FINANCIAL REPORT FOR THE YEAR ENDING JULY 10, 1905.

READ THIS.—If the following report is correct, the totals of receipts and expenditures will balance. Care should be taken to enter each amount under its proper heading, and to enter no amount twice. If money other than the funds of the district is advanced by any one in paying teacher or for other expenses, it should be included in the item "Received from Loans." It is really money borrowed, and should also be included in the "Indebtedness" (item 15 above). Do not foot up the columns alike unless they actually add up alike.

READ THIS.—Insert nothing here that has not come into the assessor's hands; give exact amount of each fund separately and put nothing under any head save what the head indicates. Money from funds over-drawn or advanced by any person, or loaned, should be under the head "from loans." Money remaining in the hands of the township treasurer has not been "received" by the district and no account should be here taken of it; include that in "Amount due the district" (item 17 above).		READ THIS.—The amount "paid teachers" should here show what has been actually paid during the year, including all that was paid on balance due for previous year, and not what may still be due. The latter will appear in the "Indebtedness" (item 15 above) and the total wages of the year is shown in item 20 above. Include nothing in any item save what has actually been paid out, except in item 8.
