Name of Enumeration -
1. Enumeration shall be made in 1917 across the taking of the school census.
2. Enumeration shall not include in the census the names of any child or children in institutions or prisons, nor the names of any child or children in any hospital, or other charitable institution, except as follows:
(a) Children in such institutions who regularly attend the public schools.
(b) Children in such institutions as long as such children are in such institutions in hospital, except children in such institutions who are in any way connected with the school.
(c) Children in such institutions as long as such children are in such institutions in hospital, except children in such institutions who are in any way connected with the school.
3. Children in such institutions shall be included in the district or ward in which they are in the custody of their parent or legal guardian. Indian children shall not be included in any census unless they attend the school of this State in that of the parent.
4. Children in such institutions shall be included in the census, except as provided in the foregoing, if they are in the custody of their parent or legal guardian.
5. Public schools or their parents are liable to issue in city or county.
6. The ages of children must be given as 1872 are on June 1, 1917. If a child resides from the district during the twenty days preceding June 1, he must be included in the district in which he is resident June 1, 1917. Failure to take a house to house canvass invalidates the census, and the district liable to lose its primary money for the year. If possible arrange names in alphabetical order.
