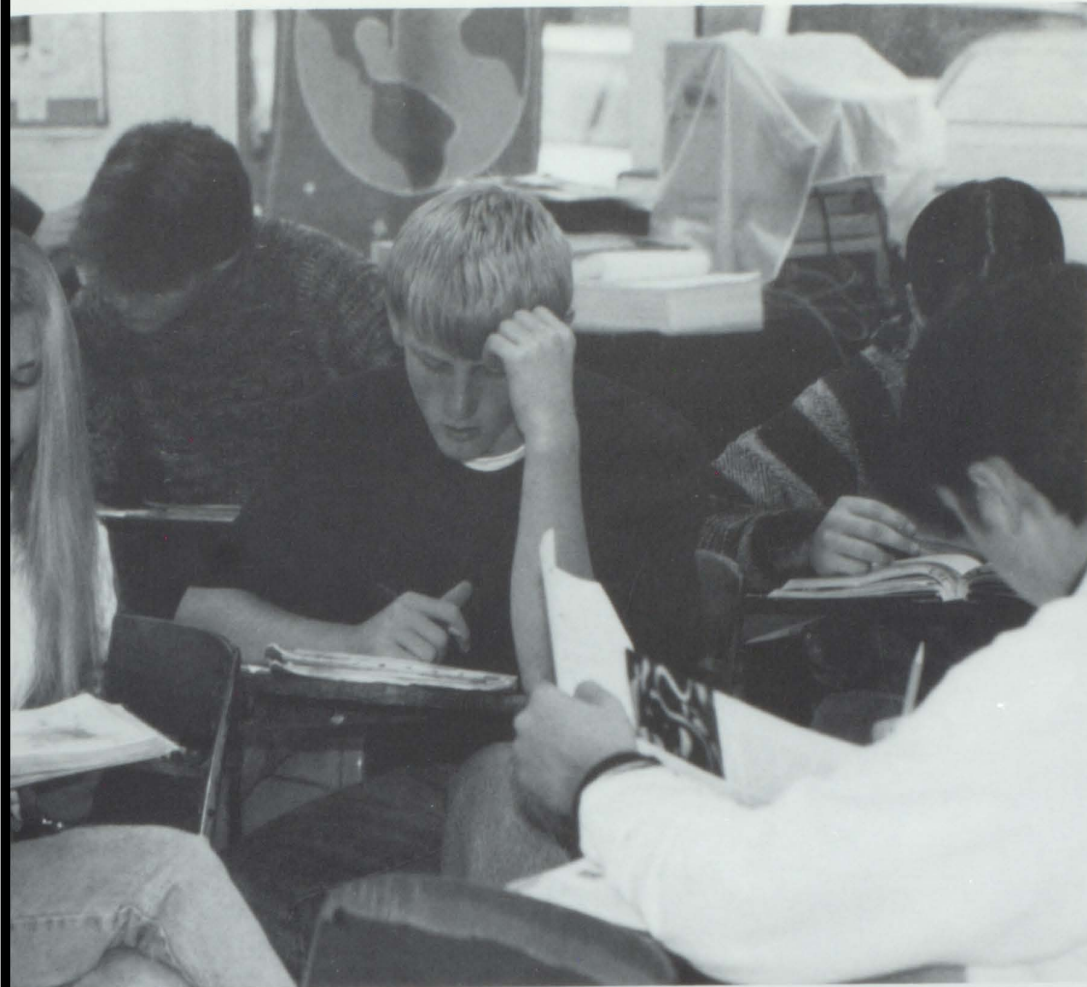

Taking a test, junior Johnette Webb says, "Mrs. Akins, you can make learning fun."

Teaching her classmates, senior Sally Givens says, "History was fun. Especially the student teacher."

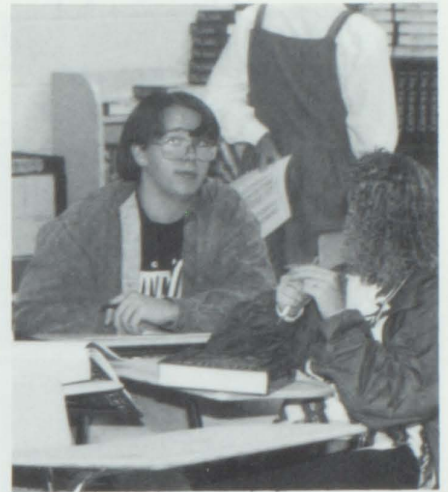

Paying attention, senior Brandy Kinstler says, "Mr. Davis is very exciting. He really makes my day more fun."

