

SCHOOL DISTRICT INTERNET ACCESS/ACCEPTABLE INTERNET USE OFFSITE

Purpose:

The purpose of the Acceptable Procedures is to provide the procedures, rules, guidelines, and the code of conduct for the use of technology and the Internet for Lin-Wood Public School sites off premises.

Definition:

The definition of "information networks" is any configuration of hardware and software which connects users. The network includes all of the computer hardware, operating system software, application software, stored text and data files. This includes electronic mail, local databases, externally accessed databases, CD_ROM, recorded magnetic or optical media, clip art, digital images, digitized information, communications technologies, and new technologies as they become available. Stand-alone workstations are also governed by this acceptable use procedure.

The School District Services:

The Lincoln Woodstock School District provides resources for teaching and learning, communication services, and business data services by maintaining access to local, regional, national, and international sources of information. The Lincoln Woodstock Cooperative School District information resources will be used by members of the school community with respect for the public trust through which they have been provided, and in accordance with policy and regulations established by the School District. These procedures do not attempt to articulate all prescribed behavior by its users.

Successful operation of the network requires that all users conduct themselves in a responsible, decent, ethical, and polite manner while using the network. **The user is ultimately responsible for his/her actions in accessing network services.**

Guidelines/Safety Procedures:

1. Access to the networks and to the information technology environment within the District is a privilege and must be treated as such by all users of the network and its associated systems.
2. Information networks will be used for the purposes of research and education operations.
3. Any system which requires an access via account and passwords use such as Electronic Mail will only be accessed by the authorized users. Account owners are ultimately responsible for all activity under their accounts.
4. The resources of the District are limited. All users must exercise prudence in the shared use of this resource.
5. All communications and information accessible via any District network should be treated as private property.
6. To obtain an Internet account, all participants must have a signed School District Internet Access Release Form on file.

Unacceptable Use:

The District has the right to take disciplinary action, remove computer and networking privileges and/or take legal action, for any activity characterized as unethical and unacceptable. Unacceptable use activities constitute, but are not limited to, any activity through which any user:

1. Violates such matters as institutional or third party copyright, license agreements or other contracts. The unauthorized use of and/or copying of software are illegal.
2. Interferes with or disrupts other network users, services or equipment. Disruptions include but are not limited to: distribution of unsolicited advertising, propagation of computer worms or viruses, distributing quantities of

information that overwhelm the system, and/or using a District network to make unauthorized entry into any other resources accessible via the network.

3. Seeks to gain or gains unauthorized access to information resources.
4. Uses or knowingly allows another to use any computer or computer system to devise or execute a scheme to defraud or to obtain money, property, services, or other things of value by false pretenses, promises, or representations.
5. Destroys, alters, dismantles or otherwise interferes with the integrity of computer based information and/or information resources
6. Invades the privacy of individuals or entities.
7. Uses the network for commercial or political activity.
8. Installs unauthorized software for use on District computers.
9. Uses a network to access inappropriate materials.
10. Submits, publishes or displays any defamatory, inaccurate, racially offensive, abusive, obscene, profane, sexually oriented, or threatening materials or messages either publicly or privately.
11. Uses a District network for illegal harassing, vandalizing, inappropriate or obscene purposes, or in support of such activities.

District Rights:

1. The District reserves the right to:
2. Monitor all activity.
3. Make determinations on whether specific uses of a network are consistent with these acceptable use procedures.
4. Log network use and monitor storage disk space utilization by users.
5. Determine what appropriate use is.
6. Remove a user's access to the network at any time it is determined that the user engaged in unauthorized activity or violated these acceptable use procedures.
7. Cooperate fully with any investigation concerning or relating to the District's network activity.
8. Utilize technology that blocks or filters Internet access for both minors and adults to certain visual depictions that are obscene, involve child pornography, or are otherwise harmful to minors.

School District Internet Code of Conduct:

Use of the Internet by students and staff of the District shall be in support of education and research that is consistent with the mission of the District. Internet use is limited to those persons who have been issued District-approved accounts. Use will be in accordance with the District's Acceptable Use Procedures and this Code of Conduct.

1. Protect your Internet log information from others.
2. Respect the privacy of other users. Do not use other users' passwords.
3. Be ethical and courteous. Do not send hate, harassing or obscene mail, discriminatory remarks, or demonstrate other antisocial behaviors.
4. Maintain the integrity of files and data. Do not modify or copy files/data of other users without their consent.
5. Treat information created by others as the private property of the creator. Respect copyrights.
6. Use any network in a way that does not disrupt its use by others.
7. Do not destroy, modify, or abuse the hardware or software in any way.
8. Do not develop or pass on programs that harass other users or infiltrate a computer or computing system and/or damage the software components of a computer or computing system, such as viruses, worms, "chain" messages, etc.
9. Do not use the Internet to access or process pornographic or otherwise inappropriate material.
10. Do not use the Internet for commercial purposes.

The District reserves the right to remove a user's account if it is determined that the user is engaged in unauthorized activity or is violating this code of conduct.

School District Internet Access Release Form:

As a condition of my right to use the School District network resources, including access to the Internet, I understand and agree to the following:

1. To abide by the District Acceptable Use Procedures and Code of Conduct.
2. That District administrators have the right to review any material stored on District computers in files and to edit or remove any material which they, in their sole discretion, believe may be unlawful, obscene, abusive, or otherwise objectionable and I hereby waive any right of provoke which I may otherwise have to such material.
3. That the School District will not be liable for any direct or indirect, incidental or consequential damages due to information gained and/or obtained via use of the District's network resources.
4. That the School District does not warrant that the functions of any District network, or any network accessible through District resources, will meet any specific requirements you may have, or that the network resources will be error-free or uninterrupted.
5. That the School District shall not be liable for any direct or indirect, incidental or consequential damages (including lost data or information) sustained or incurred in connection with the use, operation, or inability to use District networks and resources.
