CLOSING

This is a year to be remembered — and not just for the seniors. The entire student body, and the faculty and staff shared triumphs and failures, joy and sadness, anticipation and disappointment, and shouldered all with the hope of an even better tomorrow.

Smiling faces and down-trodden hearts are intermingled among the students and serve to bring together everyone into a solid community of brotherhood that is held together by trust and understanding.

Though we have been dragged through many difficult trials and tribulations, it has served to strengthen, not defeat us. Now, we know there is a brighter tomorrow, but throughout this year we have managed to share something wonderful, something that we, all together, brought about — A YEAR AT THE TOP.