Studying hard, freshman B.W. Davis says, "It's great. I love the world and learning where everything is. Mr. Brock is great!"

Listening to a friend, junior Brin Bess says, "I think that my U.S. History class is very educational and very fun."

All students were required to take American History, government, and economics to graduate. American History teacher J.C. Davis made his classes exciting by sharing food, weapons, and uniforms of the past. Junior Melissa Randolph said, "Mr. Davis makes his class exciting and he dresses pretty neat." American History teacher Evelyn Hargis involved music in her lectures. Junior Melissa Dickenson said, "We learned of the Battle of New Orleans through a song — 'In 1814 we took a little trip, along with General Jackson down the mighty Mississippi!'"

Government classes were taught by Audrey Akins, Kathy Hassler, and Jeff Wallace. Seniors Holly Hodge and Jennifer Lake said, "In Mr. Wallace's class, independent study is the key. Just be sure to say 'Roll Tide' every morning to him to get on his good side!"

A half credit of economics could be substituted with a full credit of marketing. Senior Stephanie Cole, DECA treasurer, said, "At the DECA leadership conference we learned that to be a leader, one must take the bull by the horns and go with it."

Tearing down the old Martin sign, junior Jesse Phillips says, "It was challenging and educational."

Going over notes, senior Mandy Warren says, "This year has been the best because I know I'm getting out of here!"

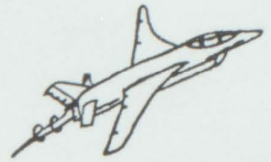

Electives, the bread and butter of high school, were the one set of classes that allowed students to customize their day. A wide selection of electives existed from the insanity of putting together a yearbook and newspaper in publications, assembling a small engine in small engine repair, caring and loving little sandbag babies in child development, delving into the secrets of the human heart, mind, and soul in psychology, and assembling a house in building trades. Sophomore Nikki Campbell said, "I like the elective class, driver's ed, because there is never any homework, and I get to drive."

In an elective course one could sample the waters of what lies beyond the plutonian shores of math, science, English, history, and governments. Freshman Marie O'Hara said, "Elective classes are great! There's hardly ever any homework, and you can actually enjoy it." Senior Channing Smith said, "I really enjoy elective classes. I believe it gives you the opportunity to pursue more of what you want to be in life and takes the pressure off you when you are in required classes."

Pleasant Flights

Forgetting to read the student handbook, junior Jesse Hughes says, "The honeymoon was unforgettable!"

Learning by hands-on, junior Carrie Resse says, "Carrying the bab, Goober Jo, was an experience I won't forget."

Showing guys the correct way, sophomore Julie Lewis says, "Take engine repair, but not second if your a girl."

