

8540—VENDING MACHINES

The School Board recognizes that vending machines can produce revenues which are useful to augment programs and services to students and staff. It will, therefore, authorize their use in District facilities providing that the following conditions are satisfied.

- A. ~~The installation, servicing, stocking, and maintenance of each machine is contracted for with a reputable supplier of vending machines and their products.~~
- B. ~~No food or beverages are to be sold or distributed which will compete with the District's food service program.~~

~~The Superintendent and the Fiscal Officer shall develop and implement administrative procedures which will require that these conditions are adhered to on a continuing basis.~~

~~In accordance with the nutritional standards adopted by the Board, the placement of vending machines in any classroom where students are provided instruction unless the classroom is also used to serve meals to students is prohibited.~~
