

Principal's Corner

A newsletter is a great way to keep the students, faculty, parents, and guardians abreast of what's happening in your school. It's an effective way of disseminating information and touching base with all the parties mentioned.

We Want your Feedback!

Title I Parent Involvement Survey

Our Site Based Council and staff have completed the Comprehensive Needs Assessment (CNA). This is a document that helps determine our strengths as well as areas to improve upon. This information is used to create our school goals. Please take a moment to complete a short survey, sharing your valuable input so we may continue to grow and offer our students the best possible learning environment. We appreciate your support and the opportunity to serve our students, parents and community!

Survey's close 3/11/22

PBIS Family Survey – School Climate and Culture

We have a team that has been training to revamp and implement our PBIS program. This is how we teach expectations of respect, responsibility and pride. We would love your feedback as we work through the planning stages! Survey closes 3/4/22

Nurses Nook

Hello everyone, my name is Ms. Kat and I am the new nurse. I started in January and I am very happy to be here. As you all know COVID is still here, so if anyone in your house or in close contact with the student who has tested positive, please keep your student home and call the nurse. My job is to keep ALL of the students safe and I need your help to do this! There are several testing sites that are free. Please continue social distancing and good handwashing. Masks are not mandatory but are recommended. Masks are available in the Health office.

Please remember that when your student turns 11, they are due for the Tdap and Meningococcal Immunizations. They are due by 2 weeks after they turn 11. If they can't be done by that time and you have made an appointment, please let me know your appointment date.

Clothing Donations: We need Pants/Shorts for boys and girls size 7/8 and 10/12. They may be new or gently used. All donations are greatly appreciated.

March is National Nutrition Month, this year's theme is: Celebrate a World of Flavors, by embracing global cultures, and cuisines. Lastly if you have any questions or concerns feel free to call the health office at 928-505-6042. Have a great month!

Counselor's Corner

The more we practice our Toolbox tools the better we will get at using them.

Here are the first four tools in our toolbox to practice at home and at school:

Breathing Tool = I calm myself and check in. Breathe in slow through your nose and then slowly blow the air out through your mouth. The breathing tool works in all kinds of situations and you can use it when you are feeling sad, angry, scared or nervous and can give us time to calm ourselves and keep us from saying or doing something that might make a situation worse. It helps you to be more in control.

Quiet Safe Place Tool = I remember my quiet safe place. Your quiet safe place lives inside of you and you can think of it anytime to help you relax and calm down and goes nicely with the breathing tool.

Listening Tool = I listen with my ears, eyes and heart. When your heart listens to what you hear with your ears and what you see with your eyes you can almost feel what someone might be going through. Show someone how important they are to you by listening to him or her with your ears, eyes and heart.

Empathy Tool = I care for others. I care for myself. The Empathy tool and the Listening tool work together. Listening with our heart helps us to treat others and ourselves with kindness and caring, that is to have Empathy.

P.A.W.S Reading Program Precious Animals with Students

This program gives students grades 1st-4th the opportunity to read to trained dogs, with parent consent.