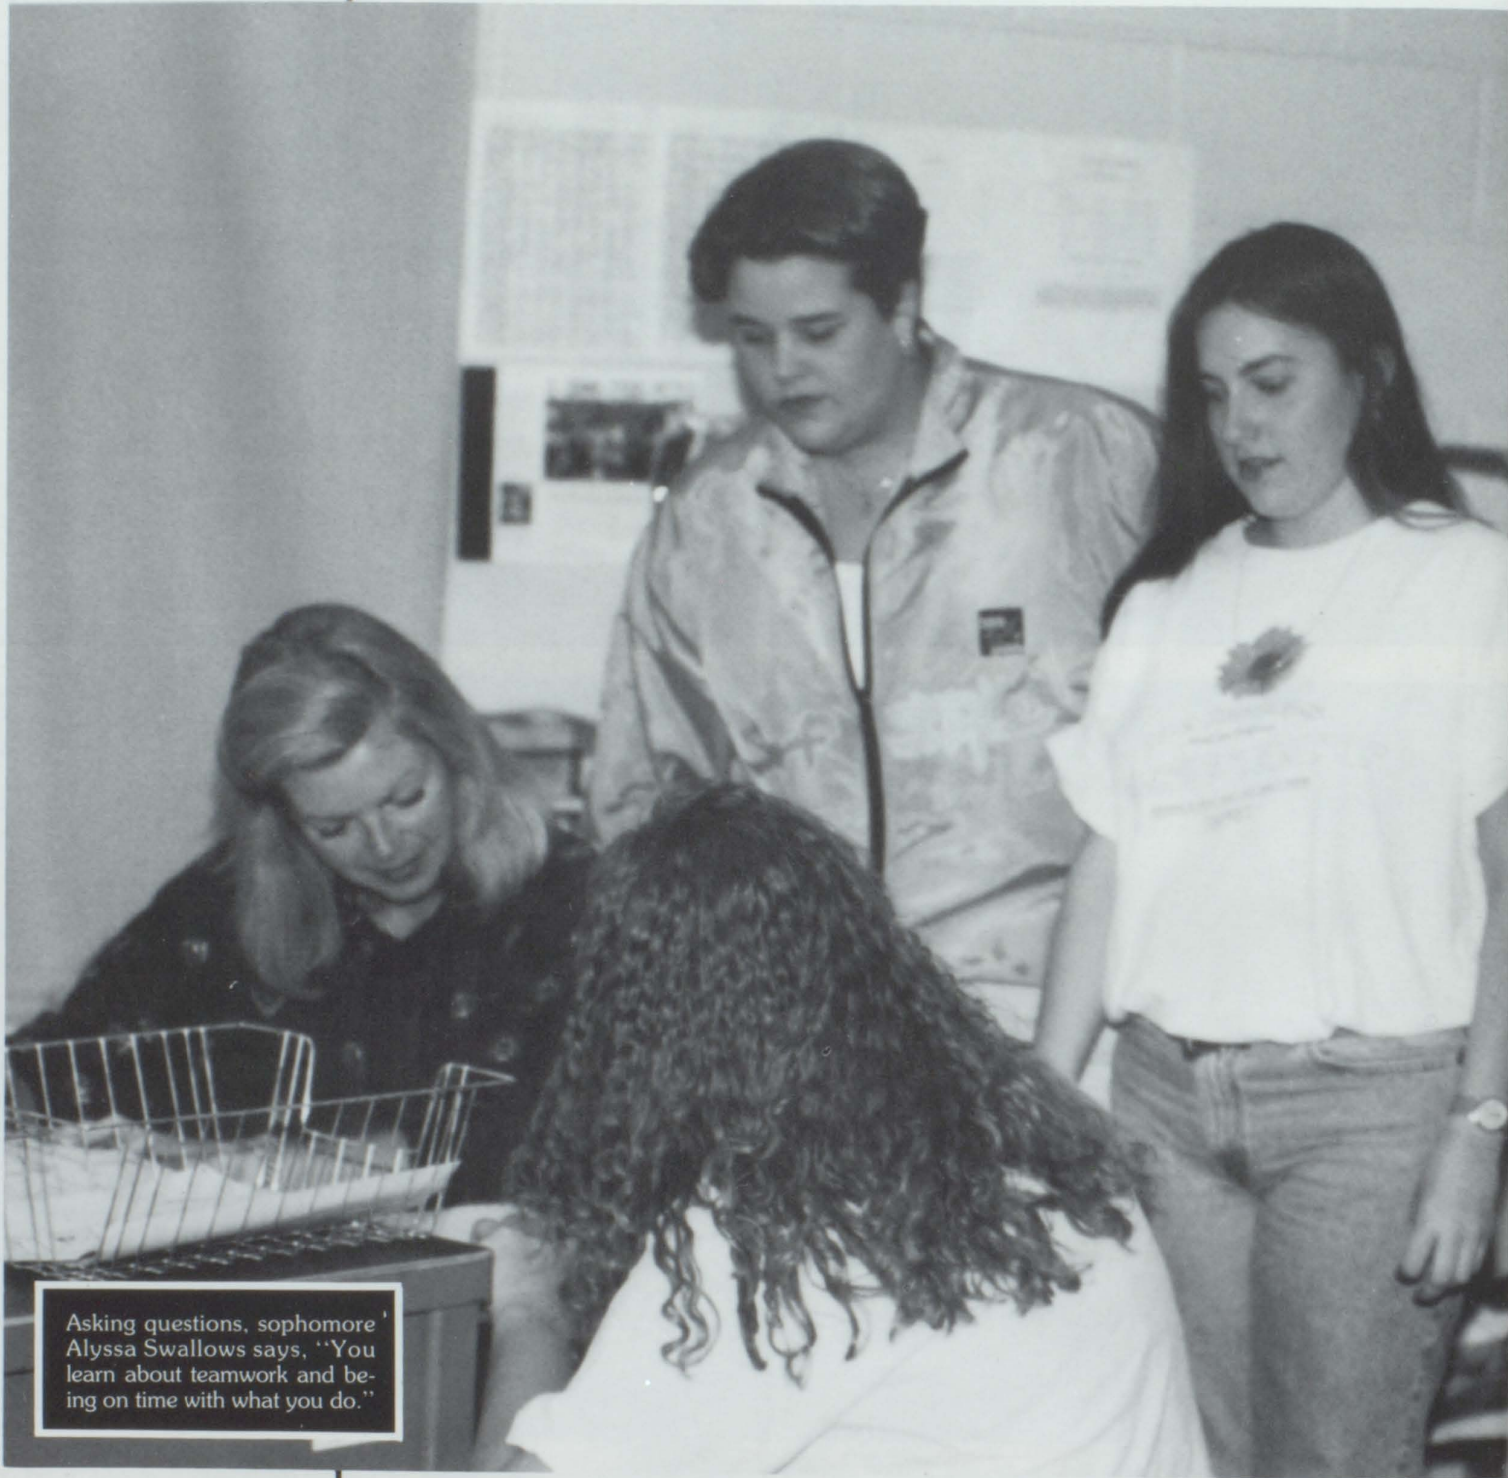

Showing off, senior Beth Durham says, "I had to drink a raw egg to prove that I could hang with the big guys."

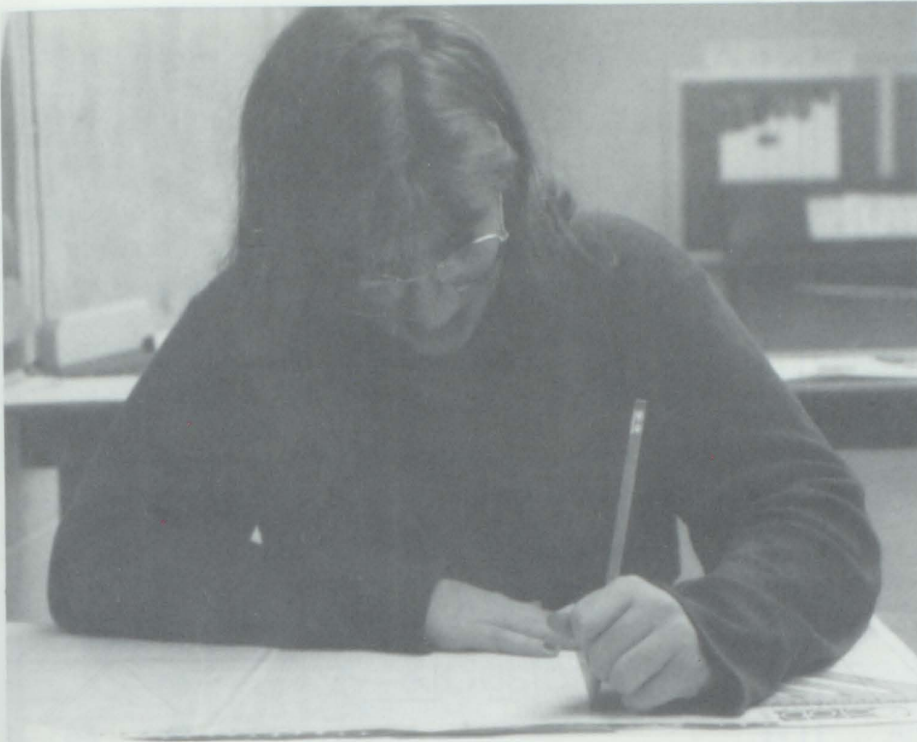

Thank You For Flying Jet Air

Asking questions, sophomore Alyssa Swallows says, "You learn about teamwork and being on time with what you do."

Working diligently, sophomore Renee Sablich says, "Drawing is cool, but it can be a drag 'cause I have homework."

Joining the crowd, junior Melissa Dickenson says, "This class is absolutely great. Selling ads is cool."

Discussing his next move, junior Joey Robbins says, "Pub has been a good experience and it's definitely been fun."

"Whit"

Eighteen years ago you came into our lives,
We've grown to sort of like you, bye and bye.
When you first came home all you did was scream,
And that was only just yesterday it seems.
You grew into your underoos before too long,
And "Gopher Fighting" was your favorite song.
You usually woke up sometime around noon,
And if anyone spoke to you - It was way too soon!
You were the best little conman in the whole wide world,
When in trouble you'd say - "But I'm just a little girl."
Now here you are eighteen years smarter?
And off to college where things get harder.
But when things get so bad it's not funny,
Remember... You can always depend on Mom and Dad's money.

