**1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).**

Our Community School values Arts and Music in Education. Through the additional funding we were able to provide both music and art opportunities to students. In 2022-2023, students in grades TK-6th had music with Bebu music. This program provided students access to a variety of instruments, singing, and performing at student-led assemblies. In the fall of 2023-2024, students in grades TK-6 had music instruction where students were taught music theory, singing and performing. In the late fall of 2023-2024, we hired a credentialed art teacher that was part time. This teacher provided art instruction to students in grades TK-6 until the middle of January. Then in January at the start of our second semester we introduced a Middle School Art Elective for students in grades 7-8 and our art teacher provided art instruction to students in grades 3-6. At the end of January, Bebu music returned and provided music education to students in grades TK-2 and a music elective for students in grades 7 and 8. We also offered a performing arts elective for students in grades 7 and 8. Both middle school electives provided a student led assembly where the students gave a performance for the other students and parents.