Congratulations,
Nancy, Mom, Dad, Gramma Jeanette,
Gramma Florence, Sherry, and Nelson

Words From The Cockpit

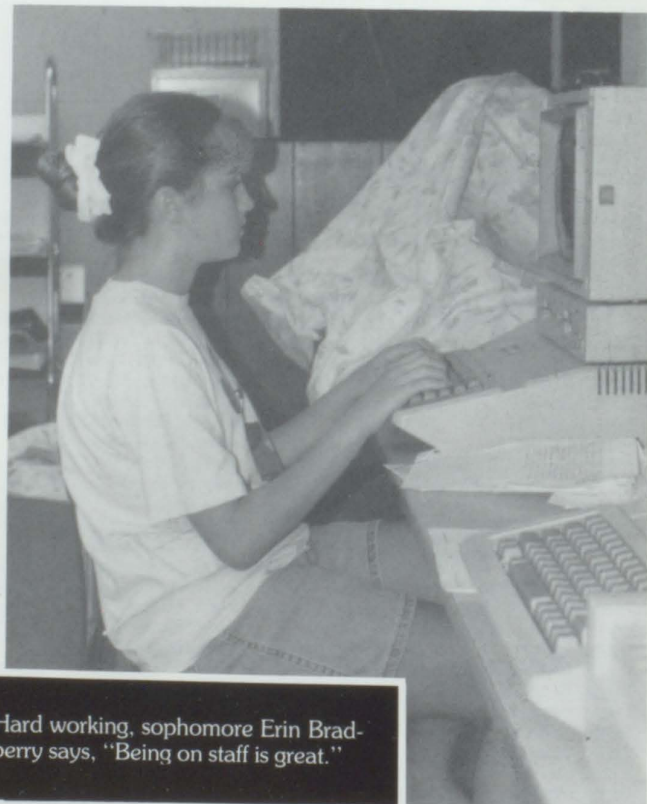

Incognito, junior Jon Young says, "Moulder works with wierdos, so do I."

Working, junior Breanna Phillips says, "Publications is my favorite class."

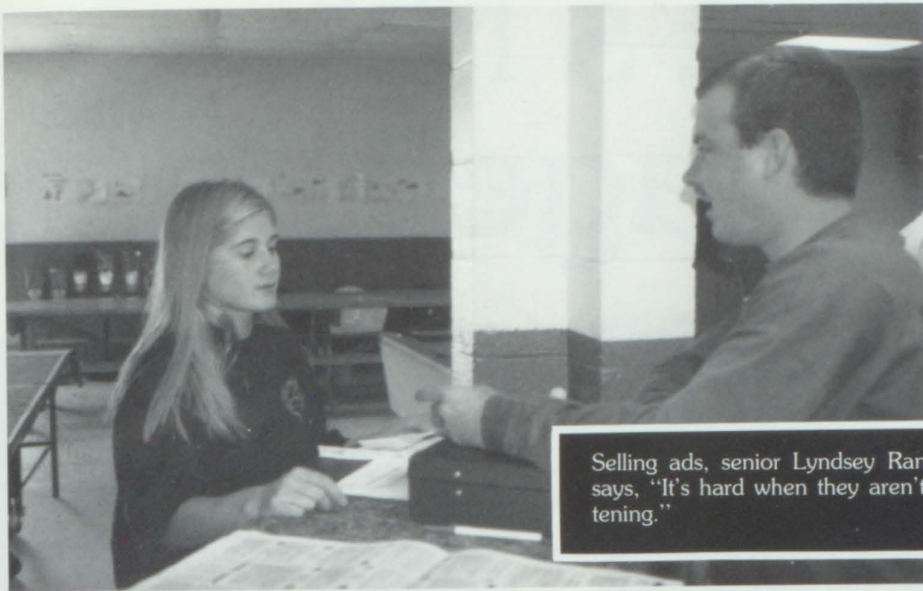

Confused, junior Carrie Burnett says, "I enjoyed Jostens and being in Pub."

Hard working, sophomore Erin Bradberry says, "Being on staff is great."

Paying attention, sophomore Angela Crabtree says, "Jostens was interesting."

Selling ads, senior Lyndsey Randall says, "It's hard when they aren't listening."

Selling ads, senior Kristy Honeycutt says, "Willa, Erin, and I can survive."

The publications staff ... the captain and crew of this exciting flight from memory to memory. Senior Carrie Criswell captains the flight while Advisor Diane Hemmati oversees from the tower. There were jobs for everyone ranging from reporters, photo developers, croppers, artists, layout workers, sales representatives, and more. "The work is hard, but we enjoy it," said junior Jon Young. Publications students often spent long hours after school working at a fevered pitch to outrun a deadline, sometimes late at night to piece together a book filled with pictures, stories, and memories. Senior Carrie Criswell said, "If the staff doesn't work together like a well oiled machine, we'll never make the deadlines."

The publications staff was made up mostly of students new to publications, but they were led by a few returning students that include Editor-in-Chief senior Carrie Criswell, advertisements editor senior Joleen Wickstrom, people editor senior Mandy Sexson, and Jet Contrail editor/assistant to the editors junior Jon Young.

Where's My Baggage?

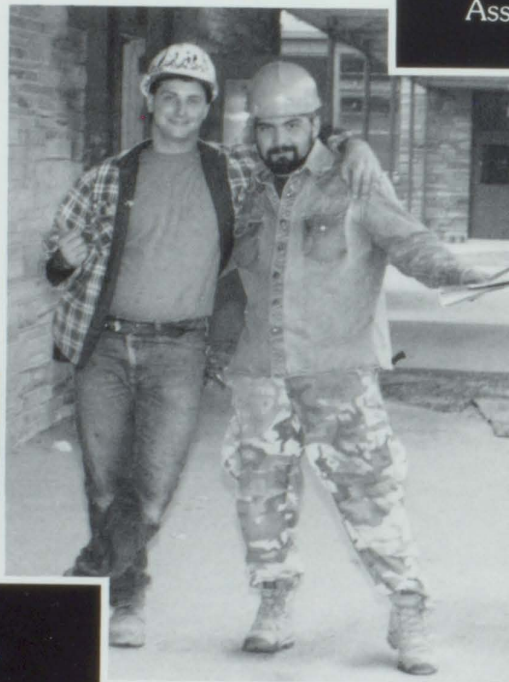

Let's try it this way.

Assessing the situation.

More than a mouthful.

Stand by your man.

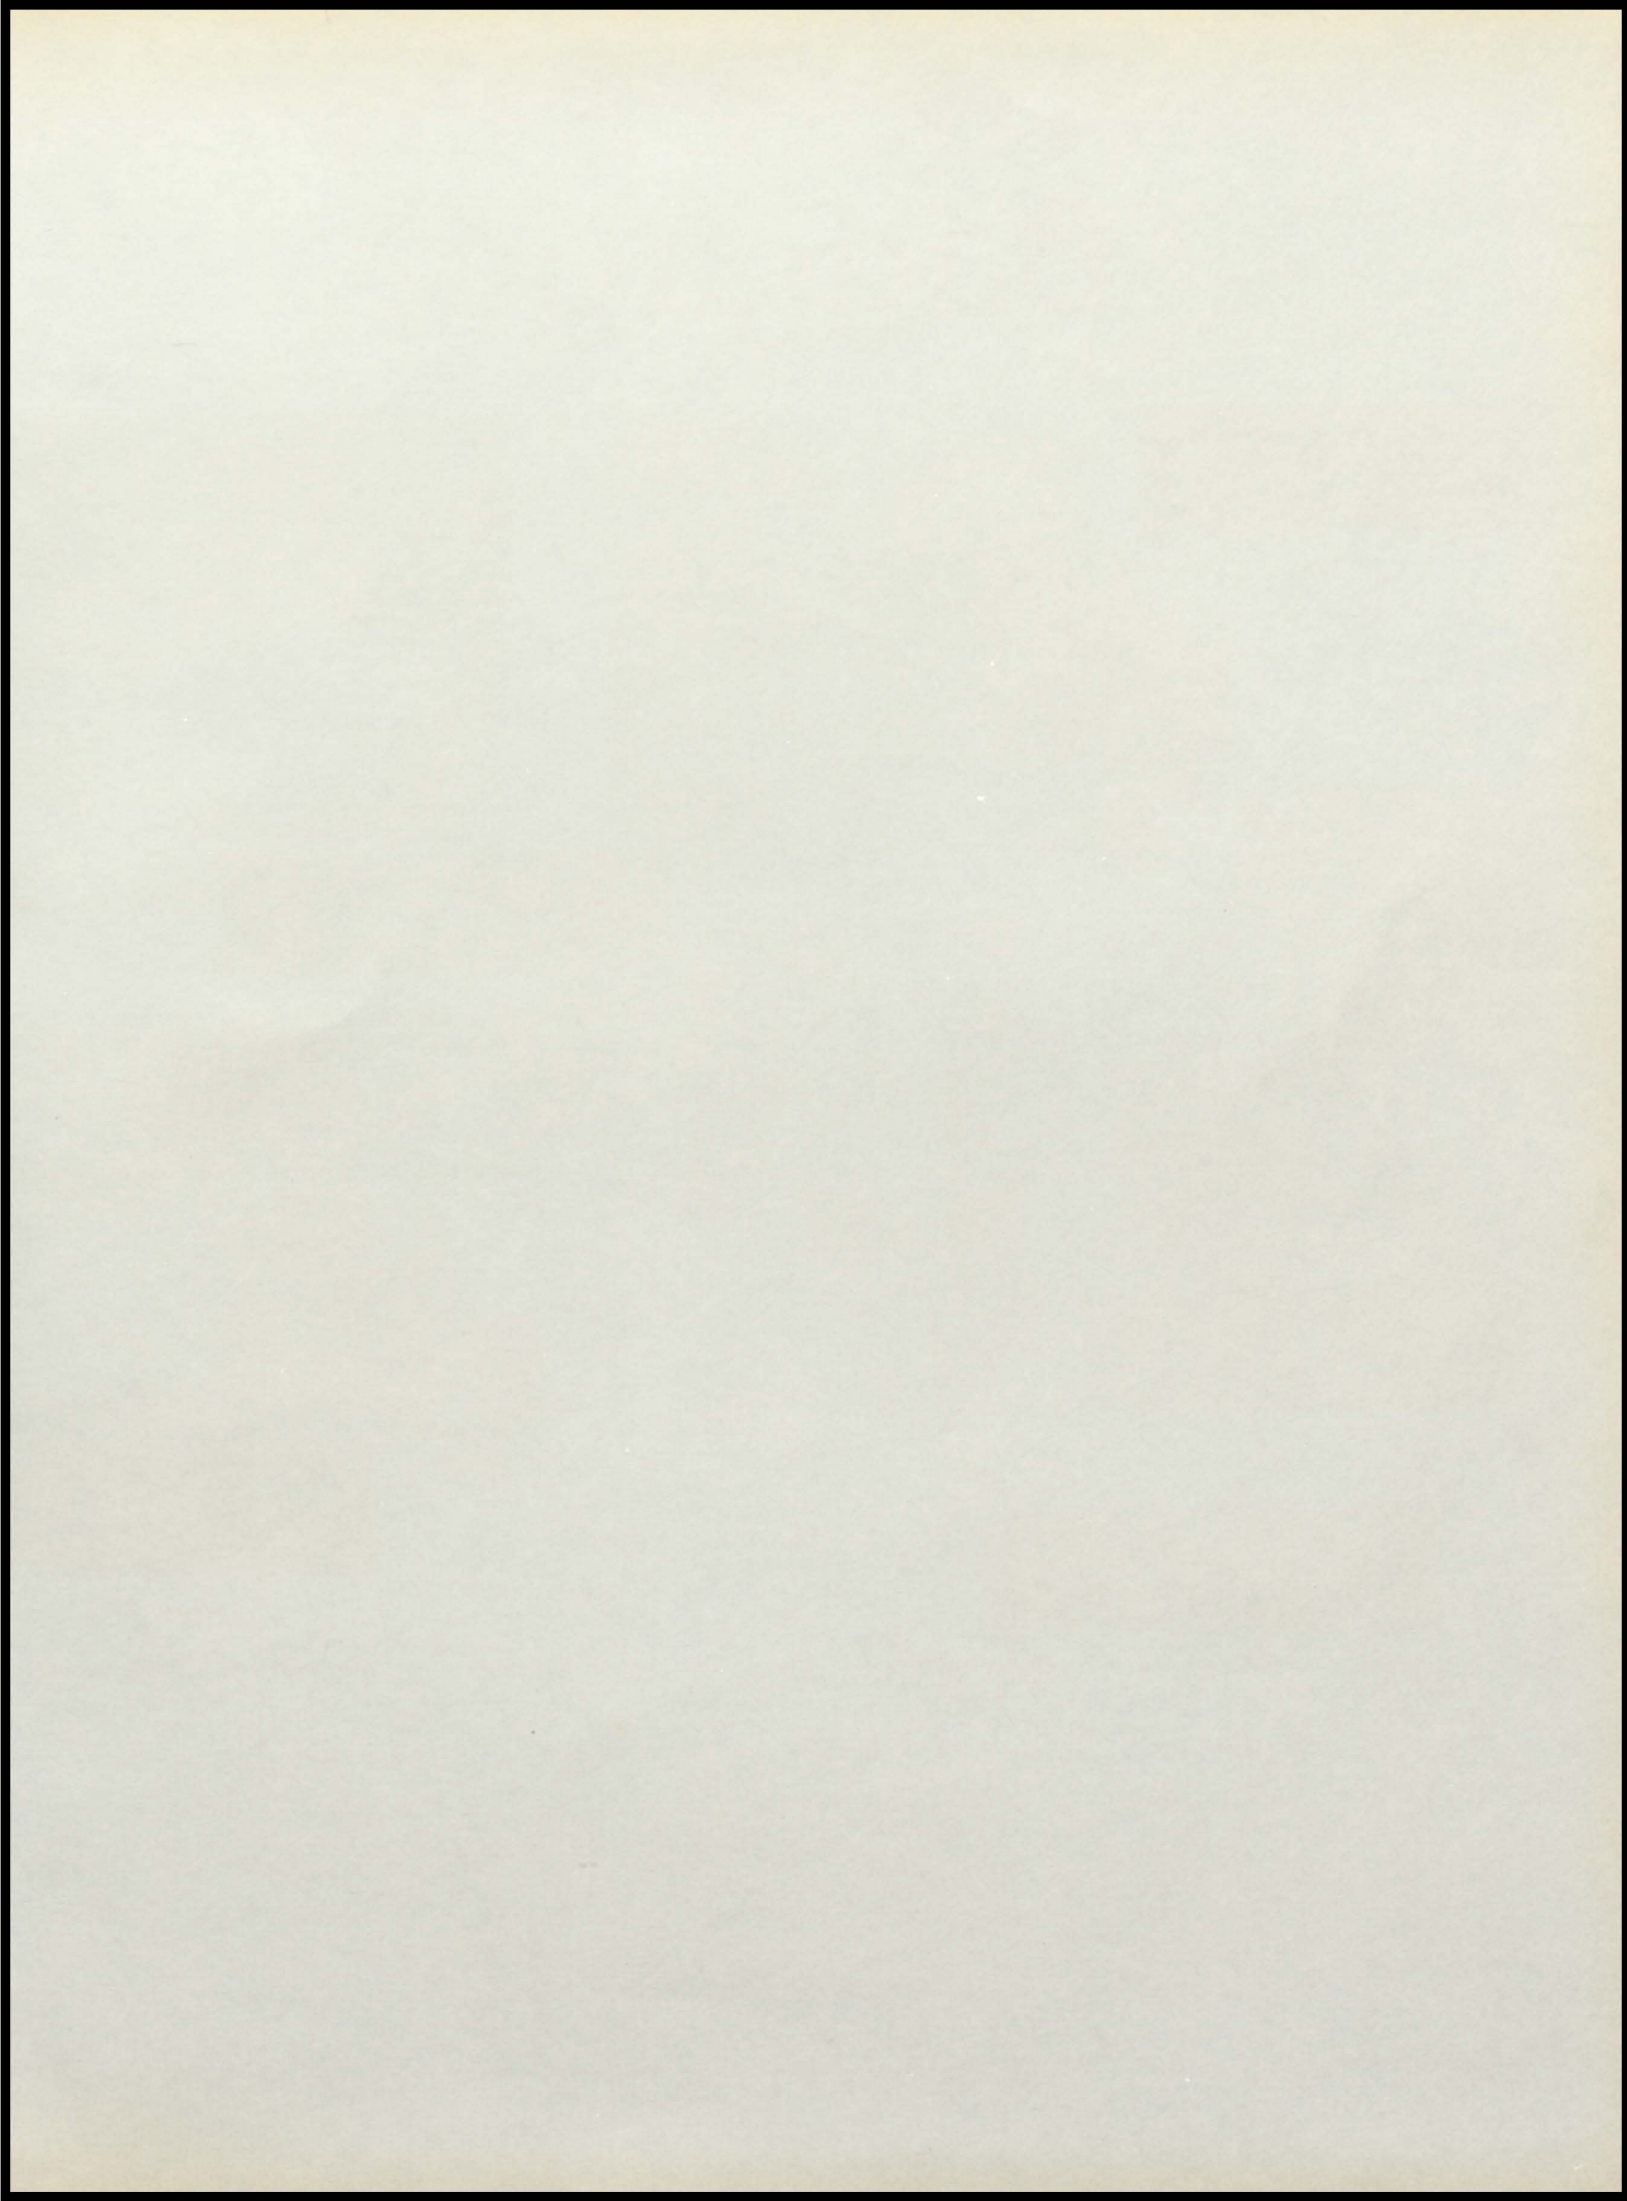

Hey, He's kinda cute.
